HOUSE OF MOTHER'S AGENDA

(continued from last week)

And what do you think the Divine is?

I don't know, I never ask myself that sort of question.

Neither do I! I've never asked myself that question. Because, spontaneously, as soon as there was a need to know, there was an answer. And not an answer with words that can be argued, an answer ... like that, a something: a vibration that's something almost constant now.

Naturally, men create difficulties (I think they must love them, because ...), for everything, the SLIGHTEST thing, there's always a world of difficulties. So you spend your time saying, "Quiet, quiet, quiet—be quiet." Even the body lives in difficulties (it too seems to love them!), but all of a sudden the cells chant their OM ... spontaneously. Then there is a sort of childlike joy in all those cells, which say (Mother says in a tone of wonder), "Oh, really, we can do that? We are allowed to do that?" It's touching.

And the result is immediate: that great, peaceful, all-powerful Vibration.

As for me, if I weren't under the constant pressure of all the wills around me, I would say, "But why do you want to know what the Divine is? What does it matter to you!—Just become the Divine!" But they don't know how to take a joke.

"I want to know what the Divine is."

"But no! It's perfectly useless."

"Oh!"

They answer with a shocked look, "Oh, it's not interesting?!"

"You don't need to know what the Divine is: you must BECOME it."

For them, I mean the vast intellectual majority, they cannot conceive of doing or being something without knowing what it is.

We could also say this, if we enjoyed a joke: "It is when you don't know it, that you are the most Divine."

(to be continued next week)

REBUTTAL TO PRESS RELEASE BY AVFO SPOKESPERSONS RE TREE FELLING

Dear Community,

Please take a moment to read the [attached](#) point-by-point rebuttal of the press release sent out by spokespersons of the Auroville Foundation Office relating to the recent unnecessary and violent tree felling that took place along the already built areas of the Crown Road on the 4th of January.

LETTER TO THE GB AND IAC RE SENSELESS FELLING OF SERVICE TREES ALONG BUILT CROWN ROAD

Dear Community,

It is with deep sadness that we share with you a letter that was sent yesterday to the Governing Board and International Advisory Council while the senseless and violent tree felling was ongoing along built areas of the Crown Road between the Solar Kitchen and Mahalakshmi Home. There has been no response from the Governing Board or from the International Advisory Council as a body.

All the beautiful Service Trees that were planted by Aurofuture, Roger Anger's planning office, with the conscious intention to provide shade for the future Crown Road have been brutally cut down and will no longer share their beautiful flowers and cooling protection with us all.

In sorrow,

The Working Committee of the RA

WORKING COMMITTEE
of the Residents' Assembly
AUROVILLE FOUNDATION

.....
**To the Chairman and members of the Governing Board
To the Chairperson and members of the International
Advisory Council**

Respected Chairpersons and members,

We must urgently bring to your notice the unfortunate and unnecessary cutting of Service Trees that is happening today, as we write, along a section of the Crown Road in front of Kalpana and the Library.

It is difficult to understand the rationale of this decision since the road is already constructed and has been functioning since 2009.

Whoever has made this decision perhaps is missing some important information. The Service Trees were planted in the year 2002 by Aurofuture, the planning office of Roger Anger, the Chief Architect of Auroville, and in accordance with the indications in the Master Plan. The plantation and the alignment were decided in anticipation of the construction of the Crown Road so that it could already be shaded with avenue trees at the time of its construction.

The European Commission, recognizing that this was an innovative way of planning, contributed to the cost of their plantation with a partial grant-in-aid through the Asia Urbs project, IND-015.

The road in this area has already been completed and the street lights and other infrastructure has already been installed so why is it necessary to cut these trees that provide shade and beautify the area, and have been funded by a specified grant from the EC?

We respectfully request that this operation of tree cutting along the existing built portions of the Crown Road is halted and reconsidered in view of the above considerations.

Sincerely,

ATTACK ON ADMISSION AND TERMINATION PROCESSES FOR AUROVILLE

Dear community,

We are sharing with you a new set of [Admission and Termination Regulations](#) for Auroville, which were published by the Secretary in the Gazette of India on the 4th of January, 2024. (Go to page 10 for the English section.)

In effect, this puts all the power of Admission and Termination in the hands of the GB and the Secretary, with a few token residents who have to be proposed to and approved by the GB.

We have been advised by our lawyers that at first reading this seems to be in direct contradiction to provisions in the Auroville Foundation Act that are related to this responsibility.

We are exploring immediate steps that can be taken and will keep you informed.

In community,

FROM THE RA TDC

TDC UPDATE - JANUARY 2024

As this text is being drafted, the sounds of JCBs, road rollers and chainsaws echo from all over Auroville. Indeed, the NGT ruling had been preventing this from happening since April 2022, and this consequence was to be expected since the ruling was stayed in December 2023. On January 4th, a particularly devastating 'walk' took place along the Crown, with the noise of falling trees paving the way along this path of destruction. Thank you to everyone who was there, in prayer and in person; a special thank you to all that helped document and ensure people's safety.

Following our last update, the RA TDC has continued reporting, documenting and sending letters around several areas of concern with regards to tree clearing, pruning and transplantation work happening despite the NGT ruling that was still applicable then.

You can these find below for your perusal:

1. Outer ring and radials:

- Deviation of the Master Plan (Perspective: 2025): [report](#) on Anitya area and [letter](#) to AVFO + FO ATDC (30/09/23)
- Tree cover affected: [report](#) and [map](#), and [letter](#) to CPWD (16/11/23)

2. Matrimandir lake: [report](#) (14/10/23)

3. Tourist/VIP access road through Buddha Garden and Siddhartha Farm: [letter](#) to LB Special Officer (07/11/23) and [report](#) (17/12/23)

4. Crown work:

- Pruning and transplantation: [letter](#) to AVFO + CPWD (12/12/23) and [report](#)
- Continued tree cutting despite NGT ruling: [report](#) (18/12/23)
- Kalabhumi borewell: AWS [email](#) (26/12/23), [letter](#) to CPWD (27/12/23) and [legal notice](#) (13/06/23)

All help is more than welcome and highly encouraged in these trying times. Indeed, unity is a journey, not a destination, and its essence lies in company, not the path itself. Let us keep nurturing the bonds that unite us, for in our collective efforts lies the transformative force that brings humanity closer together.

in Service,

LETTER FROM AVI BOARD TO THE AUROVILLE GOVERNING BOARD CONCERNING THE CUTTING OF TREES ON THE CROWN ROAD

Respected Chairperson and respected members of the Governing Board,

It is with a deep feeling of shock and dismay that we have received the news of the recent unjustified massive tree felling in Auroville on a built section of the Crown Road between the Solar Kitchen and Mahalakshmi Home in the Center of the City.

We have learnt that those beautiful adult trees now cut down had been planted in 2002 as part of the Asia-Urbs project, partly funded by the European Commission, which had considered the planning and design of the Crown Road as innovative. The planning was then carried out by the office of Mr. Roger Anger, Auroville's Chief Architect appointed by the Mother, taking into account all infrastructure requirements and other indications of the Master Plan. If assets which are created with funding from sources such as the EC are not protected and are wantonly destroyed, it could make it impossible to access funds for future projects.

We, the Board of Auroville International (AVI), have always considered it one of our crucial tasks to follow the Mother's expressed wish to connect Auroville with the nations of the world and their governments, because "it will do them good – it can do them a lot of good, a good that can be out of proportion to the appearance of their actions." (Mother's Agenda, September 21, 1966)

Actions such as the current one, however, directly counteract this honourable task. Auroville's good international reputation, which has been built up over decades and is based in particular on its unique achievements in the restoration and reforestation of a formerly barren stretch of land, is being damaged to the utmost by this act of violence against nature. These actions are particularly incomprehensible at a time when green city centres are seen as one of the most effective countermeasures against the overheating and drying out of cities and their surroundings as a result of climate change.

It is especially painful to learn about this situation as the trees that are now falling victim to the chainsaws were all offsprings of the one big Service Tree standing at a sacred place, the Samadhi of The Mother and Sri Aurobindo in the Pondicherry ashram, as they were planted with seeds from this very tree. These wonderful trees were already used to provide welcome shade for the users of this major road. In addition to being the children or grandchildren of the ashram Service Tree, they were intended to reduce global warming by providing oxygen, providing shade to cool the planet, and absorbing carbon dioxide.

When we read in The Hindu's article dated Jan 04.24 on this subject that according to the Foundation spokesperson: "Only trees that were planted in the right of way, either for timber or by residents as a mean of obstructing city development, are the only ones being cut, the Foundation reiterated", we can only state that the actual acts of the Foundation on-site do not in the least correspond with its words.

We believe that this is one action too far against which all Aurovilians, friends of Auroville and also Ecology's and Nature's friends must speak out. That's why we urge you to put a stop to any further useless tree felling and to work towards developing plans that avoid unnecessarily harsh interventions in Auroville's natural environment.

Let's not kill the beauty of Auroville! Let's not kill the beauty of the world!

Christian Feuillet - AVI Board Chairman
Friederike Muelhans - AVI Board Secretary

INNER BEING, FOLLOW-UP TO THE COMMUNITY

Dear community,

We would like to update you on how our initiative is unfolding, what will be its next developments and how you could participate and support it.

Following our first [call](#) to the Community, we had the great pleasure to receive more than 60 positive replies, Aurovilians and related, who are willing to participate. Thus, we are very much encouraged to move forward in this endeavour aiming at bringing our collective Psychic Being at the front in our Community.

For 2 months now we have started our audio-recordings related to how people are living their relationships with their Psychic Being, and we have achieved a first series of 14 interviews, out of which 5 are already available on [Auroville Radio website](#). One additional interview is released every week depending on the programs of the Radio and, by mid-February, we will start a new series of audio-recordings.

We are also starting some videos, for which we have requested the skills of different film-makers, and we will very soon release the 2 first films. These two wonderful personal sharings will, we hope, demonstrate the value of this film project to the community, and provide the first examples of many to come.

In 2024, we are thinking of creating several new aspects to this work, such as audio-interviews of multiple participants who interact with one another, sharings with the audience and enabling them to ask questions, etc. Your suggestions are welcome to make this topic as much alive as possible for the benefit of the Community.

Since we are developing the concept, expanding our scope of work and soliciting more professionals to help us carry out the technical tasks, your financial support would also be very helpful. **Please kindly contribute to FS account: Inner Being 251939**

You can send requests, ideas, concerns or whatever you feel would be helpful to us, by writing to the email being@auroville.org.in or innerbeing.auroville@gmail.com

As we are still in the period of wishes for 2024, our deep wish is that our individual and collective Psychic Being comes definitely forward at the front of our life, reshaping our behaviours accordingly, and that our whole community is driven by It, for the benefit of the world.

Thank you from our hearts,

The Inner Being team Carla, Dan, Iris

AS HAPPENED TO AN AUROVILIAN ON JANUARY 9TH AT THE VIKAS RADIAL

On the road this morning, driving slowly through the mess of cut trees left and right of me, trying to sort my heart and head about this slaughter, an autorickshaw pulls up next to me. The driver almost shouts at me (*in English, with the few words he has, so I paraphrase here...*): "Why did you let them cut these trees? Why didn't you fight more? Fight! These trees are everything we have! The small animals need the trees, what are they going to do now? Look, I am crying! I am going to write a letter! Tell me who to write a letter to! We have to fight! Let me help you fight!" We both had stopped our vehicles by the second loop of his tirade, and I (*in Tamil, with the few words I have, so I summarise here...*) attempt to justify (*myself*), empathise (*with him*) and explain (*to both of us*) why we stand here, amidst massacred trees, having this conversation. I fail. It makes no sense. And then we just look at each other for a moment and we both cry, and somehow that was enough because what else can you do when your heart is broken. Thank you, brother.

VOICES AND NOTES

TO THE COLLABOS

What do they want?

They wanted "the city of the Mother". They will get a soulless city of concrete and lanterns made in China.

They wanted a more disciplined Auroville. They will get dictatorship and corruption.

They wanted 4.7000 more Aurovilians. They will get 47.000 government employees.

They wanted a purer and more spiritual Auroville. They will get tourism and religion.

They wanted power. They will be dictated to by an iron fist.

One day they will cry tears of blood, but it will be too late.

Submitted by an Aurovilian

TO THE PEOPLE WHO DRAFTED THAT MASTER-PIECE CALLED DONATION CHANNELING PROCESS (WHAT A NAME!)

Auroville should be the place where one is encouraged to give, to give at all times, and in all kinds of manners. Giving should be a way of life for Aurovilians. But in your paper, giving is suspect; giving is highly suspicious; its motives have to be thoroughly vetted; and on the condition that you furnish all kinds of personal information, all kinds of guarantees, provided you fill the correct forms, provided that your project is considered to "align with the ideals of Auroville" (and who is to judge that, Torkil?), you may be finally allowed to give. Don't you see the irony of it all?

What you bureaucrats don't realize, what probably you don't even know, is that there is joy in the act of giving. With your heavy bureaucratic "process", you kill that joy. Yes, you are true killjoys.

I bet that not many people will fill your forms. Go to hell. We will give outside of your channels and your "channeling process"!

THE VISION-GOAL OF AUROVILLE

To all who wish to consciously participate, here is the *raison d'être* of Auroville, this City of Dawn envisioned and founded by the Avatars Sri Aurobindo and the Mother:

The Vision-Goal is the Divine Manifestation of the new apex species the Supramental being.

Read very carefully the following with all the infolinks so you may fully understand the integral requirements of being in Auroville as it has evolved at this point in ever-unfolding time under the legislated management and supervision of the Ministry of Education of the Government of Bharat:

"The whole earth must prepare itself for the advent of the new species, and Auroville wants to work consciously to hasten this advent."

<https://auroville.org/page/a-true-aurovilian>

To anyone who is still too attached to the old ways of nature:

"It is, in fact, a revolt against the whole universal Nature."

<https://incarnateword.in/agenda/12/december-11-1971>

"Man is a transitional being, he is not final."

<https://incarnateword.in/search?>

[query=Man+is+a+transitional+being&page=1&phrase=true](https://incarnateword.in/search?query=Man+is+a+transitional+being&page=1&phrase=true)

Auroville as a cradle for this hastened and intensified evolutionary Vision-Goal must be fully and integrally prepared as a modern, future-oriented Gurukul within Bharat Mata, the Guru of the World, that can support all the psycho-spiritual-physical needs of the new generation of transitional beings whom are the ever-awaking and conscious bridges, willing servitors, Hero Warriors and torchbearers of the Divine Consciousness-Force towards the Divine Manifestation.

The term "City of Dawn", with the Matrimandir Gardens as a beautiful well-tended example, implies a Garden City, the management, upkeep and sustainability of which is a conscious psycho-spiritual-physical collective endeavour supported by the Rule of Law of Bharat Mata which is a necessity in this transitional human stage of evolution prior to the advent of the new apex species the Supramental being.

Our three Core Ideals are very clear on this:

<https://auroville.org/page/core-documents>

Our Avatar founders have given us more than enough guidance, as Sri Aurobindo reminds us pragmatically, applicable in the widest evolutionary context and dynamics of progressive Auroville within Bharat Mata:

"The anarchic is the true divine state of man in the end as in the beginning; but in between it would lead us straight to the devil and his kingdom."

And adds that in the meantime:

"Governments, societies, kings, police, judges, institutions, churches, laws, customs, armies are temporary necessities imposed on us for a few groups of centuries because God has concealed His face from us. When it appears to us again in its truth and beauty, then in that light they will vanish."

The Mother reiterates:

"One is free only when it is the Divine who makes decisions in each of us, otherwise men are the slaves of their desires, their habits, of all conventions, all laws, all rules.... And the more they think themselves free, the more bound they are!"

"And it will be the perfect government when everyone is conscious of the inner Divine and obeys Him and Him alone."

<https://incarnateword.in/agenda/11/february-7-1970>

With all the individual uniques in varying levels of consciousnesses and capacities congregating here from all over the world, the central unifying glue of Auroville must be the Real-Idea Vision-Goal and guidance coming from our Avatar founders Sri Aurobindo and the Mother. These Integral Yogic Knowledge and Practices must be a conscious, consenting lived experience, otherwise it will be imposed by the Divine Consciousness-Force by crashing circumstances via the dynamic hierarchical power play of cosmic forces working through the human individuals themselves. This has always been so throughout human history and evolving life itself.

Thus we continue on as when the Mother opened Her arms and declares:

"I invite you to the Great Adventure..."

"Come what may!"

THE MAXIMUM

There is a maximum as well as a minimum, and that is to rise beyond this life into a higher existence, not necessarily for oneself alone or in order to leave the world and vanish into the Universal, but as the highest have done, as God Himself habitually does, to bring down the bliss, illumination and greatness of that higher existence into the material world of creatures. All that rises beyond the minimum to the maximum, even though it may not attain it, is the Para Dharma; the minimum is the apara. To be a good, unselfish and religious man is the apara or lower dharma; to reach God revealed and bring Him down to earth where He hides Himself, is the higher. This is the Secret Wisdom, which defeats itself if it remains for ever secret. For this the great Avatars, Teachers and Lovers come, to reveal Him in divine knowledge, to reveal Him in mighty action, to reveal Him in utter delight and love.

A REQUEST TO INCLINE THE CROWN

By Aurosatire

Before making our request we want to express profound gratitude to Auroville and its citizens.

Our grandfather's generation helped build the Matrimandir. While we are aware of its beauty, to be honest, it holds very little attraction to us. We are also aware of your efforts that raised water table levels and have reforested your area, which helped bring in rains for both of us, and may have helped cool our neighbourhood. But we are not really interested in water, climate, plastic, waste, and other ecological issues. We do use your forests for our dates (when we tire of the Pondy scene).

Our fathers are grateful to Auroville for livelihoods and development.

The first big thing our generation is grateful to Auroville is for the cricket ground. We revere Jürgen-anna and many of us benefit from it.

But now, all of us are overjoyed that you are building the Crown Road and cannot express our excitement enough.

A Request for an Incline

We have one particular request though. We know many have requested the road to be smoother, but what we want really is a greater incline.

There has been a request for a greater incline to collect stormwater. We do not really understand the technical details, but under that request, if you could incline the road 12 to 15 degrees, it would make for a wonderful race track.

You see, we plan to make the Crown into a race circuit. Maybe not world-class, but at least India-class.

We have organized ourselves into many racing groups and each group has been taken responsibility for an evening. Evenings when Auroville becomes The City That Roars.

The Roar Of A Two-Stroke Engine

Don't we all love speed?

We wish to thank the folks who introduced the ring in the galaxy, a completely anomalous astronomical feature—a first in the universe. A galaxy does not invite speed. But a ringed one, with a wide ring, invites the fast and furious. Breaking the 3 minute barrier for one round of the Crown should be easy. Will we ever break the 2 minute barrier? Come and watch!

We are so happy you removed the Solar Circle. Those annoying circles just slow things down. And frankly, that type of modern junk art does not belong in India.

We are also happy that you are putting in so many lights. That is a welcome departure from old Aurovillians who preferred darkness. We have enough videos of owls and night creatures to look at on our phone, good closeups. Now it is our time. Zooming on a brightly lit race track is a dream our fathers never had.

We noticed you are clearing the road area, removing trees and making the width extra wide for possible economic activity. We look forward to pizza shops and snack bars. We are sure in the future there will be lots of hoardings and billboards. The live screen ones (will not they be more environmentally friendly than your pvc banners?). You can make money on advertising, and everyone can enjoy the entertainment. This will help bring in crowds to watch and cheer. Today we do not dare say the word "b@rs", but still it will be one big party.

Reaching Critical Mass

If a cricket stadium can seat 30,000, the Crown can easily stand 50,000. Even much more. We can invite all the youth of the entire district. Yes, we will have a big party until whatever divine event you think will happen happens. You must have realized that this divine event cannot happen because of the Matrimandir only, which cannot hold that number. You needed to be crown-sized and we will help you fill it up. We assume that the thought of a Crown Mall is being discussed in your rooms. Pretty stores, not work areas. Motorcycle maintenance can happen in the back.

In the front should be fashion and glamour (they stand for beauty today, no?). Then a few car and motorcycle showrooms, and air-conditioner stores.

In the heat of the day we will not use the Crown road (just like you do not use your amphitheatre) and leave it for your VIPs convoys of air-conditioned cars. But in the evenings, after it cools down somewhat, it will belong to us.

Oh, the full-throttle roar of a 1000cc engine between your legs! It is an amazing dream.

A Few Amenities

We realize that some Aurovillians want a village-like place. While we always thought it was a city—a very foreign one, not Indian at all, with lots of auditoriums, museums, yoga studios, and walking space. A pedestrian city has appeal in the west, but not in India. Walking is definitely in our future, but definitely not in the present. Since you appear unhappy with your city, we suggest its now time for an Indian city (we thank the city lovers in you). Cities that do not sleep, and cities that have a buzz. And Auroville will buzz. We also request to create more public toilets and put many garbage bins. Honestly, we seem to like living in trash, despite all the waste education you have given us. Our mothers and aunties who do your cleaning and segregation are happy to work on our trash, so just plain single bins will do.

We are also grateful for Auroville city services such as the ambulance (our villages do not have any). Nobody wants accidents to happen, but there are risks, and we accept them.

At least the super-hot roads with no shade will keep cows away, one danger averted. Very smart, whoever thought of that.

You Are Invited

We have invited our brothers, the police force, to form a team and join us, as police presence always is good support, even if its our land only. They have indicated their interest in speed and learning how to catch us makes for good training.

For those who are aware of the environment or have big budgets, we will also have one quieter evening for electric motorcycles races.

We invite Aurovillians who want to ride fast to join us. You will need to unite and come together as one team or, of course, you can enter as many teams. Will you call yourselves The Integral Yogis? And in the spirit of Auroville, we have kept Sunday mornings for a women's league – we have some ladies who have expressed a desire to ride fast but do not want to race with men – we will approach Alisha Abdullah (one of our heroes who seems to be both loved in Delhi and TN). We know many Aurovillian women also like speed and power. Will they call themselves The Mothers Gang?

So, as you complete the final sections, the land deals for which have helped procure fancy motorcycles for some of us, we again request you to slope the road a bit more. As it is now, we believe we will achieve speeds nearing 120 kmph. Can you hear the roar? With a greater incline, we hope to reach 150 clicks—can you imagine the roar?!

When you rebuild your radials, please make them wide too. We will be able to create longer, complex routes and new formats of races, ones along force lines!

And when the Ring Road comes, Auroville will be the first spiral galaxy in the universe with a double ring. We will be inspired to produce more world class racers. Tamilians have recently produced so many chess masters. Together we can aspire to have more speeders like Narain Karthikeyan, Rajini Krishnan, and Sarath Kumar.

Looking forward to Crowning the City that Roars. And speeding together integrally to higher consciousness into the supramental (we know how much you love those terms).

Our eternal thanks to Auroville, *now* the city of *our* dreams.

A sacred gathering for the study and practice of the Integral Yoga of Sri Aurobindo and the Mother, founders of Auroville, the City of Dawn.

"The first necessity is the inner discovery in order to know what one truly is behind social, moral, cultural, racial and hereditary appearances. At the centre there is a being free, vast and knowing, who awaits our discovery and who ought to become the active centre of our being and our life in Auroville." — The Mother

We start right here, in the Eternal Now, from where we each are at this ever-progressive moment, and share our unique experiences on the path of rediscovering and embodying who we really are.

Animal Caretaker (Full time)

Commitment to long-term work (1 year). One month of voluntary trial month to learn about the work in a dog shelter as the position of animal caretaker is challenging and not for everyone. The person has to be a dog lover and also understand that our dogs are carnivores and are getting fed meat daily. We have a variety of tasks and responsibilities which an interested person can choose to take according to everyone's preferences and talents. For full-time time we require a work commitment of 5 days per week (we are flexible but if possible we also need persons who can work (sometimes) on a Saturday or Sunday as dogs need love and care every day. Working hours are from 9 am to 5 pm with 1 hour lunch break and two 15-minute tea breaks. The work is sometimes physically and emotionally challenging even though we respect everyone's limits. We are looking for animal lovers who share with us our vision to build up a model shelter for all India and are committed to helping realise it this year.

Administration Job (Part time)

Looking for someone to manage administration at the office. Someone senior who has work experience - good with people and communication - knows computer. Need is immediate.

NEW ACTIVITIES

Vocal Sound Healing

Restarts on Thursday 11th
January 2024

Practice and embody the power of the voice, your most potent healing instrument.

The voice is the only tool more powerful than the gong, especially your own voice, because you are self-generating the healing vibrations to shift energetic blocks.

The practice is about opening yourself up to a new way of exploring your voice.

Immerse yourself in this session, discover your own voice, take a step to experiment through sound, music and movement. No experience is needed.

Every Thursday from 4:30 - 6pm with Lola

For Giving Love

Transmuting heavy emotions with
Dr Laskow's tools

On Fridays, Marie-Claire invites you to an inner dialogue with yourself that helps you to let go of all heavy emotions and release energy patterns that could otherwise drain your energies.

Dr Laskow's tools guide you through a process of forgiveness to complete your own healing. Forgiveness does not mean forgetting or accepting what has been done. It does not mean loving others, which may or may not happen in the process. It's simply taking back the energy that you have bound up with your feelings about certain people, releasing energy patterns that might otherwise contribute to illness.

Weekly a session is offered on Fridays from 5:15 – 6:15pm

This is a drop-in event. No prior registration is necessary. Please arrive on time. Late arrivals cannot be accommodated in the class.

ATB explorations

(Awareness through the body)

A joyful space for discovering oneself and developing attention and relaxation.

"Whatever you may want to do in life, one thing is absolutely indispensable and at the basis of everything, the capacity of concentrating attention." The Mother

All are welcome - **Drop-in session.**

Watsu® & Meditation with Dariya

Thursday 25 & Friday 26 January 2024 (8:45am – 6:00pm: 15 hours)

Meditation is an important tool to listen, accept and know ourselves, and to become more intuitive towards ourselves and others. In our understanding, the purpose of meditation is to cultivate presence and peace of mind, which foster possibilities to connect to our unique essence and the world around us. It also encourages development of our intuition and perception through the heart, while allowing a sharper awareness through the rational mind. This might at times support making choices from a deeper and more authentic place.

Meditation essentially helps to develop our capacity for personal expansion and is the basis for our ability to deeply listen to and be fully present with the person we float during a Watsu session.

Prerequisites: Watsu® Basic. Certificate upon completion of the course.

Watsu® for Babies with Dariya

Tuesday 1 February 2024 (8:45am – 6:00pm: 8 hours)

Watsu for Babies is a beautiful and spontaneous way of experiencing the first childhood years and is open to all those, who would like to feel the joy of being in water with babies.

In this course, you'll discover that emotions arising from spontaneous movements in water open up extraordinary borders; they allow us to be in the present moment, simply listening to the breathing of the baby, while being supported by the healing powers of water.

Through some Tantsu and Ai-Chi exercises on land, you'll start listening to yourself and to the baby you hold in your arms. You'll also learn possible transitions of the Watsu sequence in order to expand it in creative ways for babies. Thanks to the collaboration with Gianni De Stefani, a senior WABA instructor, Dr. Riccardo Palumbo has been able to develop a new massage, which is introduced in this course to bring Watsu into the world of babies.

Prerequisite: Watsu® Basic or a degree to work with babies in water. Certificate upon completion of the course.

"HOME"

Director: **Franka Potente**, Germany, France, Netherlands, 2020

With: Jake McLaughlin, Kathy Bates, Aisling Franciosi

Overview: Home is a film written and directed by German actress Franka Potente -who sprang to success with *Run Lola Run*, followed by Hollywood roles in *The Bourne Identity* and *The Bourne Supremacy*. An international co-production shot in California, the film is her feature directorial debut. It tells the story of Marvin, a 40-year-old felon who returns to his Californian home town after serving a nearly twenty year sentence for murder. Receiving a cold reception from the community, he's forced to confront his past as he tries to reconnect with his terminally ill mother, Bernadette... But the question is: can a repentant law-breaker find forgiveness in the blind prejudice of provincial America? A profoundly human and simple film about violence, mistakes, regrets, forgiveness but also the joys that life offers, even when things aren't going so well...

AUROVILLE 2024 8TH FILM FESTIVAL

AUROVILLE FILM FESTIVAL 22-28 JANUARY 2024: A REFLECTIVE GATHERING IN CHALLENGING TIMES

Addressing the Essence of Our Gathering

In the midst of the challenges we currently face, the Auroville Film Festival 2024 stands not as a conventional celebration but as a contemplative and reflective gathering. We come together not to celebrate in the traditional sense, but to engage in a collective introspection, exploring through cinema the deeper meanings of what Auroville stands for, especially in turbulent times.

Films as Mediums of Reflection and Understanding

International Films: Reflecting on Global Unity and Resilience

- The festival's international film selection, including "All That Breathes," "Apnea," and "Aware: Glimpses of Consciousness," serves as a mirror to the world's current state, prompting us to ponder our role in fostering global unity and addressing pressing issues.

Auroville's Cinematic Contributions: Expressions of Inner Quest

- Locally produced films like "A MAATTRAM (A Change)" and "ADITHALAM (Basic Education)" are not just creative outputs but reflections of our inner quests. They provoke thought about our values and actions in the face of adversity and our pursuit of human unity.

Why This 'Festival' Now?

This gathering, which we call a 'festival' in the broadest sense, is an opportunity to pause and look within, to question and understand. It's a platform for us to explore what human unity truly means amid global unrest and violence. It's a time to reaffirm our commitment to the ideals of Auroville and to actively engage in dialogues that challenge and inspire us.

A Call for Thoughtful Participation

We invite the community to join this introspective journey, to engage with the films not just as spectators but as participants in a larger conversation about our collective future. This is a time for us to gather, not in festivity, but in solidarity and thoughtful contemplation.

For more information on our program and the deeper themes we will be exploring, we encourage you to visit our website and join us in this meaningful engagement. We will be screening films and hosting discussions at the Town Hall and online. Make your own film statement at the Kino Kabaret. There will be an opportunity to relax before the screenings over a meal at the concurrent Auroville Food Festival, listening to the best of Auroville musicians.

Together, let's embark on this reflective journey, reaffirming our dedication to the ideals of Auroville and exploring our role in shaping a world grounded in unity and understanding.

FO GROUPS NEWS

(not selected by due Residents Assembly process)

FROM THE FO WC - FO N&N 1008

DONATION CHANNELING GROUP (DCG)

Dear Friends, the establishment of the Donation Channeling Group (DCG) has been approved by the Governing Board in their 65th meeting held on 12 December 2023. Guidelines for the channeling of donations (dated 5th July 2023), have been finalized and circulated earlier by the FAMC (attached). The DCG team will roll out the donation channeling process from 1 April 2024, the start of the new financial year.

In preparation for this, all units/projects presently receiving donations (domestic, either from Auroville units or other Indian sources; or foreign sources) and those new projects / units which intend to receive them, are to immediately start to fill up a 'Project Registration Form' (PRF) and this needs to be completed latest by 15 February '24. The checkpoints attached to the PRF are based on the Donation Channeling Guidelines. They will also need to fill up a 'Donor Information Form' (DIF) for every donor from whom they will receive funds, or plan to receive a donation from one in near future. The link to the PRF & DIF forms are given below. Only those units who register themselves with the DCG will be able to receive donations through Unity Fund or via the donation portals. For larger donations, funds will be released to projects in tranches..

For every request for withdrawal of funds from the Unity Fund, a 'Funds Release Form' (FRF) needs to be filled in. All statutory rules and regulations and guidelines will have to be followed by the Projects / Units, including the maintenance of separate accounts for Foreign Donations. A letter of acknowledgement is to go to the donor for every donation with a copy to the DCG. A quarterly report will have to be sent to all donors (within the first month of the next quarter) with a copy to the DCG. Filing of Utilization Certificate (UC), 10BD and FC-4 will continue as earlier.

Some of the salient points of the process are:

1. Those seeking donations for the first time have to register before starting the process of fund-raising.
2. Approval of PRF will normally be done within seven working days of its submission. Rejection will be done only after discussion with the project holder(s) and the FAMC.
3. Non-compliance with the Guidelines and DCG process will lead to a pause in the release of funds and even a recommendation to the FAMC to replace project holders.
4. There will be no need to fill FRF if the request is lower than Rs 20,000 . SAIER units will get funds released through SAIER.
5. The privacy of donors will be protected and information will be divulged only for the purpose of compliance with the statutory requirements.
6. As per rule 8 of FCRA, only 20% of foreign donations can be used for administrative expenses (except for cases like salaries of teachers of a school or medical staff of a hospital).
7. For CSR donations, CSR Rule No. 7 permits admin overheads of less than 5% of the total donor's contributions during a financial year.
8. Prior permission of the FAMC is needed for donations towards a corpus fund.
9. The donation funds cannot be transferred to any personal Financial Service or bank account.

With this process we aspire to bring transparency and accountability to the area of donations in Auroville.

FUNDS AND ASSETS MANAGEMENT COMMITTEE

Guidelines for fundraising

Version 2 January, 2024

1. Background and Context

1. Auroville has been conceived as a universal township for the manifestation of the Auroville ideals and vision as given by the Mother. Auroville Foundation has been established as an autonomous body under the Ministry of Education, Government of India by an Act of Parliament 'for the purpose with a view to making long-term arrangements for the better management and further development of Auroville in accordance with its original charter and for matters connected therewith or incidental thereto'.
2. The development of Auroville as a township requires significant funding, of which a major part will come from donations, grants and contributions while the recurring expenditure of Auroville will increasingly be met from Auroville's own income generating activities as part of the vision of Auroville being a self-supporting township.
3. These guidelines have been prepared for the purpose of having transparent and effective processes relating to fundraising and the expenditure of funds raised.
4. This version of the guidelines for fundraising supersedes earlier versions.
