## PONDERING

2. One lives in Auroville to be free from moral and social conventions; but this freedom must not be a new enslavement to the ego, to its desires and ambitions. The fulfilment of one's desires bars the way to the inner discovery which can only be achieved in the peace and transparency of perfect disinterestedness.

# HOUSE OF MOTHER'S AGENDA

*(continued from last week)*

If we wish to remedy this Imbalance – for everything that lacks balance in our bodies, our societies, or our cosmic cycles eventually perishes – we must become lucid. We have lost the Password; such is the bottom line of our era. We have replaced true power with devices, and true wisdom with dogmas. This is the reign of the gnomes, on every plane. And it will become more and more a reign of gnomes, unless we relinquish these mortifying half-truths, from above or below, and immerse ourselves in the true Source, within, to recover the practical secret of the Spirit in Matter. "That which is immortal in mortals... is a god and established inwardly as an energy working out in our divine powers." (*Rig Veda IV.2.1*) Because they knew this Secret, neither the rishis nor the sages of the ancient Mysteries ever created the monumental schism that presently undermines our lives: "our Father in heaven, our Mother the earth"; and they did not ever attempt to settle the problem by relegating an earthly human fulfillment to a celestial hereafter: "Let us conquer even here, let us run this battle-race of a hundred leadings." Having reached the summits of consciousness, they did not vanish in a pale ecstasy: "I am a son of Earth, the soil is my mother...." (*Atharva Veda XII.1*) Having traveled to the frontiers of the Infinite, they did not find that the small things here were small: "O Godhead, guard for us the Infinite and lavish the finite." (*Rig Veda IV.2.11*) "May we speak the beauty of thee, O Earth, that is in thy villages and forests and assemblies and wars and battles." (*Atharva Veda XII.44.56*) They battled, and they were invincible, for they knew that God is within us: "O Son of the body... full of happiness and light, victorious, to whom no hurt can come." (III.4.2,9.1) A conquering truth of upright men, for whom death is both a falsehood and a defeat. A truth of a divine joy upon the earth. Certainly their truth was premature for the hordes of Europe, who still needed to hear about heaven before earth, but now the time may have come at last to unveil the Mysteries – whether they be Vedic, Orphic, Alchemical, or Catharist – and to recover the whole truth of the two poles within a third position, which is neither that of the materialists nor that of the spiritualists. *The ascent of man into heaven is not the key, but rather his ascent here into the spirit and the descent also of the spirit into his normal humanity and the transformation of this earthly nature. For that and not some post mortem salvation is the real new birth for which humanity waits as the crowning movement of its long, obscure and painful course.*

Sri Aurobindo brings us a message of hope. Ultimately, our present reign of gnomes is the sign of a new emergence. Our darkness and declines always signal the advent of a greater light, which had to descend to break the prevailing limits. There are only two ways of breaking the limits: through an excess of light or an excess of darkness, but while one draws our darkness up into the light and dissolves it, the other precipitates the light into our darkness and transmutes it. One way liberates a few individuals, while the other liberates the whole earth. Ten thousand years ago, a few giants among men had wrestled out the Secret of the world, but this was the privilege of a few initiates, while now we must all become initiates. Ten thousand years ago reigned the Golden Age, while today everything seems to have been swallowed up in darkness.

In truth, though, night has not descended upon the world, as the preachers of doom would have us believe; it is only that the light has been buried in the world. The Secret had to be forgotten, humanity had to descend the dark curve of the age of reason and religions, so that all could recover the Secret and the Light everywhere, beneath all the darkness, all the misery, and the pettiness, instead of in a high brazier in some Vedic or Persian sanctuary. We are at the beginning of Time. Evolution does not follow an increasingly sublime and vanishing trajectory, but a spiral: *It is not a tortuous path leading you back, relatively battered, to the starting-point; on the contrary, it seeks to bring to the whole creation the joy of being, the beauty of being, the greatness of being, and the perpetual development, perpetually progressive, of this joy, this beauty, and this greatness. Then everything makes sense.* An eternal spiral that does not end in an ultimate point – for the Ultimate is everywhere in the world, in every being, every body, every atom – but a gradual ascent reaching higher and higher in order to descend lower and lower, to embrace ever more, and to reveal ever more. We are at the beginning of the "Vast," which will become ever vaster. The pioneers of evolution have already recognized other levels within the Supermind, opening up new trajectories in an eternal Becoming. Each conquered height brings about a new change, a complete reversal of consciousness, a new heaven, a new earth – for the physical world itself will soon mutate before our incredulous eyes. This is surely not the first change in history; how many were there before us? How many more with us, if only we consent to become conscious? *Successive reversals of consciousness, which will bring an always renewed richness of creation, will take place from one stage to the next.* Each time, the Magus in us turns his kaleidoscope, and everything becomes astonishing – vaster, truer, and more beautiful. We just have to open our eyes, for the joy of the world is at our door, if only we wish it.

*Earth's pains were the ransom of its prisoned delight...  
For joy and not for sorrow earth was made.*

Such is the Secret. It is here, everywhere, within the very heart of the world. The "well of honey beneath the rock," the "childlike laughter of the Infinite" that we are, the luminous Future that pushes back our past. Evolution is far from being over. It is not an absurd merry-go-round, not a fall, nor a vanity fair. It is

*... the adventure of consciousness and joy.*

## FROM THE RA WORKING COMMITTEE

### REGARDING THE CIRCULAR DATED 29.09.23

Dear Community,

A few days ago there was a post by the AVFO 'Working Committee' on AuroNet stating that the 'Under Secretary In Charge' has removed, with immediate effect, Satprem's (Serge Maini) name from the Register of Residents. Additionally, one member of this group posing as the Working Committee sent an email to Financial Services, demanding that Satprem's personal account be closed.

We would like to remind you all that admission and termination of residents in the Register of Residents (and from the Master List) is the exclusive prerogative of the Residents' Assembly as per the Auroville Foundation Act, 1988 (Section 19(2)(a) ) and the Auroville Admission and Termination Regulations, 2020. Therefore, the Secretary and the individuals calling themselves the 'Working Committee', which were not selected by the RA, cannot make this decision, according to the law and to our internal guidelines and mandates. The RA has not come to any decision to remove any Aurovilian, including Satprem and Mael from the RoR, nor has the RA delegated this power to any other body or individual. Therefore, this is a clear infringement on the functions of the RA and is a misuse and abuse of power. These actions have crossed legal and ethical boundaries and are being addressed to the higher legal authority.

We feel deep sadness and regret for one more case of the loss of community values and lack of respect for any basic principle of human interaction and decency.

Sincerely,

The Working Committee of the Residents' Assembly of the Auroville Foundation

## MESSAGE FROM AUROVILLE VEHICLE SERVICE

Dear Friends,

**We noticed in the last few years; many minors are driving motorcycle/Scooters inside Auroville. Legally they are not allowed to drive. We would like to inform you about the rule & fine for underage driving in India.**

Underage driving is a growing problem in India, with many young people getting behind the wheel without proper training or experience. Not only is underage driving illegal, but it also puts the driver, passengers, and other road users at risk. It can lead to multiple dangers, including causing harm to the driver and damage to the vehicle. What's more, in such a situation, your bike insurance may not prove to be useful either as the claim won't be accepted due to the underage driver. Hence, one must exercise caution and know the rules and regulations related to underage driving.

The penalties for underage driving in India vary from state to state, but the most common penalty is a fine. The fine for underage driving can range from Rs. 500 to Rs. 25,000, depending on the severity of the offence. In some cases, the offender may also have their driving license suspended or revoked.

***It is important to note that the penalties for underage driving not only apply to the driver but also to the vehicle owner. If a minor is caught driving a vehicle that belongs to someone else, the owner of the vehicle may also be held responsible and face fines and penalties. This includes a fine of Rs.25,000 for the vehicle owner. They might also face a 3-year prison sentence as well. Along with this, the vehicle's registration will be cancelled for the duration of a year.***

**Kindly encourage your kids to use bicycle or if possible, to walk in case of short distances. Auroville has wonderful cycle paths and its safer than regular roads of Auroville.**

**To all electric cycle users:** On the requests of many Aurovillians, we request all electric cycle users to pedal while using the cycle paths instead using motor assistant. It reduces your speed and gives safety for the users of the cycle paths (Pedestrians & cyclists)

### **To move towards SUSTAINABLE MOBILITY:**

0 - 1 km : Try to Walk  
01 - 10 kms : Try to Pedal a cycle  
10 kms & above : Try to use public transports  
(Bus, Train, Tram or shared transport, etc)

**INSURANCE:** GENERAL INSURANCES (Motor & Personal accident insurances), HEALTH INSURANCE and TRAVEL INSURANCE.

Annual premiums of the insurance policy for renewal should be paid to the insurance company on time. No claims for Accident compensation can be made if you have not paid the Annual Premium. We advise the people to pay the premium before the expiry date of policy to avoid inspection of the vehicle. If you are going temporarily out of Auroville, at the time your insurance expires, please bring the papers to us in advance to renew it. Therefore, we can renew it while you are not in Auroville. Do not pay the insurance on your name while the vehicle has not registered under your name. Name in the registration certificate and in the insurance, policy should be the same. If it differs, you could not claim insurance during the accident or Fire / Theft.

### **We undertake the following insurances:**

- Motor Insurances
- Health Insurances
- Travel Insurances (while traveling abroad)
- Personal Accident Insurances (PA insurances)

**Note:** *To all guests, Newcomers & Aurovillians, please check out the insurance, while you rent a vehicle (scooter, moped, or motorcycles) from the rental shop. If you drive your vehicle without insurance, you could not claim for the overseas Medclaim insurance while you get any accident.*

### **1.To all old vehicles (Getting 15 or more than 15 years old)**

The registration certificate of a Vehicle (Non-Transport/ Private use) is valid for 15 years from the date of newly purchase from the dealership. In this case contact us to renew the registration for next 5 years to keep your vehicle documents legally valid. The vehicle needs a full mechanical check and service before taking the vehicle for inspection to the concerned Regional Transport offices (RTO)

### **2. New Indian Driving License**

We request that people who do not have an Indian driving license could get the license through us. We help you to get motorcycle and car Indian licenses. We need to submit the copy of Aadhar and two photographs.

### **3. Renewal of Indian Driving License**

For renewal of Indian driving license, people need to submit the original license, copy of Aadhar and two photographs. You can renew it six months before end to the date of expiry. The grace period to renew after the expiry is one year. In case, if you forgot to renew within a year, then you will be paying a penalty and need to take the driving test again. So, try to avoid paying penalty fees. The applicant must come on the day of the trip to the concerned Regional Transport office (RTO).

### **4. Purchase of New Vehicle and Second-Hand Vehicles (Two & four wheelers)**

Auroville vehicle service strongly advises all Aurovillians who are residing in Tamil Nadu territory (of Auroville) to register their new vehicles in Tamil Nadu only. Either fuel vehicles or an Electric Vehicles. The purchase of the vehicle can be made directly in Tamil Nadu with the help of Vehicle Service. In this regard, AV Vehicle Service assists the Aurovillians to follow the necessary procedures. We help you to get all types of vehicles (Electric & Non-Electric Vehicles) at your doorstep.

## 5. International Driver License

Currently the officials stopped issuing the international driver license to foreigners & OCI holders. The Indian passport holders could apply for an international license, if their address on driver license and passport were same.

**6. BICYCLE RENT:** Bicycles are available for rent on a daily and long-term basis.

## STERILIZATIONS AND VACCINATION SERVICES UPDATE

We are happy to announce the availability of limited slots for dog sterilizations at our shelter. This service is open for either AV Community or privately owned dogs of Aurovillian individuals. We hope to be able to expand this service to other dog lovers in the future. Our team of two veterinarians is ready to perform sterilizations every Saturday afternoon, sterilizing up to 3 female or 4 male dogs.

Despite our extremely tight budget, we are committed to providing free or donation-based sterilizations for adopted former shelter dogs. For other dogs, we charge our cost price of Rs. 2500 per dog, which includes if desired by the owner one night of boarding in the shelter. Additionally, if you opt to leave your dog in our shelter for a few days (maximum 7 days) for post-op aftercare and daily vet checkups, the rate is Rs. 250 per day per dog and is only possible if we have an enclosure available. Please inquire.

Due to our current staff situation, we are temporarily unable to offer home pick-up or delivery services for your dog. We are still actively seeking a qualified vet rescuer who can fill this role. If you want to join our team as an animal caretaker, please WhatsApp Arthur at 8122225266

In response to solving the overcrowding in our shelter, we have initiated a rehoming, adoption, and fostering initiative, especially for our 25 puppies. Our goal is to gradually reduce the number of dogs from 300 to a manageable level, allowing us to enhance the care for each dog and eventually be able to resume rescue operations again. We are working hard towards starting the construction of a new Auroville Dog Shelter, which will include essential facilities such as rabies and other quarantine buildings, as well as puppy facilities with night staff on duty.

Vaccinations are available at the shelter (please pre-book) for Rs. 500 per dog. Our purchasing price per vaccination is half of this amount so your contribution helps pay forward the vaccination of one street dog. We provide free vaccination boosters for all adopted puppies from our shelter. We remain hopeful that with your support and regular donations, we can strive towards offering unlimited free vaccinations for every dog in the future. If you have something to spare, we would be grateful if you could donate to our FS account 251391.

For reserving a vaccination slot, please contact Arthur via WhatsApp at 8122225266 or our shelter phone 8939449413 (Tamil spoken 9-5)

## VOICES AND NOTES

### THE DIVINE ONENESS WITHIN

The Divine Oneness is indeed within.

Well, That is just about It.

From These quietly contemplate.

For the receptives with the fighting instinct of a Hero Warrior

1962:

**"The fight is within the body.**

*It can't go on. They (the asuric forces) must be defeated or else this body is defeated.... All depends on what the Lord decides....*

**It is the battlefield.** *How far it can resist I don't know. After all, it depends on Him. He knows if the time has come or not, the time for the beginning of the Victory—then the body will survive. If not, in any case, my love and consciousness will be there."*

<https://incarnateword.in/agenda/03/april-3-1962>

1970:

*"It has to be worked out, as they say, realized in every detail, but the change IS DONE—the change is done.*

*Which means that the material conditions, which were elaborated by the mind, FIXED by it (Mother clenches her fist tight), and which appeared so inescapable, to such a point that those who had a living experience of the higher worlds thought one had to flee this world, abandon this material world if one really wanted to live in the Truth (that's the cause of all those theories and beliefs), now things are no longer like that. Now things are no longer like that.*

**The physical is CAPABLE of receiving the higher Light, the Truth, the true Consciousness, and of man-i-fest-ing it.**

*It's not easy, it calls for endurance and will, but a day will come when it will be quite natural. It's only just the open door—that's all, now we have to go on.*

*(silence)*

*Naturally, what was established hangs on tight and defends itself desperately. That's the cause of this whole trouble (swarming gesture in the earth atmosphere)—but it has lost the battle. It's over. It's over. ...*

*That was the work Sri Aurobindo had given me, that was it. Now I understand. ...*

*All the rest looks so old, so old, like something... that belongs to a dead past—which is trying to come back to life, but it can't anymore.*

*And all, all circumstances are as catastrophic as they can be: troubles, complications, difficulties, everything, just everything goes at it relentlessly like that, like wild beasts, but... it's over."*

## **SUPERMIND/OVERMIND, DIVINE/ANTIDIVINE, GOOD/EVIL, SHADOW AND THE EVIL PERSONA - PART 1**

The diatribe between good and evil is as ancient as humanity itself. In the Western world it took the form of dualism, encompassing both: unorthodox and heretics (Gnostics, Manicheans, Bogomiles, Cathars, Templars, Rosicrucians) as well as the orthodox. According to the Judaic-Christian tradition Luciferus, 'the carrier of light', was the most beautiful angel. God-like, he believed he was God itself, and turned into 'the prince of darkness', the king of devils. His fall was because of hubris, pride. The motive of pride recurs again with our progenitors Adam and Eve; tempted by Satan (Luciferus' biblical name), they ate the apple from the tree of Knowledge, and God chased them from the terrestrial paradise. This marks the beginning of the human condition, and is also where the split between East and West commences. In Indian metaphysics, everything and everyone is God; how, then, can absolute evil have a separate existence of its own, or even be postulated?

Tradition says that, for the joy to know itself in detail, out of its single Self the One Godhead created four emanations. These four divine principles were: the being of Consciousness; that of Love and Delight; that of Life; and that of Light and Consciousness. In Sri Aurobindo's cosmogony, this is where Supermind and Overmind part from each other. Supermind is the intermediary world linking the upper hemisphere of Sat-Cit-Ananda to the lower hemisphere of mind, life and body. The dynamic, creative aspect of the Supreme, Supermind is Truth-Consciousness, Truth-Force – and Knowledge by Identity too. In the Supermind the four divine emanations still are one, and so is all manifest and unmanifest existence. At its highest, Overmind (the plane of the gods) still is one with Supermind; separation commences in the lower range of the overmental plane; and with it, ignorance. In the progressive descent towards Nescience all the antinomies arise, their illusory existence being taken for real; this is Maya. Self-veiled Supermind is Sacchidananda in the play of manifestation, implicit even within the grossest gradation of Matter.

Sri Aurobindo first found evidence of the Supermind in the bedrock of the densest Inconscience. As the Upanishads tell us, what is above is also below: the opposites are indeed one, and so are light and darkness. Some excerpts from the Mother help elucidate the state, between good and evil, where All is One. About the dualities, to be reabsorbed, of which Sri Aurobindo speaks in *The Synthesis of Yoga*, the Mother concluded:

*"Evil is simply holding one's vision on one small angle; then one says, "It is evil", but if one sees the entire path... In a total consciousness, obviously there is no evil.*

There are no *contraries*. No contraries—not even contradictions; I say: no contraries. It is that Unity, it is living in that Unity. And that cannot be translated by thoughts or words. I am telling you, it is... a vastness without limits and a light... a light without movement, and at the same time an ease... an ease not recognised as such. Now I am convinced that it is that, the supramental consciousness. And necessarily, necessarily that must change the appearances gradually."<sup>[4]</sup>

"...it is the simultaneity, without division, of all contraries. As soon as there is some divergence—not even divergence, any difference—it is the beginning of division.

(...)

*Is it the material equivalent of a psychological experience one has in which the perception of the evil disappears completely in the perception of an absolute Good, even in the evil?*

Yes, that is it. One might say that instead of being just a mental conception, it is a concrete realisation of the fact."<sup>[5]</sup>

Human nature is a reflection of the universe's inherent duality, which the cosmic principle of involution-evolution implies. What is our role and function vis-à-vis the eternal antinomy, "to be reabsorbed", of good and evil, from which no one escapes, for this is 'the debt to Rudra' each of us has to pay? The Mother stated, about her disciples' shadow:

“The world as it is is a mixed world. You cannot have an object which gets the light from one side without its casting a shadow on the other. It is like that, and indeed it is the shadows which make you see the lights. The world is like that, and to have only the light one must definitely go through the entire discipline necessary for eliminating the shadow. This is what I have explained a little farther; I have said that this shadow was like a sign of what you had to conquer in your nature in order to be able to realise what you have come to do. If you have a part to play, a mission to fulfil, you will always carry in yourself the main difficulty preventing you from realising it, so that you have within your reach the victory you must win. If you had to fight against a difficulty which is everywhere on earth, it would be very difficult (you would need to have a very vast consciousness and a very great power), while if you carry in your own nature just the shadow or defect you must conquer, well, it is there, within your reach: you see all the time the effects of this thing and can fight it directly, immediately. It is a very practical organisation.

You haven't seen in the *Bulletin* that letter of Sri Aurobindo's: the "Evil Persona"? It is in the *Bulletin*. The thing is very well explained there.”[6]

The following is the text the Mother refers to. Sri Aurobindo wrote it in reply to the ashramite Kishor Gandhi, who had submitted him a text about the evil persona by the 'psychologist of the depths' C. G. Jung:

“What you say about the “Evil Persona” interests me greatly as it answers to my constant experience that a person greatly endowed for the work has, always or almost always, - perhaps one ought not to make a too rigid universal rule about these things – a being attached to him, sometimes appearing like a part of him, which is just the contradiction of the thing he centrally represents in the work to be done. Or, if it is not there at first, not bound to his personality, a force of this kind enters into his environment as soon as he begins his movement to realise. Its business seems to be to oppose, to create stumblings and wrong conditions, in a word, to set before him the whole problem of the work he has started to do. It would seem as if the problem could not, in the occult economy of things, be solved otherwise than by the predestined instrument making the difficulty his own. That would explain many things that seem very disconcerting on the surface.”[7]

... to be continued...

## POETRY

**Gratitude is a stream  
That knows its source  
And goes on its course  
All the way to the sea.**

**-Anandi Z.**

### **NOT FINAL**

From the Infinite, one proclaimed:  
"I and the Father are One."  
He was nailed to the cross.  
Bombs dropping even after 2000 years.  
"Escape!" advised the nihilist.  
Although blind to our essential oneness  
And this individual choice is quite selfish,  
There is in Nirvana a silver lining  
Of suddenly and plainly realising  
That you are actually the One  
And the every thing,  
That you are none other  
Than the Eternal and Absolute Creator,  
The playing field that is this universe  
And all the infinite unique players  
Of your own Cosmic Game.  
And you awaken laughing,  
Not anymore a victim  
Even if your psychophysical vessel  
Is still Homo sapiens.  
Now you are consciously playing,  
Hacking your marvellous game  
In Bhakti with your Self Supreme  
Towards a Life Divine.  
Again, what's the practical application  
Of this divine realisation  
That We are all One?  
A conscious hastening of the evolution  
Beyond the limitations of the mental human:  
"Man is a transitional being... not final."  
"Salvation is physical."  
Say the Supramental Avatars  
Sri Aurobindo and the Mother.  
And so we blissfully continue on  
With the Goal of the Supreme Vision:  
Here on Planet Earth  
A Divine Manifestation.

### **WE ARE ALL CONNECTED**

No matter where we are in the world,  
We are all connected, that's where life unfurled.  
Though we may come from different places,  
We are all bound by the human races.  
From the mountains to the sea,  
Our diversity comes naturally.  
We may have different sights and sounds,  
But we are all one, simply profound.

## A SUMMARY OF EVENTS HAPPENING IN AUROVILLE TODAY

### SATPREM 'REMOVAL' FROM ROR

Satprem Maïni of the Auroville Earth Institute (AVEI), who was given an Exit Permit in June 2023 after the Secretary withdrew her visa letter of recommendation, has now been removed from the Register of Residents according to a [circular](#) sent out by the AVFO 'WCom'. The AVFO actions came after Satprem shared a large number of critical technical reports on the ongoing Crown Road works.

The [circular](#) from the Undersecretary-in-charge, Sathyanarayan, indicated that because of Satprem's Exit Permit, "his name be removed from ROR and access to AuroNet, Auroville emails etc to be revoked with immediate effect." As noted by the RA WCom in their [massbulletin](#) on 13th October "admission and termination of residents in the Register of Residents (and from the Master List) is the exclusive prerogative of the Residents' Assembly as per the Auroville Foundation Act, 1988" The Office of the Secretary is tasked with merely 'updating' the RoR.

Subsequently, Joseba from the AVFO 'WCom' sent [an email](#) to Otto from the Financial Service asking him to block all of Satprem's Financial Service accounts. Satprem was also [removed](#) as the Executive of the AVEI by the AVFO 'Working Groups', citing his 'removal' from the RoR.

### MATRIMANDIR LAKE UPDATE

On 30th September 2023, a [legal notice](#) was sent by the lawyers of the NGT petitioners to the Matrimandir (MM) executives regarding "willful and wanton violation of the judgment of the Hon'ble National Green Tribunal". Prior to this, the MM Executives had received several notices in the form of [letters](#) and [reports](#) from the RA TDC, highlighting that the current expansion of the lake construction is in violation of the NGT. A [communication](#) from June 2023, sent by one of the MM executives stated "my suggestion was to ignore totally [the RA TDC] and thank God finally that is what was decided".

The MM executives responded to the legal notice by releasing an [announcement](#) stating: “This [legal notice] is in violation of the Auroville guideline ... that Aurovilians do not resolve their differences by going to the courts”. A response to the MM executive's announcement was subsequently shared via [massbulletin](#). The respondents noted that “There have been numerous attempts of dialogue... these have failed due to a refusal by the Matrimandir executives to listen and have open discussions”. The AVFO ‘WCom’ also followed up with a [response](#) of their own, stating their “full support for the Matrimandir Team”.

At the General Meeting held at Kalabhumi on 19 September 2023, several Aurovilian experts including Jan (lead engineer and overall supervisor of the test lake), Giulio (geologist and member of Auroville’s Water Group) and Narad (who was given the task of designing the MM gardens by the Mother) voiced their opinions on the present situation and looked at some of the potential concerns for the future development. The meeting was recorded and can be viewed [here](#). After the meeting, feedback forms were shared with the community.

The [results of the feedback](#) were collated and shared with the Matrimandir executives and the community on 9th October. Feedback was received from 273 people (264 Aurovilians). Over 80% of the respondents shared two main concerns regarding the lack of water management planning and, and the second phase going ahead prior to the test lake being completed. You can find the full results and conclusions of the feedback [here](#). Additionally, on 10th October, an [open letter](#) by a group of residents was sent to the MM Executives.

A [follow-up meeting](#) with Michael Bonke was held on 10th October at Savitri Bhavan since the first meeting on 2nd October was cut short. This time the presentation and discussion continued for 4 hours. Michael Bonke delivered a [presentation](#) which answered some of the questions raised at the previous meeting, for example giving a potential solution to the concerns raised regarding fixing future leaks in the lake. However, other questions remained unanswered - for instance, no clear reply was given as to how the lake will be filled, which is crucial to understanding potential environmental impacts.

When asked what his official relationship was with Auroville and specifically the MM, Michael Bonke [stated](#) “As to what concerns the work, especially for the Matrimandir, I am proud to say that it is absolutely deregulated. I have no title, no contract, I am not an Aurovilian, I am absolutely nobody and that’s why I can do what I want.” Concerns of a potential conflict of interest regarding his role as both the main donor of the project, the deciding party, and the main executor, have yet to be addressed.

## **VISA EXTENSION LINKED TO CONTRIBUTION**

As previously reported, the extension of visas has now been linked to whether or not the Aurovilian in question has paid their monthly contribution. In an [Auronet announcement](#), the AVFO ‘WCom’ noted that this step has been introduced by the Auroville Foundation, and that “all visa applications will be passed via the BCC office to check if the monthly FS city contribution has been paid or for any other financial irregularity. In case of any pending payment the visa process will be paused until the pending payments are updated.” In some cases, several years of back pay are being requested, even when the Aurovilian was out of station for that time due to unavoidable personal circumstances or covid restrictions.

As [noted](#) by the RA BCC, in the past, Aurovilians who did not pay the contribution often did so because they were not receiving a maintenance whilst still working full time for the community. In some cases, the BCC granted a waiver from the contribution for individuals who had invested a large amount of their own funds in buying Auroville lands, or developing projects for Auroville, and who did not have access to outside funds. The new policy appears to target only non-Indian Aurovilians who rely on a visa to stay in Auroville.

## **TREE CUTTING IN ANITYA COMMUNITY**

Members of AVFO 'Land Board' have been 'pruning trees' for the Outer Ring Road in and around the Anitya community, just north of Edayanchavadi. Photo documentation shows that trees are completely cut, rather than pruned. In addition, [a report](#) overlaying the maps of the Master Plan and the current area being prepared shows that the road is being adjusted and pushed into Auroville by about 20 meters. No process has been followed for adjusting the Outer Ring Road and allowing it to deviate from the Master Plan, which appears incongruous with the arguments often used by the AVFO 'ATDC' to allow no deviation for the Crown.

The Outer Ring Road was supposed to cut through a part of Anitya that had been left undeveloped precisely for the future road to be built. The new trajectory of this road is now set to cut through the Thamarai educational centre within the Anitya community. This Thamarai campus services 30 students from the nearby Edayanchavadi village to study every evening. Neither the Anitya community members nor the Thamarai project holders have received any communication from the AVFO 'ATDC' about their future plans. \_

## **FARM GROUP SEPTEMBER 2023 REPORT**

The Farm Group shared their [report](#) for September 2023. It includes information about the current situation after all of the farmers' maintenances were cut off by the AVFO 'FAMC' at the start of the month. They share that many farmers "are surviving on savings (in one case using money saved up for children's education) and/or making money for living expenses by doing non-farming activities."

Regarding the proposed VIP road and car park, which will affect Buddha & Siddhartha Farms, they state that there is a lack of clarity about the situation but "it seems that no financial help will be forthcoming to take any positive decisive action such as moving the farm". They also shared that they had not yet received any information or updates about the progress of the Gratitude Farm project which was [announced](#) by the AVFO 'FAMC' in August 2022.

## **SELF EDUCATION PROGRAM**

From the presentation of the Dreamweavers, a new initiative called the 'Self Education Program' was launched on 12th September. 20 participants split into 5 groups are learning and sharing for 7 weeks about 5 major and often ignored topics of urban design, namely: spatial justice, values and urban forms, art and culture, connectivity and access, and density and diversity.

The aim is to later present the findings to the community, and the learnings of the group are to be weaved in with the other Dreamweaving initiatives. The Self Education group has recently shared its [first report](#) on the on-going program, part of the Dreamweaving phase 2. To access the report, please click on this [link](#).

## CHANGING THE NARRATIVE

In June 2023, the RA WCom shared [via massbulletin](#) their [response](#) to the AVFO 'WCom' [Annual Report](#) August 2021 - August 2022. The report contained a number of often-repeated narratives that continue to be spread by the supporters of the AVFO to justify the ongoing takeover of Auroville's assets. As the RA WCom notes "With the benefit of nearly 12 months of hindsight since the end date of this report, it is clear that many of these erroneous statements do not reflect the reality of the situation, however, we still continue to hear many of these narratives being repeated." The response addressed numerous errors in the AVFO 'WCom' annual report, the most common of which will be shared in upcoming editions of the Bulletin.

**The original statements from the AVFO 'WCom' are presented in italics, followed by the RA WCom responses.**

### ***Aurovilians broke from SAS which led Aurovilians astray from the true ideals of Auroville***

*"As Auroville was a barren plateau, it is understandable that the first generation of Aurovilians concentrated on making the area livable. Simple houses were constructed, basic amenities established, and top soil preservation took place with bunding and planting. But from the very beginning an attitude developed that Auroville belonged to the Aurovilians, especially when Mother was not in her physical body anymore. Aurovilians took matters in their own hands which had quite some consequences especially with the breakage from the Sri Aurobindo Society (SAS). Taking matters in their own hands lead to several situations where the results and attitudes went astray from the Auroville Charter, The Dream and the True Aurovilian"*

"This statement is in total denial of Auroville's history and more importantly with the reality lived by the Aurovilians at the time, some of whom were violently aggressed and physically hurt by thugs hired by the SAS. Furthermore, the conflict with the SAS led to the Indian Government intervening, and eventually to the creation of the Auroville Foundation Act, which the Parliament of India itself approved. To claim that this was a mistake, and that it damaged Auroville, is a great insult to the Indian Government. We invite you to discuss this again with some of those who were present at that time for a deeper and more accurate understanding of the history of Auroville."

The founder of Creeva was Audrey. In the early years she was gifted with the means to explore, to find her own expression, to follow her passion to paint, to draw. ## HOMAGE - AUDREY AND EVA

HOMAGE is an exhibition dedicated to Audrey and Eva, two artists who dedicated their Aurovilian life to transmit the beauty of art to the community.

They have been artists and teachers, and always connected with education. Audrey taught how to approach art, how to play with it, how to experience and enjoy it. Eva was inspired by the children's world she came to know when she was a teacher. "In the school I learnt a lot from the children about creativity and the absence of mental limitations" she used to say.

They recently passed away a few months apart from each other, so we are happy to remember their passionate work through a double exhibition in Centre d'Art, Citadines.

### **OBA® (Oceanic Bodywork Aqua) Basic - Liquid Joy with Fred**

- **Saturday 21 & Sunday 22 October (8:45am - 6:30pm: 15 hours)**

OBA (Oceanic Bodywork Aqua) is an aquatic bodywork modality given in a warm water pool (ideally 35°C). It combines elements of light movements and stretching, massage and joint mobilization in connection with breathing and energy work, conducted both on the surface and under water.

During this course, you'll learn a sequence of simple movements, both on the surface (with and without cushion and noodle) as well as under water and practice basic techniques and qualities of being (grounding, presence, stillness, movement, attention) while moving another person in water. You'll experience floating other people and being floated, thereby creating a space for deep relaxation and nurturing body, mind and spirit.

OBA offers an opportunity for profound relaxation and letting go, building trust, being nurtured and held, expanding inner and outer boundaries, releasing emotions and traumas – ultimately, for freeing body and mind in a flow, unique to each client and each session.

No previous experience required!

### **Baby Watsu® Class with Appie & Friederike**

- **Friday 20th at 9.30 am**

A special opportunity to connect with your baby!

You'll be guided on how to hold, feel and move your baby, using the qualities of warm water, so that you and your baby can feel safe, at ease, and enjoy this quality time together. You'll learn and practice the basics in the group, while you stay focused on your baby's needs. In the end, there is free playtime.

Please go first to the reception, bring towels and a closing swimming pant for your baby.

For babies between 2 and 12 months with their parent(s).

### **OBA® (Oceanic Bodywork Aqua) 1 - Fluid Body with Fred**

- **Tuesday 24 - Sunday 29 October (8:45am - 6:30pm: 50 hours)**

During this course, you'll learn a sequence of new movements, both on the surface as well as under water; plenty of time will be offered for practice and integration.

You'll be invited to discover the healing energies of the water, release physical pain as well as emotional tensions, and dive within yourself in unexpected ways. You might encounter a wondrous world of memories, of floating weightlessly in the protective womb of your mother, of going back into that very space where you were surrounded by soft warm water.

This course offers an opportunity to experience again the nurturing qualities of being held and loved, and to rediscover trust, peace within yourself, and a deep sense of coming home.

**Prerequisites:** OBA Basic or Liquid Flow Basic or Watsu 1 or Healing Dance 1 or WaterDance 1.

## CREATE YOUR VISION BOARD

Creating a sacred space that displays what qualities we want to manifest in life, actually does bring them to life - what we focus on expands. When we create a vision board and place it in a space where we see it often, we essentially end up doing short visualization exercises throughout the day.

Visualization is one of very powerful mind exercises we can do; for ex Olympic athletes have been using it to improve performance. A vision board needs to focus on how/what one wants to feel/experience, not simply on things that one wants...

Welcome to join this 6 hour ws, to connect with your deeper longings, let your creativity flow using recycled materials and create your Vision board around specific project/topic, or a more general one for ex. for next month, a year etc.

- **Saturday 21.October 2.30-6pm &**
- **Sunday 22.October 3-5.30 pm.**

## CINEMA

Presents at **MULTI MEDIA CENTRE AUDITORIUM (MMC, Town Hall)**

**Reminder: FRIDAY 20th Oct. "SCENT OF A WOMAN" by Martin Brest, US, 1992**

**And FRIDAY 27th OCTOBER, 8:00 pm "Mr. JONES"**

**Directed by Agnieszka Holland, Poland, 2019**

**With: James Norton, Vanessa Kirby, Peter Sarsgaard**

**Overview:** Based on real events, the film tells the story of Gareth Jones, a journalist from Wales, who in 1933 travels to the Soviet Union and uncovers the truth about the Holodomor, the devastating famine in Ukraine.

**Synopsis:** Gareth Jones is an ambitious young journalist, who has gained some highlights for his interview with Adolf Hitler. The son of an English teacher in the Welsh colony of Hughesovka in Soviet Ukraine, Jones is also fascinated by how Stalin's Soviet Union has gone from a backward peasant state to an industrial powerhouse that appears to be the only country unaffected by the Great Depression and believes that its success means that a British-Soviet alliance is the key to preventing the Nazi domination of Europe. Once there, he discovers that the journalists are far from being able to carry out their investigations as they see fit...

### Gallant Indies (Les Indes Galantes)

A Film

By Philippe Béziat

Saturday 21st October 2023 at 5pm

Town Hall - Cinema Paradiso

in French with English Subtitles, duration: 1h38

*Based on Jean-Philippe Rameau's opera-ballet that was directed by Clément Cogitore for the Opéra National de Paris.*

In 2019, eight opera singers and 30 dancers from a wide variety of artistic and demographic backgrounds convened at Paris's Opéra Bastille to begin work on an ambitious new production of *Les Indes galantes*, a cornerstone of French musical history. Philippe Béziat's documentary, *Gallant Indies*, captures the work of this multifaceted troupe under the direction of artist and filmmaker Clément Cogitore; together, they shepherd Rameau's opera into the 21st century, while exquisitely and joyfully mirroring the true diversity of contemporary France. Replete with gorgeous melodies and fantastic dance numbers, from rehearsals to public performances, it is a human adventure and a meeting of political realities that we follow: can a new generation of artists storm the Bastille today?

## FO GROUPS

(not selected by due Residents Assembly process)

### FROM FO ATDC - FO N&N 996

#### INTEGRATION of Auroville Borewells

The preparation of the development of Auroville-City, planning and development of roads, sectors and facilities has implications for the borewells also. Auroville city has approximately 70 borewells, most of them serving a limited number of residents and services.

The ATDC will in the coming year integrate 15 till 20 borewells into a common system, run by Auroville Water Service. How, when and in what priority will be published and communicated later. Auroville is fortunate to have these borewells and they are able to secure the water-need for a growing population for some time. Sharing and bringing these for everyone's needed resource, under unified management guarantees delivery assurance and maintenance.

As all assets are owned by the Foundation this also applies for borewells. Sharing will decrease the usage per resident significantly, which is needed to preserve groundwater.

## **SUPPORT FOR THE EXECUTIVES Of The Matrimandir**

Dear Aurovilians, the announcement by the Matrimandir executives about a letter served to them via Navroz Mody and Sandeep Vinod Sara (see attachments) has alarmed and shocked many Aurovilians. They are also members of the Resident's Assembly.

The sheer arrogance of this attempt to intimidate and force the executives to stop all activities in the Matrimandir area together with an ignorance of the process that is unique to Matrimandir, is deplorable and to be condemned. It is not only in violation of Auroville's guidelines as stated by the Matrimandir team but also in violation of the Mother's wishes and of the Peace Area which Matrimandir executives are responsible for.

If the diktats of Navroz and Sandeep are to be followed nothing will be possible for Auroville.

The whole Matrimandir area which is the Peace Area at the soul centre of Auroville was seen by the Mother and a progressive execution has been in process. These include the Amphitheatre, excavation work, approved design plan of Matrimandir & construction, the gardens and the Lake. The Matrimandir Area is the Mother's project, not an RA project, not even an ATDC project. This was made clear as the Mother wrote the Charter and was the first work as per her city plan to be started.

Many discussions have happened over the years and caused delays only to fall back on what the Mother had seen and approved for the Matrimandir as the best solution. A case in point is the long drawn controversy created over the outer skin which was resolved once the Mother's vision was accepted and followed. We have seen the same arguments repeat in different ways for the gardens, the city and now the Lake. The project that the Mother wanted completed in approximately 5 years is now 55 years old. It cannot be wished away from the Master plan.

The lake is a major undertaking which has seen huge delays since the first site application was requested for the first segment. The cost then and the cost now created by the deliberate delays via objections and blockades needs to be compared and discussed. Those responsible for creating the obstructions and delays also need to take responsibility for the costs incurred by delaying the Mother's vision-project for humanity towards a transformational change.

A 'Residents Assembly' call has been preempted by Navroz Mody and Sandeep Sara with the letter to the Matrimandir Executives while the unauthorized ATDC which though rejected by the High Court, has thought it fit to issue warnings to the Auroville Foundation citing NGT. This RA does not represent the community. Their meeting announcements do not reach everyone, nor do they respect or care about the aspirations of the whole community, it therefore does not have the full community's approval.

The court order regarding the Residents Assembly's ability to function does not apply to one faction alone, nor does it give permission to this one faction to carry out selections without seeing the completion of the ROR process which the court upholds. The ability of the Resident's Assembly to function does not give it legitimacy to abuse Auroville by obstructions and intimidations aimed at different working groups and the Matrimandir and violating the basic code of conduct.

Expertise for Auroville requires a different standard as Auroville is a radical step forward both in spiritual vision and material execution. The work of our experts is to find the solutions to make this possible and enable the project, not persist with the same complaints, perceived faults and defects in order to obstruct and delay the work or, intimidate and harass those working to find the solutions.

We herewith state our full support for the Matrimandir Team and the progress that they have made and wish them all success to carry out what is necessary for the progress of the Lake work along with Michael Bonke and team. May the community come together in making the Lake a realization and an offering for the Mother's 150th year.
