## CHAPTER XXVII - THE GNOSTIC BEING

In the consciousness of the Infinite individuality does not break up nor circumscribe cosmicity, cosmicity does not contradict transcendence. The gnostic being living in the consciousness of the Infinite will create his own self-manifestation as an individual, but he will do so as a centre of a larger universality and yet at the same time a centre of the transcendence. A universal individual, all his action would be in harmony with the cosmic action, but, owing to his transcendence, it would not be limited by a temporary inferior formulation or at the mercy of any or every cosmic force. His universality would embrace even the Ignorance around him in its larger self, but, while intimately aware of it, he would not be affected by it: he would follow the greater law of his transcendent individuality and express its gnostic truth in his own way of being and action. His life would be a free harmonic expression of the self; but, since his highest self would be one with the being of the Ishwara, a natural divine government of his self-expression by the Ishwara, by his highest self, and by the Supernature, his own supreme nature, would automatically bring into the knowledge, the life, the action a large and unbound but perfect order. The obedience of his individual nature to the Ishwara and the Supernature would be a natural consonance and indeed the very condition of the freedom of the self, since it would be an obedience to his own supreme being, a response to the Source of all his existence. The individual nature would be nothing separate, it would be a current of the Supernature. All antinomy of the Purusha and the Prakriti, that curious division and unbalance of the Soul and Nature which afflicts the Ignorance, would be entirely removed; for the nature would be the outflowing of the self-force of the Person and the Person would be the outflowing of the supreme Nature, the supramental power of being of the Ishwara. It is this supreme truth of his being, an infinitely harmonic principle, that would create the order of his spiritual freedom, an authentic, automatic and plastic order.

In the lower existence the order is automatic, the binding of Nature complete, her groove firm and imperative: the cosmic Consciousness-Force evolves a pattern of Nature and its habitual mould or fixed round of action and obliges the infrarational being to live and act according to the pattern and in the mould or round made for it. Mind in man starts with this prearranged pattern and routine, but, as it evolves, it enlarges the design and expands the mould and tries to replace this fixed unconscious or half-conscious law of automatism by an order based on ideas and significances and accepted life-motives, or it attempts an intelligent standardisation and a framework determined by rational purpose, utility and convenience. There is nothing really binding or permanent in man's knowledge-structures or his life-structures; but still he cannot but create standards of thought, knowledge, personality, life, conduct and, more or less consciously and completely, base his existence on them or, at least, try his best to frame his life in the ideative cadre of his chosen or accepted dharmas. In the passage to the spiritual life the supreme ideal held up is, on the contrary, not law, but liberty in the spirit; the spirit breaks through all formulas to find its self and, if it has still to be concerned with expression, it must arrive at the liberty of a free and true instead of an artificial expression, a true and spontaneous spiritual order. "Abandon all dharmas, all standards and rules of being and action, and take refuge in Me alone", is the summit rule of the highest existence held up by the Divine Being to the seeker. In the seeking for this freedom, in the liberation from constructed law into law of self and spirit, in the casting away of the mental control in order to substitute for it the control of the spiritual Reality, an abandonment of the lower constructed truth of mind for the higher essential truth of being, it is possible to pass through a stage in which there is an inner freedom but a lack of outer order, — an action in the flux of nature childlike or inert like a leaf lying passive or driven by the wind or even incoherent or extravagant in outer semblance. It is possible also to arrive at a temporary ordered spiritual expression of the self which is sufficient for the stage one can reach for a time or in this life; or it may be a personal order of self-expression valid according to the norm of what one has already realised of the spiritual truth but afterwards changing freely by the force of spirituality to express the yet larger truth that one goes on to realise. But the supramental gnostic being stands in a consciousness in which knowledge is self-existent and manifests itself according to the order self-determined by the Will of the Infinite in the supernature. This self-determination according to a self-existent knowledge replaces the automatism of Nature and the standards of Mind by the spontaneity of a Truth self-aware and self-active in the very grain of the existence.

## FROM THE RA WORKING COMMITTEE

### RECENT DEVELOPMENTS CONCERNING THE AUROVILLE COUNCIL MEETING ROOM

Dear community,

We would like to inform you that on March 11th, a number of current and former members of the Auroville Council received a notice by email from the so-called 'FAMC' of the Governing Board. The notice stated that "unauthorized users" must vacate the 1st floor meeting room and office space in the Town Hall by the 15th of March.

This notice to vacate ([attached](#)) is an overreach of power and an intimidation tactic that disregards once more the essential role of the Residents' Assembly and its duly selected working groups in the day to day management of Auroville.

We have responded to the unknown members of the 'FAMC' on 14th March ([see letter attached](#)) and have re-affirmed that this room has always been utilised by groups selected by the Residents' Assembly and that this will continue.

We invite all residents that wish to help maintain a presence in the Auroville Council room, which is also used by other essential groups such as the Entry Board and the RA BCC, to contact [avcouncil@auroville.services](mailto:avcouncil@auroville.services).

This is an important asset for the Residents' Assembly of Auroville and it has been protected from being taken over for over 20 months now. It is a testimony to our resilience. Everyone's participation and help is needed.

In community,

Aravinda, Bharathy, Chali, Mael (TOS), Sauro, Valli

### UPDATE ON JUDGEMENT RE ATDC

Dear Community,

Below is an update on the court decision regarding the constitution of the Auroville Town Development Council (ATDC), published on Friday, 15th of March. The full text of the order is [attached](#).

The decision taken by the Governing Board through a Standing Order of June 2022 to change how ATDC members are appointed was contested by a community member, and a member of the RA selected TDC, at the Madras High Court, arguing it contradicted the Auroville Foundation Act and our Master Plan (Perspective 2025), and limited the Residents' Assembly's input and role in Auroville's development.

The court carefully examined the roles of the Governing Board and Residents' Assembly under the Auroville Foundation Act and found that the new appointment process for ATDC members undermines shared governance and Residents' Assembly participation.

The Standing Order was therefore invalidated, emphasizing the Residents' Assembly's vital role in ATDC nominations and appointments.

The High Court stated that the impugned Standing Order is ultra vires the Act, which means it exceeds the scope of powers given to the Governing Board according to the Act, and it is in violation of the Master Plan (Perspective 2025) document.

In a significant passage [paragraph 12.3] the High Court Mentions that :

Further, from the ideals of the charter which are mentioned in the counter-affidavit, as also the ideals which are mentioned in the preamble to the Act and the various previous of the Act read in entirety, it would be clear that the development of Auroville town in a manner consonance with the ideals of the Mother is very much a critical aspect. The functional autonomy and the managing the affairs from inside are the hallmarks of the institution. The impugned Standing Orders grant power to the Governing Board and further, authorising the Secretary of the Governing Board to appoint any person as a member of the ATDC without the advice and consultation of the Residents' Assembly, is ultra vires the Act." It is clear from this passage that the physical development of Auroville being carried out in a manner that is in consonance with the ideals of the Mother is very much a critical aspect.

According the High Court [paragraph 14] "The Governing Board has powers to frame Standing Orders. It can prescribe the qualifications of the Members to be chosen by the Residents' Assembly as also provide for technical members. However, the selection/nomination of the said members can only be by the Residents' Assembly, though it may ultimately lie within the powers of the Governing Board to reject a nomination or selection of a particular person. The Governing Board arrogates the entire powers of the Residents' Assembly to itself and virtually nullifies its existence and role vis-à-vis the Master Plan"

The High Court further states that the provisions of the Act have to be read harmoniously. The overall superintendence granted to the Governing Board should be understood in the sense that the GB is not powerless if the Residents' Assembly or the International Advisory Council omit their duties or if their functions are not carried out properly, but not as if " the Governing Board can frame Standing Orders and permanently take away the functions of the other arms of the foundation namely, the Residents' Assembly or the Advisory Council. Nor it can entrust such functions to the Secretary of the Foundation" [paragraph 14.1]

The order of the Madras High Court set aside the Standing Order for ATDC of 2022 and it further states that the Governing Board may make fresh regulations provided they respect the Auroville Foundation Act and the observations (directives) set down in this Court Order.

Once again the High Court has emphasized the principle of mutuality among the different entities of the Foundation and we hope that it will be possible now to open a new phase for building the City of Auroville in a spirit of true collaboration.

In light of this order, all the works undertaken under the authorization of an ATDC constituted under an order that has been invalidated should be paused and reviewed. Additionally, all intimations for housing demolition or reallocation for development work that have come from the ATDC or signed by members of the ATDC, including the 'Reallocation Team', have no legal validity. A legal notice has been served by the lawyers for this case to the members of the ATDC appointed by the Governing Board, as well as to the Secretary and the Governing Board itself. In case anyone receives a communication signed by the ATDC (appointed by the GB), please inform us. If further activity on the radials and ring roads is observed, please inform members of the RA 'TDC' at [tdc@auroville.services](mailto:tdc@auroville.services).

With renewed hope and faith,

Your Working Committee

### FRUIT TREES LEASED TO HIGHEST BIDDERS BY OFFICE OF THE SECRETARY

Dear community,

We would like to inform you about the latest developments regarding the (mis)management of Auroville farms by the Auroville Foundation's Office of the Secretary (AVFO). As usual, neither the Residents' Assembly nor its legitimate representatives were involved in the process.

On 7th March, the AVFO published on its website ([www.aurovillefoundation.org.in](http://www.aurovillefoundation.org.in)) a tender document ([attached](#)) to lease much of Auroville's fruit trees ([see Annexure II in the tender document](#)) to external private entities.

In summary, this would give the right to the highest bidders to collect Auroville's organic fruits and to use them or sell them for their own benefit. Auroville farms, which already struggle with maintenance cuts and ongoing land exchanges, are now losing one of their main sources of income. With the survival of our farms in danger because of the AVFO's actions, one wonders if the Governing Board's emphasis on food sustainability was only a pretext to cover up other agendas.

We share with you, with their permission, a response sent by the Auroville Farm Group on 14th March ([attached](#)). We believe this response highlights a number of crucial points and we invite everyone to read it. We also shared this response with the Governing Board on 18th March ([attached](#)).

Additionally, we would like to inform you that we have issued a public notice in the press ([attached](#)) to notify potential bidders that transactions about the lease of Auroville fruit trees might be subject to legal challenges, disputes and litigations; land exchange was also included in this notice. Additionally, our media team has written a press release on the topic ([attached](#)).

We are extremely concerned about this new tendency to outsource and sell off Auroville for the purpose of financial gain and private interests. In the face of these repeated attacks on the body and soul of Auroville, we remain committed to standing for the ideals of Auroville set forth by the Mother.

In community,

Your Working Committee

Aravinda, Bharathy, Chali, Mael (TOS), Sauro, Valli

## FROM THE EXIT REVIEW COMMITTEE

### AN UPDATE FROM THE EXIT REVIEW COMMITTEE (ERC)

The ERC has been meeting on a weekly basis since its formation in January 2024.

We are pleased to say that a positive and harmonious group dynamic has been established in the process of our meetings; till now we have focused on studying the ERC Policy and the various documents related to it.

In 2020, the community process for the final ratification of the ERC Policy was interrupted by the Covid pandemic: the last steps of holding a General Meeting and an RAD on the subject, could not be done.

We are now ready to move forward with the ratification process and by this the Entry & Exit policy will be a complete one. A General Meeting on the subject will be announced soon.

We look forward to serving the Residents' Assembly to our best capacity.

For the Exit Review Committee,

Ashesh, Auradha, Bunty, Buvana, Dhandapani, Ganesh, Tineke, Rakhhal and Rakhee

### COMMUNITY SHARING

#### SELECTION PROCESS 2024

NOMINATIONS NOW OPEN!

18TH MARCH - 1ST APRIL 2024

Dear Residents,

We understand that there may be questions about the point of carrying out a selection process for the working groups of the Residents' Assembly now. We are aware that there is a feeling that there isn't much work to be done and doubts about being effective since the Office of the Secretary and the Governing Board have created and only recognize their own groups

(FAMC with BCC and Housing, Working Committee, ATDC). We are also aware that there is a sense of fear and insecurity on many levels that causes people to hesitate to be in the groups now, yet active participation from all during these trying times is more important than ever.

The Residents' Assembly is alive and continues to function. There is much work being done through its selected working groups and the larger Auroville family, and there are a number of practical tasks that are being carried out in all work areas, which need to continue. There is also now more space and possibility than ever to explore and make proposals for positive and creative initiatives and projects. We encourage all residents to sincerely consider themselves as a nominee in one of the RA working groups if they feel they have the needed skills and capacities. The community needs us all!

Building a strong, united and dedicated community, and manifesting the 'City the Earth Needs' is the call of the hour. This is not only our collective responsibility but also our aim for being here, our promise to ourselves and to the Divine Consciousness in the true spirit of Auroville.

We invite you to take part in the next Selection Process for the Auroville Council (AVC), Admission Committee (Entry Board) and Working Committee (WCom)\*.

According to [the selection process procedure \(PWG\)](#) (<https://shorturl.at/iCPZ2>), an Auroville resident can either nominate him/herself or nominate others to become Working Group members. All Aurovilians and Confirmed Aurovilians can participate in the selection process.

For more details (list of outgoing members, mandates, job description, requirements for candidates), please refer to [this document](#) (<https://shorturl.at/ikDHI>).

\* - Selection for the FAMC is postponed since the Residents' Assembly (RA) has resolved that the RA Working Committee would "coordinate the functions of the FAMC until such time as the circumstances allow for the selection and functioning of a new FAMC of the RA" (Ref. RAD/03/2024/AVC).

**TDC** selection will happen once new regulations are created by the Residents' Assembly for approval of the Governing Board (Madras High Court order dt. 15.03.2024).

#### HOW

- Online – please use the following link to submit your nomination or nominate others: [https://auroville.formstack.com/forms/working\\_group\\_nominations\\_2024](https://auroville.formstack.com/forms/working_group_nominations_2024)
- In person – a printed nomination form is also available from the AVC room in Town Hall. Please fill in your form and hand it over to the Residents' Assembly Service (RAS) members / resource persons every Tuesday between 10am and 12pm.

Please note, when nominating another person, the approval of the nominee must be sought prior to the nomination. If application is not complete, the RAS may seek clarification or additional information. If still incomplete the application may be discarded at the discretion of the RAS.

**Nominations will close on Monday, April 1st 2024!**

#### WHEN

The selection is planned for 27th, 28th 2024 (full days, timings will be confirmed in our future communications).

#### WE ARE LOOKING FOR...

**Silent observers, facilitators and other volunteers**

For the selection process, an Organisational Team will be created by the RAS comprising RAS members, silent observers, facilitators and other volunteers formed, according to the skills required for the process. Members of this team shall have no direct link with the potential candidates or selectors.

If you would like to join the Organisational Team, please contact us: [raservice@auroville.services](mailto:raservice@auroville.services).

**SELECTION GROUP**

In the meantime, RAS is forming the Selection Group. According to [the PWG 2022](#), the total number of Selectors should be 40: their names will be drawn completely at random from Aurovilians on the Master List. We will then contact them, providing the information they need to understand the Selection Process, and check if they will be willing to participate (the RAS is responsible for this process, and independent observers will witness the procedure to ensure that it is fair and transparent).

**Candidates for working groups and/or members of the Organisational Team cannot be in the Selection Group.**

~ Best regards,

For the Residents' Assembly Service

**AUROVILLE YOUTH WORK SURVEY 2023 - PART 2B**

Version: 2024-03-12 Done by: YouthLink

**Introduction**

This is part 2b of a survey conducted by YouthLink on the working situation of youth in Auroville. Part 1 was published last year in News&Notes 971 and 972, part 2a was published last week. The survey results will be published in News&Notes in 4 chapters:

- 2a - An Auroville youth perspective on education
- 2b - The work situation of Auroville youth in 2023
- 2c - The financial situation of Auroville youth
- 2d - A working youth perspective on Auroville itself

Part 2 is based on detailed in person interviews with 51 young Aurovilians between the ages of 18-30 in the second half of 2023. We consider this study representative of young Aurovilians aged 18-30, only the very young Indian females in the age bracket 18-21 are underrepresented.

**The Work Situation of Auroville Youth in 2023**

This sociological analysis examines the results of a survey conducted to understand the work situation of Auroville's youth aged between 18 and 30. Our in-depth interviews aimed to shed light on various aspects of their employment, including the types of work, working hours, job-finding methods, team roles, training opportunities, and the factors that shape their work-related preferences. The data gathered from 51 respondents offers insights into the employment landscape within Auroville and how it compares to opportunities outside the community.

**Employment Status**

Out of the 51 respondents in part 2 of the survey, 36 (71%) were actively employed, 7 (14%) were studying and 8 (16%) were looking for work.

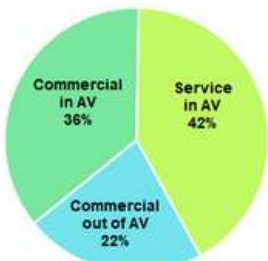

In the previous part 1 of the survey 89 (77%) respondents from 116 were employed.

In both study samples the employed respondents worked an average 2 years at their current workplace.

**Where do they work?**

Among those employed, 42% worked in service units within Auroville, 36% in commercial units within Auroville, and 22% in commercial companies outside Auroville. In the survey part 1 with 116 respondents we had a similar distribution. Notably, 6 of the 13 working in Auroville's commercial units were also founders of these units.

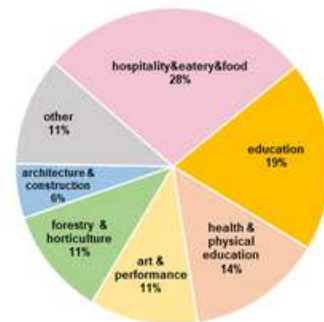

The respondents have often worked in several other places before. On average respondents worked in 2.3 workplaces in Auroville and in 1.8 workplaces outside of Auroville in addition to their current workplace.

**In which areas do the respondents work?**

Many work in the area of hospitality & eatery & food (28%), followed by education (19%) and health & physical education (14%).

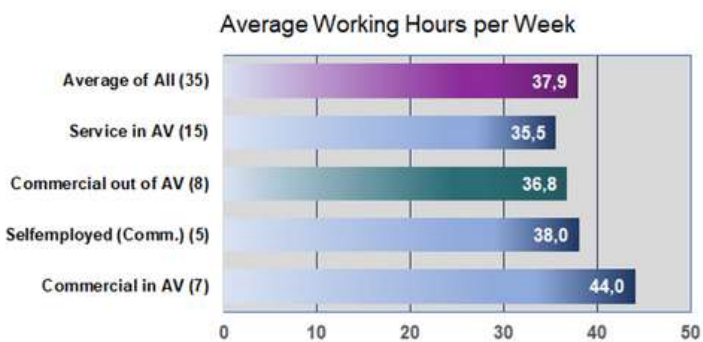

Some are working in art & performance (11%), forestry & horticulture (11%) and architecture & construction (6%). The others (11%) have single specific jobs. Half of the respondents also indicated that their hobbies could potentially serve as a foundation for another work area.

A categorisation is not always easy as several youths work in more than one place.

**How much do they work?**

The working hours among Auroville's youth exhibited a high degree of variability, ranging from 10 to 60 hours per week, with most working between 30 and 40 hours. Surprisingly, the work location has not much influence: respondents working in commercial companies outside Auroville work an average of 36.8 hours per week, in commercial units in Auroville do they work 44 hours per week in average, the self employed work 38 hours per week and in service units in Auroville do they work 35.5 hours per week in average.

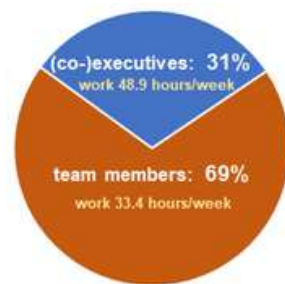

The overall average working hours were 37.9 hours per week, with 33% wanting to reduce their work hours, 44% content with their current hours, and 17% aiming to increase their work hours. Reasons for wanting to work more were driven by a passion for their work, while those seeking reduced hours cited a desire for better work-life balance, time for family, education, and other activities.

We also asked about caretaking work in addition to the job. 13 (36%) of the respondents do caretaking work for parents, children or relatives, ranging from a few hours to 50 hours a week, with an average of 15 hours.

Additionally, 15 respondents (42%) engage in unpaid volunteer work ranging from 1 hour to 20 hours per week, averaging 8.5 hours per week.

**Team Roles and Work Hours**

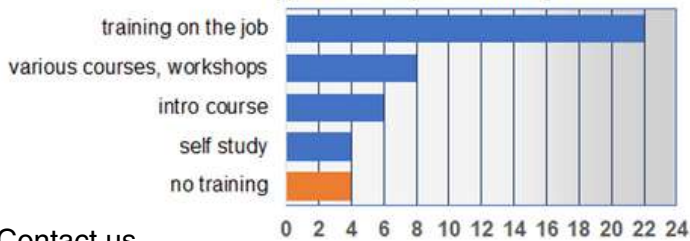

Several in Auroville emphasized the non-hierarchical structure of their teams. Nevertheless, 11 respondents (31%) find themselves in an executive role. The remaining Auroville youth hold team member roles (69%). The average workweek for team members was 33.4 hours. In contrast, executives work an average of 48.9 hours per week.

Half of the respondents pointed out that they are willing to take on more responsibility.

**Workplace training:** The majority (65%) reported that they received on-the-job training, with 38% exclusively relying on this form of education. Six respondents (18%) received an introductory course to their current work, while 8 (24%) others attended internal or external workshops or courses. Self-study was mentioned by only a few respondents, primarily among the self-employed. Notably, 4 respondents received no training at all, two of them work outside Auroville, and the other two hold executive roles within Auroville.

Types of workplace training received

**RESIDENTS ASSEMBLY'S RESOLVE:**

**THE GALAXY PRINCIPLES TRANSLATED INTO THE MASTER PLAN**

*In February 2007 the Residents Assembly approved the mandate and policy of L'Avenir d'Auroville/ATDC, concluding by these words:*

“The name of the organisation “L'Avenir d'Auroville (The Auroville Township Planning and Development Research

Organisation)” has been chosen for the following reasons:

– The name 'l'Avenir d'Auroville – Auroville's Future' has been given by The Mother.

– However, not many people will understand that this name is related to the planning and development of the Auroville Township. Therefore the suffix “The Auroville Township Planning and Development Research Organisation” makes sure that the outside world understands that this is the organisation which has the mandate and authority to plan and develop Auroville and that this is done in an environment of research and learning. This clarity will be needed when L'Avenir d'Auroville deals with outside agencies including the planning authorities of Tamil Nadu and Puducherry and other governmental bodies, and also with external consultants, contractors, advisors, donors, etc.”

*The resolve by the Residents Assembly concludes with two Annexes highlighting the essential principles of the Galaxy, to be translated into the Master Plan:*

**“Annexe 01**

Main Elements of the Galaxy Concept and Master Plan

- 50,000 Aurovilian resident population;
- Four zones: Residential, Industrial, Cultural and International;
- Matrimandir with its' twelve gardens and the lake at the centre of the city;
- The crown and the city centre;
- The lines of force that give the shape of the Galaxy;
- About 50% of the city area is green;
- Detailed city planning and development based on the master plan in a spirit of experimentation and innovation;
- Search for beauty.

Notes: The architectural forms, the choice of materials, the lay-out of parks and gardens, the different means of transportation, the required services and infrastructure etc. will evolve according to the needs, the advances in know-how and technology, experiments and new discoveries in: innovative, sustainable energy systems; sustainable water management including rain water harvesting; non-polluting transport systems; planning aimed at a collective way of life.

**Annexe 02**

*Matters to be referred to Roger for approval / final decision*

- Town planning aspects relating to the main elements of the Galaxy Concept and the Master Plan of Auroville (see Annexe 01);
- Urban design of the township;
- Architectural concepts (quality of architecture).

Note: Referral of matters to Roger should progressively reduce as it is expected that an increasingly mature and capable Planning Organisation will resolve most issues while respecting the main elements of the Galaxy Concept and the Master Plan.”

*No further resolutions were passed by the Residents Assembly. The complete document can be read in the Auronet:*

## OUR COMMON VISION-GOAL

As I have been in the field of Information and Communications Technology since 1984 and still very much engaged in it, here is my continuing take on Artificial Intelligence (AI)<sup>1</sup> which I find quite an interesting development in the Lila, this Divine Cosmic Play, and in the context of being a conscious participant in the Auroville of the Supramental Avatars Sri Aurobindo and the Mother.

The fact is that AI is coming in hyperfast, whether one likes it or not, and we have enough modern myths in fiction books and films warning of its dangers. Of course anyone is most welcome to go to battle with AI and its proprietors head on with our current limited modality as a human being. No one is stopping anyone. Go for it. Each must play one's unique role fully.

But what we are in Auroville for is to first hasten the advent of the new apex species the Supramental being that will have the Divine Power to change the obviously limited mental animal-human modality that is the core of the problem. Homo sapiens are easy slaves and puppets of adverse and hostile cosmic forces, formidable forces that use other humans and AI and whatever, but are nonetheless parts and parcel of the Lila as secret catalysts of change. Testers and exam-givers if you wish to re-label them. This is based on Sri Aurobindo and the Mother's revelations.<sup>2</sup>

So instead of wasting your time in the painful head-on battles typical of the false-separative mental consciousness, rather see the integrality of the Divine Play of the One unfolding as the All, and focus on with the specific purpose of Auroville. This is why one of the Mother's specific instructions for any aspiring True Aurovilian is:

"The first necessity is the inner discovery in order to know what one truly is behind social, moral, cultural, racial and hereditary appearances.

At the centre there is a being free, vast and knowing, who awaits our discovery and who ought to become the active centre of our being and our life in Auroville."

Of course each one has a unique way of achieving this discovery. My perspective is just one of them. You should be able to understand this if you read my posts on AI very, very carefully, instead of just having a knee-jerk reaction. You cannot stop AI with just that.

We must prepare consciously:

*"The whole earth must prepare itself for the advent of the new species, and Auroville wants to work consciously to hasten this advent.*

*Little by little it will be revealed to us what this new species must be, and meanwhile, the best course is to consecrate oneself entirely to the Divine."*

Why consecrate oneself entirely to the Divine? Because if not, then when AI is fully unleashed, you as the still limited mental-animal human with a false-separative consciousness will be enslaved, either brutally or as "happy morons", as Rajiv Malhotra puts it<sup>3</sup>. Freedom in a too mental-animal modality? Forget it...

And so:

*"The only true freedom is the one obtained by union with the Divine. One can unite with the Divine only by mastering one's ego."*

*That's quite specific enough that one must have the Consciousness of the Divine. And what is this Consciousness? It is Oneness. That All is One. All is the Divine. Including AI.*

What?!

*"It's extremely difficult for the Western mind to comprehend vividly and concretely that ALL is the Divine. It is so impregnated with the Christian spirit, with the idea of a 'Creator'—the creation on one side and God on the other!"*

Same with AI. Some humans on one side and AI and other humans on some other side.

*"In fact, this is what we have said more than fifty thousand times: that all is the Divine and that consequently all is One; that it is only your consciousness which is separated and in a state of unconsciousness because it is separated; but that if you remove this unconsciousness and this sense of separation, you become divine."<sup>4</sup>*

Of course one must have a True Experience of this Oneness to be more able to move on to the next stage of the Divine Dance, or "brutal battle" if you insist on the painful ways of going about with the ongoing ever-unfolding Spiritual Evolution of the Divine Oneness and Its Infinite many towards the Life Divine on Earth.

Anyway, as evolution is still evolution, here's the Mother even in 1971 insisting that we must make public Sri Aurobindo's prediction, connected to this technological advancement spearheaded by the West, as follows:

*"Europe prides herself on her practical and scientific organisation and efficiency. I am waiting till her organisation is perfect; then a child shall destroy her."<sup>5</sup>*

The Supramental Child.<sup>6</sup>

Very intense indeed.

To you as a spiritual being travelling the cosmic worlds life after life who may or may not have forgotten, we say "Welcome back to Planet Earth, to Bharat Mata the Guru of Nations, and to this City of Dawn of the Supramental Avatars Sri Aurobindo and the Mother."

And so we continue to prepare in accordance with Auroville's Core Ideals, our Common Vision-Goal, integrating positively everything that is unfolding on Earth in a Consciousness of Oneness, that everything that's happening is part and parcel of the evolutionary push to the Divine Manifestation of this Supramental Child:

*"Auroville will be the place of an unending education, of constant progress, and a youth that never ages.*

*Auroville wants to be the bridge between the past and the future. Taking advantage of all discoveries from without and from within, Auroville will boldly spring towards future realisations.*

*Auroville will be a site of material and spiritual researches for a living embodiment of an actual human unity."*

A living embodiment of an actual human unity, for our common Vision-Goal:

*"Humanity is not the last rung of the terrestrial creation. Evolution continues and man will be surpassed. It is for each individual to know whether he wants to participate in the advent of this new species.*

*For those who are satisfied with the world as it is, Auroville obviously has no reason to exist."<sup>7</sup>*

And again:

*"The whole earth must prepare itself for the advent of the new species, and Auroville wants to work consciously to hasten this advent."*

I asked this question to the Auroville Community: "Does everyone understand my stand now? Of course if the answer is still the big "No", then you are free to again jerk your knee while sincerely contemplating why you are really in Auroville."

We continue on, more easily and joyfully in the Sunlit Path of Bhakti to the Supreme Divine Mother MahaShakti<sup>8</sup>. To Her we offer All for transformation or dissolution.

Om Namo Bhagavate 🙏

## NEWS FROM AUROVILLE LANGUAGE LAB

Please remember to put your mobile phones on flight mode and switch off all wireless and Bluetooth devices before you enter the Lab. We are a wireless-free space!

### Something New: Evening Programs!

From **1st February 2024**, we are launched a new experiment. The Language Lab has extended its opening hours from 5pm -7:00pm, Monday to Friday. We are offering special evening programs which include conversational practice with native language speakers, talks, as well as self-learning and guided study in different languages with our mediathèque. Our regular day-time students are welcome to take advantage of these sessions as well for some additional practice. This is to revive an old idea of "language exchange" and "sharing languages". This program is free of cost to everyone: Aurovilians, Newcomers, Volunteers, Guests and people from around the Auroville area. The Language Lab has always been open to all and this program will be as well. Ever learnt a language but feel a bit rusty now? Come and revive it! All, including Guests are welcome to join. Come share your language with others!

Conversation Practice sessions would be Mondays for Samskrit Tuesdays for Spanish & Tamil, Wednesdays for French & Chinese, Thursdays for English (On the Auroville Charter and The Dream) and Fridays for German & Italian. Please come forward for other languages, especially Hindi! All are welcome for these sessions.

Do let us know if you would like to be part of this experiment and what you would like to receive and offer, either as a participant or a facilitator, by sending an email to [info@aurovillelanguage.org](mailto:info@aurovillelanguage.org) or a WhatsApp message to +91 98430 30355.

### Sanskrit Chants with Vishvanathanji

Learn Sanskrit Chanting in the light of Mother and Sri Aurobindo.

We will learn 8 traditional Sanskrit Chants, invocations to the Divine Mother, to deepen our aspiration, widen our receptivity, and to bring down in us samata, peace, courage, humility, sincerity, harmony, gratitude, and perseverance.

The sessions will be led by Vishwanathan, supported by his wife Lalitha. Their study of the writings of Mother and Sri Aurobindo has deepened and enlarged their understanding of the traditional Sanskrit chants and in turn the chants are a great help in their sadhana. They feel blessed to share these traditional Sanskrit chants.

**So, every Monday from 5 to 6 pm all are welcome to join to learn these inspiring Chants!**

#### Our first full-length publication:

We are delighted to share that our first full-length publication, "From Resonance to Bonding" by Dirk Beckedorf & Franz Müller, is now available on Amazon! The book gives an in-depth explanation of the Alfred Tomatis method, its scientific basis, how and why it works, along with detailed case studies. Order through our website: <https://books.aurovillelanguage.org/>

You can access the detailed Table of Contents, as well as 2.5 chapters of the actual book for free [here](#), before deciding to order through Amazon.

This book has information for a wide variety of professionals in different fields, as well as laypeople. For example, midwives, doulas, gynaecologists, as well as pregnant women, parents-to-be and recent parents, will find the chapter on "Resonance in the Womb" full of incredibly fascinating information. It is an excellent summary of all the research since Dr. Tomatis' pioneering work in the early 1950s, on the development of listening in the womb.

For now, in India, it is only available as a Kindle e-book. You can use a free kindle app to access it (mobile, tablet or desktop). We are looking for sponsors to cover costs of the first print run, so that it can be available as a paperback.

## WRITING FROM WITHIN

Writing from Within is a session to learn how to use the writing as a tool to get to know oneself, one's different sub-personalities, the unconscious strategies by which we sabotage ourselves but also the natural resources we have inside to overcome obstacles and evolve.

Moreover, many other creative writing exercises can also be practiced during the session, such as experimenting with sounds and rhythms of the words, rediscovering the innate talent of storytelling, reactivating lost creativity, exercising the inner muscle of imagination through memory, and much more.

The sessions will take place at the European House.

#### Duration of the session: 1h30min.

For the Info and to book your session, write at [ijustwannawrite.email@gmail.com](mailto:ijustwannawrite.email@gmail.com)

## MACBETH AT BHARAT NIVAS THIS WEEKEND

The "Tragedie of MACBETH" reflects back to us the enormous tragedy experienced by countries that live under a ruthless dictatorship. What is interesting is that the play lets us see how the dictator him(or her)self suffers. Not just the citizens of the country. Not just family and close friends, who pay the price for loving, but the perpetrator as they are caught up in a vicious cycle of triumph and defeat, normalcy and paranoia, calm and dangerous outbursts of irrational and ultimately, self-destructive, behavior. The one who needs to feel powerful, at the expense of others, is ultimately the one who loses everything and is left powerless. This can happen in communities, in politics, in families, in schools, anywhere where there is a strict hierarchy which excludes consensus building and disallows empathy.

Please join us!

Love,

Jill Navarre, director, the Auroville Theatre Group

Switzerland, 2023, Dir. Thomas Karrer & Karin Bucher, Documentary- Architecture, 84mins, German-French-English w/ English subtitles, Rated: NR (G)  
Le Corbusier had created Chandigarh, the capital city of both Punjab and Haryana. His vision was that of a humane and just city that would allow for the harmonious interaction of man and nature. Chandigarh is a synthesis of the arts and a bold utopia of modernity. In this award-winning film, on the 70th anniversary of the city, the directors accompany residents - artists, architects, social workers, restaurant owner on their daily life through the city and seeks out settings and scenes revealing the inspiring interplay of the utopian and the everyday. It is a multi-layered portrait of Le Corbusier's conception, a city created in a time of unrest, resettlement, and the Partition of India, and now stands for progress and a newly emerged democracy.  
This screening is made possible by generous sharing by the film makers, facilitated by the Embassy of Switzerland in India and Bhutan under the initiative Switzerland India 75 and AVI-Switzerland.

**"SHADOWS OF FORGOTTEN ANCESTORS"** (original title: Ukrainian: **Тіні забутих предків**)

**Directed by Sergei Parajanov, USSR, 1965**

**With:** Ivan Mykolaichuk, Larisa Kadochnikova, Tatyana Bestayeva

**Overview:** Based on the 1911 novel *Shadows of Forgotten Ancestors* by the Ukrainian writer Mykhailo Kotsiubynsky, Parajanov's film adaptation is considered to be the most internationally heralded Ukrainian film in history and a classic of Ukrainian magical realist cinema. It was acclaimed for its rich use of costume and colour and described as an "avant-garde, extravagant, sumptuous saga" and a "haunting work" that combined folk songs and atonal music.

**Synopsis:** In a Carpathian village, Ivan falls in love with Marichka, the daughter of his father's killer. When tragedy befalls her, his grief lasts months; finally, he rejoins the colorful life around him, marrying Palagna. She wants children but his mind stays on his lost love. To recapture her attention, Palagna tries sorcery, and in the process comes under the spell of the sorcerer... The lively rhythms of village life, the work and the holidays, the pageant and revelry of weddings and funerals, the change of seasons, and nature's beauty give proportion to Ivan's tragedy. The film will be presented by Alexander Pereverzev.

SAT 30TH MATCH @4:30PM

★★★★ Special Screening ★★★★★  
**The Village of Lovers**

**Saturday, 30th March @ 4:30pm in Cinema Paradiso**  
(75 min, English, Rated R - brief nudity)

Born out of the "free love" utopian movements of the 1960's and 70's, Tamera, an ecovillage in southern Portugal, is one of the most radical social experiments in human futurism. Recognizing that social change has to go beyond reactions to the dominant system. Tamera realized that building trust - especially in the most intimate areas of human life - was the missing key to long-standing cultural and political change.

Now, over 40 years later, when humanity's long-term survival has become increasingly uncertain, Tamera provides a regenerative and compassionate model for society, rooted in our reconnection to life.

The documentary will be followed by a discussion facilitated by Daniel Greenberg, former President of the Global Ecovillage Network and Friend of Auroville.
