HOUSE OF MOTHER'S AGENDA

Once humanity understands this simple fact, once it gives up its age-old habit of cloistering the Spirit in heaven and believing in death, believing in its laws and its smallness, then we will be saved and ready for a divine life. This is what Sri Aurobindo came to show us above all else: there is no need to fly off to heaven to find the Spirit, we are free, we are stronger than all the "laws," because God is within us. All we need to do is believe this, for faith hastens the world's fairy tale. *That was the thing that saved me all through, I mean a perfect balance. First of all I believed that nothing was impossible and at the same time I could question everything. One day, as he was again being urged to resume his political struggle, Sri Aurobindo promptly replied that what was needed was not a revolt against the British Government, which anyone could easily manage... [but] a revolt against the whole universal Nature.*

The few disciples – there were about fifteen of them – all remember that very special, highly concentrated atmosphere prevailing during this first phase. They had dazzling experiences almost at will; divine manifestations were common, and the natural laws seemed to begin to yield. The veil between the physical world and the other planes of consciousness was growing thinner, and the beings we call gods, or the forces of the overmind, were able to manifest, bend the laws, and produce so-called miracles. Had this trend continued, Sri Aurobindo and the Mother would have been well on their way to founding a new religion, and Pondicherry to becoming one of the "holy places" where spiritual fragrances mask the more common odors. But one day, as the Mother was describing one of the latest extraordinary occurrences to Sri Aurobindo, he remarked humorously: *Yes, it is very interesting, you will work miracles that will make us famous the world over; you will be able to turn earthly events topsy-turvy; indeed (Sri Aurobindo smiled), it will be a grand success. Then he added: But this is an overmental creation, not the highest truth. It is not the success we want; we want to establish the supermind on earth, create a new world. Half an hour later, narrates the Mother, everything had stopped. I did not say anything to anyone, not a word, but in half an hour I had torn down everything, severed the connection between the gods and the disciples, demolished everything. For I knew that as long as this was going on, it was so alluring (one saw astounding things all the time) that we would have been tempted to continue.... I tore down everything. From then on, we started over on a different footing.*

That was the end of the first phase. Sri Aurobindo and Mother had verified the power of consciousness, and they had found that "miracles with a method," or interventions of higher powers of consciousness, merely sugar the pill without changing the essence of things. These particular "miracles" are useless from the standpoint of transforming the world. *The real thing*, as the Mother would say, is not to change Matter from the outside through fleeting "supernatural" interventions, but to change it from within, lastingly – to establish a new physical order. History is full of "holy places," and they have all failed us. We have lived long enough under the auspices of the gods and religions. *I have no intention of giving my sanction to a new edition of the old fiasco*, wrote Sri Aurobindo, *a partial and transient spiritual opening within with no true and radical change in the law of the external nature*. Levitation, the conquest of sleep, hunger and even illness barely touch the surface of the problem. These are negative efforts directed against a prevalent order, which still implies a recognition (in negative terms) of the old laws, while it is the order itself that must change. All such "miracles" are but the reverse side of our impotence. What we need is not a better world, but a new world, not a "highly concentrated" atmosphere, but a "lowly" concentrated one, as it were. Everything here below must become holy. Suddenly, on November 24, 1926, Sri Aurobindo announced that he was retiring into complete solitude. Thus would the ashram become founded officially under the Mother's direction. There was no need to tell the disciples that the yoga would henceforth take place "in the subconscious and the inconscient": They all tumbled down from their marvelous experiences... soon to confront far harsher realities. Now began the second phase of the work of transformation.

NOTE FROM THE EDITORS

Dear Community,

We thank everyone for embracing the new RA N&N and sending in your submissions.

We have been facing various issues with the FO N&N (*delaying their publications; locking PDFs; repeated or obsolete content; content published without author's consent; unclear sourcing of content; etc...*). Consequently, we have decided that from 20th July onwards, we will only publish content sent directly to us at newsandnotes@auroville.services.

Important:

From 20th July onwards, the only content that we will continue publishing from the FO N&N are announcements from the FO and their working groups, in order to honour our commitment to have all voices heard. FO Working Groups are of course invited to send their content directly to the RA N&N for publishing, if they wish for their links to be functional and if they would like to avoid any delays in publishing. All events, workshops, and other content not sent to us directly, will no longer be added to the RA N&N, for the above stated reasons.

Reminder:

Please do NOT write to us from an @auroville.org.in mail ID, your submissions will not reach us. If you only have an auroville.org.in mail ID, please use this [form](#) to send us your content.

Support the RA N&N:

As the News and Notes budget is still being disbursed only to the FO N&N, printing and distribution costs are currently being covered by private donations. If you wish to contribute to the RA Edition of the N&N, you can do so by donating to: "NEWSLETTER COLLECTION" FS #252150.

We look forward to continuing to serve the over 3000 readers who receive the RA Edition as well as serving the Auroville community as a whole by providing a platform for all perspectives to be shared with respect.

REPORTS AND LETTERS FROM TDC

Dear Community,

Please find below some of the reports and letters that we have sent out over the last months, mostly regarding various non-compliance and violations of the NGT judgement by different parties.

The letters and reports are mostly addressed to the Joint Committee, the CPWD and the Auroville Foundation Office, with copies to the Central and Tamil Nadu Ministries of Environment and Climate Change.

With regard to internal projects, we have also written multiple letters to the various Aurovilians and others (e.g. Michael Bonke) that are going against our agreed-upon community processes and RAD decisions, reminding them about the NGT judgement of April 2022.

Additionally, legal notices were forwarded to Auroville services and groups, such as Water Service, Electrical Service, Road Service, Matrimandir, Land Board, and ATDC.

As a perspective, since starting this team (a little more than a year ago), we have sent and received over 1,300 emails.

FROM THE RA BCC

OBSERVATIONS ON RECENT BUDGET CUTS

The RA BCC has been made aware of a 100% budget cut to the Forest Group (all Maintenances and salaries) and a budget cut of over 75% to the Farm Group (all Maintenances previously allocated – whether half or full – have been reduced to a care package, which is the equivalent of a quarter Maintenance). These cuts were communicated to only a few members of either group, in [emails](#) signed by only two members of the FO FAMC, and implemented immediately. Maintenance support to children has been cut alongside that of their parents in the case of Forest Group, although this was not mentioned in the FO FAMC's communication.

In light of these significant budgetary cuts, we would like to remind the community that the RA BCC held a community budgeting process in early 2022, to get inputs on budgetary priorities. We wish to highlight that Farms/Food and Social Support (Maintenances) were amongst the highest budgetary priority areas, to receive more financial support from the City Services budget if needed/possible. Forest was considered to be in the mid-low priority range for increased funding. At the time, Forest was receiving 5.8% of the City Services Budget, and Farms were receiving 3% (CS Report FY 2020-2021). The full report of the outcomes of the community budgeting process is available [here](#).

So far, a total of 121 adult Aurovilians have seen their Maintenance support cut by the FO FAMC and BCC, amounting to 13.6% of the Aurovilians supported by a City Services Maintenance just before the RA FAMC and RA BCC were replaced by these groups (888 in total, CS Report FY 2021-2022). This is the first occasion at which Childrens' Maintenances have been cut as well – despite the fact that the RA FAMC and RA BCC had amended the Childrens' Maintenance guidelines in October 2021, making all children eligible for this support regardless of the Maintenance status of their parents. To our knowledge, no Bridging Maintenances or gratuity settlements have been made available to the Aurovilians and employees impacted, as would have been standard procedure. Gratuity for employees of budgeted services was previously routinely paid for from the City Services Budget, which included a Gratuity budget head and a dedicated FS account to hold these funds.

We believe that the community needs to be informed of these critical developments, which have not been publicly communicated by those deciding and implementing them.

In service,

Your RA BCC Members (Aurosugan, Danny, Enrica, Hans, Mahi, Sacha, Suryamayi, Verena)

COMMUNITY SHARING

FOREST GROUP UPDATE REPORT 3RD JULY 2023

The FG would like to inform the community that they are very disappointed and distressed at community members Chandresh and Torkil, and the GB FAMC for supporting them in their recent communication and action. After withholding the Forest Budget, which supports 60 employees from our neighbouring communities, this communication states that their budget has been suspended. It also states that over 40 Aurovilian personal maintenances (some full/some part-time) will also be stopped at short notice. It should be noted that some of these Aurovilians have dedicated their whole working life to protecting and developing land for Auroville.

For transparency, please read carefully the mail they sent to a few members of the FG and the FG's reply.

We are really hoping for community support to ensure this callous action is reversed.

Faithfully the Forest Group

FG reply to email received by a few foresters:

Dear Torkil and Chandresh, and other members of the GB elected FAMC,

It is with great concern that we write this mail to you. Since mid last week (Wednesday, June 21, 2023) a few members of the Forest Group have received the mail copied below. This mail has not been received by all members on the Auroville Forest Group via mail Id (forestgroup@auroville.org.in).

However, the ramifications of the shocking content of this mail, along with those not receiving it and not being aware that their subsistence will be cut within a week, are very alarming.

The threat of cutting personal maintenances of 50 Aurovilians and 60 salaries of employees at such short notice will put 110 people under duress and could have extreme psychological effects.

The threat of cutting of our Forest Care budget, which solely goes to paying salaried employees wages, puts dedicated residents of our neighbouring villages, who are mostly living on the breadline, under extreme pressure to feed their families.

One wonders how two people with no financial worries could put so many people in this situation.

Also, the sudden cutting of salaries of employees may also have legal consequences, as the mail does not detail the timeline of the FAMC for forwarding the 60 employees entrenchment compensation and for 49 out of the 60 who have been employed more than 5 years, their gratuity package, all this according to the 1947 Indian labour laws.

It is also deeply concerning and surprising to read in your mail the following statement: "FAMC over the last year has tried numerous times to get into a dialogue with the green workers, but with little or no result, often not even willing to meet. The old Forest Group does not seem to have any willingness to change and be part of a fast developing Auroville according to its purpose.", as we attended a fruitful meeting with Madam Secretary and the FAMC on the 27th February at the Auditorium Bharat Nivas. A meeting in which you, Chandresh and Torkil, did not attend yourselves.

This meeting has been video recorded and starts with a powerpoint presentation called "FAMC meets the Farmers & Green buffer & Park Zone " presented by Geeta and the Madam Secretary. Approximately 80% of Forest Group members attended this meeting, a lot of information was exchanged and the movement of our present accounting to a more CAG oriented system was agreed upon and instigated.

As you have been supplied with all our accounts up to date (including full accounts FY 2022-2023 plus May 2023), you must be aware of how the forests are financed and understand the ramification of what you are proposing in your mail.

We therefore request a meeting with you ASAP, to reassure us that you will:

- Make payment of our overdue monthly City Services Forest Care budget for June 2023, so that salaries to 60 employees of Auroville can be paid.
- Make timely payment of the City Services Forest Care budget for July salaries for our 60 employees.
- Ensure that the maintenances of Aurovilians, full time or half time involved in Forest Care, are transferred to our personal Financial Service accounts at the latest on Monday, July 3, 2023, so that your Aurovilian sisters and brothers are able to provide their families with basic needs.

Looking forward to hearing from you soon.
The Auroville Forest Group

Mail received by a few foresters on Wednesday, June 21, 2023:

Dear Aurovilians,

The management of Auroville's green areas has deep historical roots, with reasons for structure and functions that might have been valid in earlier times. It has over the years become disconnected from Auroville as a City and the Master plan, and some work and management have been contrary and on a collision course with these plans and Auroville's larger purpose.

FAMC over the last year has tried numerous times to get into a dialogue with the green workers, but with little or no result, often not even willing to meet. The old Forest Group does not seem to have any willingness to change and be part of a fast developing Auroville according to its purpose.

A new Green Service has been established, but no dialogue seems possible. To get out of this impasse FAMC see no other option than to stop transfer of maintenance as well as recurrent budget from City Services from June 2023. We hope that you will come forward to collaborate with Green Service and FAMC in establishing a united green service where small individually managed steward-shipped areas are abolished, giving way for a more efficient collective management for all green areas in Auroville. We understand that this is a difficult transition. It had been overdue due for many years, which makes it even harder now. But we see it as a necessary step.

We understand that this transition can be difficult for some individuals. In case of individual financial problems you can approach City Services for temporary support.

In Her Service,

Auroville will boldly spring towards future realisations,
Chandresh and Torkil for FAMC

**URGENT WARNING:
CANINE DISTEMPER OUTBREAK**

We must alert you to the ongoing and devastating wave of canine distemper that continues to ravage dogs within Auroville and the surrounding areas. In the last few days alone, we had cases in Angiras Garden, Last School, Kuilapalayam, Alankuppam, etc.

This highly contagious viral infection spreads rapidly, similar to the flu, and is, in most cases, fatal for dogs. Our quarantine facilities and other animal care centers are full of cases.

We implore each dog lover to take immediate action to protect your pet dogs, Community dogs, and any dogs in your area. There is a highly effective vaccination available to safeguard against this deadly virus. Do not wait until it's too late. Contact your veterinarian without delay!

To address this critical situation, we have secured a stock of Dhhppi Novibac vaccination, which also provides protection against rabies. We are offering this essential vaccination for Rs. 500 per dog. Act now to ensure the well-being and safety of your beloved dogs.

Contact us for information and a vaccination appointment.

CULTURAL ANNOUNCEMENT

THE AUROVILLE THEATRE GROUP

Auroville Theatre Group in association with Urab Theatre Company presents the play "Chronicles of the Immortal Professor" July 7 & 8, 2023, 7 PM at CRIPA, Kalabhumi, Auroville.

The play is a free adaptation of "The Lesson" by Eugene Ionesco. The play is performed in an expressionistic and absurdist style.

The play deals with common people in a deteriorating system that are trained to be conforming adults through the use of rewards and punishments as a means to create and shape individuals, suppressing dissent. The play is a comedic parable of the dangers inherent in indoctrination, satirising the "clean image" put forward in the society.

The central character 'Professor' represents more than what his title suggests. The absurd plot of the play focuses on a timid professor who manipulates the meaning he assigns to words to establish tyrannical dominance.

"The Chronicles of the Immortal Professor" is a solo play with a duration of 80 mins. The play is recommended for audiences above 13 years old. We have prepared an expressionistic, absurdist and comedic performance for everybody with an open mind. Entry is free for everyone.

AWAKENING SPIRIT

INTRODUCTION TO THE INTEGRAL YOGA OF SRI AUROBINDO AND THE MOTHER

Tuesday, 11th July, 9 am - 12 noon
Focus: Intimacy with the Divine

Led by Ashesh Joshi

Place: Mirabelle Education Centre, Auromodele

All are Welcome

PITILESS

As we have come to engage in this City of Dawn, here's a sliver of guidance from Sri Aurobindo and the Mother, the Avatar founders of Auroville, for your perusal and contemplation:

https://sri-aurobindo.co.in/workings/ma/agenda_11/1970-03-14-01_e.htm *

The "Consciousness" that the Mother speaks of is the Supramental Consciousness-Force:

"And the action of this Consciousness..."

"But this Consciousness is pitiless. ...so we may learn our lesson."

ॐ

Here's a knowledge base of most of their writings and guidance for more in-depth understanding of what on Earth is happening...

<https://sri-aurobindo.co.in/>

"...and meanwhile, the best course is to consecrate oneself entirely to the Divine."

"...to live in Auroville, one must be a willing servitor of the Divine Consciousness."

And so, the easiest and most joyful path for the human instrument, the Sunlit Path of Surrender: Bhakti to the Supreme Divine whom guides with the Divine Knowledge and acts through Divine Works:

The triune Bhakti-Jnana-Karma Yogas of Integral Yoga.

"The aim of human life is to discover the Divine, and to manifest it."

"The function of the psychic being is to offer all to the Divine for transformation."

* "So then, I really saw – saw, understood – that the work of this [Supramental] Consciousness (which is pitiless, it's not concerned whether it's difficult or not, probably not even much concerned about apparent damage) is for the normal state to cease to be this thing which is so heavy, so obscure, so ugly – so low – and for the dawn to come... you know, something dawning on the horizon: a new Consciousness. That something truer and more luminous."

Zech, 2023.06.29

THE LIFE DIVINE - EXCERPT

"To be or become something, to bring something into being is the whole labour of the force of Nature; to know, feel, do are subordinate energies that have a value because they help the being in its partial self-realisation to express what it is and help it too in its urge to express the still more not yet realised that it has to be. But knowledge, thought, action, — whether religious, ethical, political, social, economic, utilitarian or hedonistic, whether a mental, vital or physical form or construction of existence, — cannot be the essence or object of life; they are only activities of the powers of being or the powers of its becoming, dynamic symbols of itself, creations of the embodied spirit, its means of discovering or formulating what it seeks to be. The tendency of man's physical mind is to see otherwise and to turn the true method of things upside down, because it takes as essential or fundamental the surface forces or appearances of Nature; it accepts her creation by a visible or exterior process as the essence of her action and does not see that it is only a secondary appearance and covers a greater secret process: for Nature's occult process is to reveal the being through the bringing out of its powers and forms, her external pressure is only a means of awakening the involved being to the need of this evolution, of this self-formation. When the spiritual stage of her evolution is reached, this occult process must become the whole process; to get through the veil of forces and get at their secret mainspring, which is the spirit itself, is of cardinal importance. To become ourselves is the one thing to be done; but the true ourself is that which is within us, and to exceed our outer self of body, life and mind is the condition for this highest being, which is our true and divine being, to become self-revealed and active. It is only by growing within and living within that we can find it; once that is done, to create from there the spiritual or divine mind, life, body and through this instrumentation to arrive at the creation of a world which shall be the true environment of a divine living, — this is the final object that Force of Nature has set before us. This then is the first necessity, that the individual, each individual, shall discover the spirit, the divine reality within him and express that in all his being and living. A divine life must be first and foremost an inner life; for since the outward must be the expression of what is within, there can be no divinity in the outer existence if there is not the divinisation of the inner being. The Divinity in man dwells veiled in his spiritual centre; there can be no such thing as self-exceeding for man or a higher issue or his existence if there is not in him the reality of an eternal self and spirit.

To be and to be fully is Nature's aim in us; but to be fully is to be wholly conscious of one's being: unconsciousness, half consciousness or deficient consciousness is a state of being not in possession of itself; it is existence, but not fullness of being. To be aware wholly and integrally of oneself and of all the truth of one's being is the necessary condition of true possession of existence. This self-awareness is what is meant by spiritual knowledge: the essence of spiritual knowledge is an intrinsic self-existent consciousness; all its action of knowledge, indeed all its action of any kind, must be that consciousness formulating itself. All other knowledge is consciousness oblivious of itself and striving to return to its own awareness of itself and its contents; it is self-ignorance labouring to transform itself back into self-knowledge."

Whom the earlier gamers call Earth.
You are trying your best to remember
Not easy as a human babe was your avatar
Your memory replaced by this culture.
It's good you are remembering more
That down you went into the rabbit hole
In here are magic mirrors on the wall
Reflecting yourself but in different forms
Morphing in wild spontaneous fashion
In space-time never in one position.
Some mirrors are rooted as if stuck,
Some move slow, some zoom about
Looking at some other mirror
To run away from or devour
So they can move on and evolve.
Lucky you, having survived so far
Looking for more answers here you are
Finding yourself in this special lair
Of the Dual Supramental Avatar
Sri Aurobindo and the Mother.
You must be blessed by a divine force.
So just hang about ready for a choice
As this is the only requirement here:
To choose, either muddled or clear.
Each choice is an action with a reaction
An eternal feedback loop of motion.
Remember, this is a world of mirrors
Wherein you are all who you encounter
Just more hastened and intense
As this is the cradle of the transitionals
Preparing this planet for the new species
That will bring about something else
A more freed and divine experience.
So welcome to this City of Dawn
On this Earth coming soon
A Life Divine.

VOICES & NOTES

OPEN LETTER TO FO FAMC AND FO WC

I am writing these lines anonymously. So far we have come in Auroville. A climate of fear and oppression is spreading. You have crossed the red line. Harmony still reigns in the powder keg. But that can change, and then what? You are enemies of the community and I cannot understand this heartless behavior. How can you betray Auroville and beat everything we've built together. Shame on you.

An Aurovilian

A CHOSEN OPTION

This Universe of limitless possibilities
Is based on The Play of Consciousness
And of spectrumed individual choices.
The Divine Supramental Manifestation
Was simply a possible chosen option:
A possibility that is now certain.

Saturday, 15 July - 9:30am – 12:00pm

The workshop will be divided into two parts. The first one will include theory and practice, where we will journey through conscious relaxation, exploring a contemplative Yin Yoga practice to restore the natural condition of the deep tissues in the body while releasing tension in the physical, energetic, and mental layers. Then we shall transition into a relaxing Restorative Yoga practice which unwinds deep tension helping you to slowly let go of stress and feel more connected to your body. Finally, we shall experience Yoga Nidra — known as yogic sleep — a form of guided meditation practiced laying down, where we move into a deep state of conscious sleep, which is a deeper state of relaxation, taking us effortlessly into restful balance and harmony.

Dear Residents,

150dpi has designed and developed a digital menu recently for an Auroville's Restaurant which can be read by their customers coming to dine in using a simple scan of the QR code from their mobile phone and be able to place their orders to the restaurant's staff.

Scan the QR code and experience the ease and convenience of ordering.

The digital menu also features a password protected administrator area through which you can add, edit, update your menu items along with marking items "not available" in real time and it reflects immediately on the customer menu side which is accessed by the diners.

Key advantages of this digital menu:

1. Adding items and removing them can be done instantly.
2. Price updates of items can be done with ease.
3. Mark an item "not available" for the day so the diners won't order it.
4. Update a particular day's special menu items.
5. You can share the digital menu QR code with anybody.
6. Payment can be done also through the same stand with payment QR code.

If you are running an eatery and feel this is something you would be looking for, please get in touch with us via email on hello@150dpi.com or call us on 08098144686.

We offer interested eateries a "one month free trial" of this digital menu. After which, it is a nominal yearly subscription fee that goes towards building and maintaining the software.
