PONDERING

Q. Can I remove the branches of shrubs which are overhanging and causing inconvenience to the inmates?

I cannot say yes or no, as all depends on the way it is done. It is not only the welfare of the inmates that must be taken in consideration but also the welfare of the shrubs.

CHAPTER XXVII - THE GNOSTIC BEING

In the gnostic being this self-determining knowledge freely obedient to self-truth and the total truth of Being would be the very law of his existence. In him Knowledge and Will become one and cannot be in conflict; Truth of spirit and life become one and cannot be at variance: in the self-effectuation of his being there can be no strife or disparity or divergence between the spirit and the members. The two principles of freedom and order, which in mind and life are constantly representing themselves as contraries or incompatibles, though they have no need to be that if freedom is guarded by knowledge and order based upon truth of being, are in the supermind consciousness native to each other and even fundamentally one. This is so because both are inseparable aspects of the inner spiritual truth and therefore their determinations are one; they are inherent in each other, for they arise from an identity and therefore in action coincide in a natural identity. The gnostic being does not in any way or degree feel his liberty infringed by the imperative order of his thought or actions, because that order is intrinsic and spontaneous; he feels both his liberty and the order of his liberty to be one truth of his being. His liberty of knowledge is not a freedom to follow falsehood or error, for he does not need like the mind to pass through the possibility of error in order to know, — on the contrary, any such deviation would be a departure from his plenitude of the gnostic self, it would be a diminution of his self-truth and alien and injurious to his being; for his freedom is a freedom of light, not of darkness. His liberty of action is not a licence to act upon wrong will or the impulses of the Ignorance, for that too would be alien to his being, a restriction and diminution of it, not a liberation. A drive for fulfilment of falsehood or wrong will would be felt by him, not as a movement towards freedom, but as a violence done to the liberty of the spirit, an invasion and imposition, an inroad upon his supernature, a tyranny of some alien Nature.

A supramental consciousness must be fundamentally a Truth-consciousness, a direct and inherent awareness of the truth of being and the truth of things; it is a power of the Infinite knowing and working out its finites, a power of the Universal knowing and working out its oneness and detail, its cosmicity and its individualities; self-possessed of Truth, it would not have to seek for the Truth or suffer from the liability to miss it as does the mind of the Ignorance. The evolved gnostic being would have entered into this truth-consciousness of the Infinite and Universal, and it would be that which would determine for him and in him all his individual seeing and action. His would be a consciousness of universal identity and a consequent or rather inherent Truth-knowledge, Truth-sight, Truth-feeling, Truth-will, Truth-sense and Truth-dynamis of action implicit in his identity with the One or spontaneously arising from his identity with the All. His life would be a movement in the steps of a spiritual liberty and largeness replacing the law of the mental idea and the law of vital and physical need and desire and the compulsion of a surrounding life; his life and action would be bound by nothing else than the Divine Wisdom and Will acting on him and in him according to its Truth-consciousness. An absence of an imposed construction of law might be expected to lead in the life of the human ignorance, because of the separativeness of the human ego and its smallness, the necessity it feels to impinge on and possess and utilise other life, to a chaos of conflict, licence and egoistic disorder; but this could not exist in the life of the gnostic being. For in the gnostic truth-consciousness of a supramental being there must necessarily be a truth of relation of all the parts and movements of the being, — whether the being of the individual or the being of any gnostic collectivity, — a spontaneous and luminous oneness and wholeness in all the movements of the consciousness and all the action of the life. There could be no strife of the members; for not only the knowledge and will consciousness but the heart consciousness and life consciousness and body consciousness, what are in us the emotional, vital or physical parts of nature, would be included in this integrated harmony of wholeness and oneness. In our language we might say that the supermind knowledge-will of the gnostic being would have a perfect control of the mind, heart, life and body; but this description could apply only to the transitional stage when the supernature was remoulding these members into its own nature: once that transition was concluded, there would be no need of control, for all would be one unified consciousness and therefore would act as a whole in a spontaneous integrality and unity.

FROM THE WORKING COMMITTEE

UPDATE ON CASES IN THE HIGH COURT

Dear Community,

This week has been very busy and intense for Auroville matters in the Madras High Court. Hearings took place every day from Monday, 25th March, through Thursday, 28th March.

- The cases challenging the two sets of regulations published in the Gazette of India by the Secretary, concerning Admission and Termination of residents and the Selection of the Working Committee, were listed on March 25th and then, after a short discussion, posted for another hearing on April 22nd.
- On Tuesday, March 26th, the appeal by the Secretary of the Auroville Foundation on the Working Committee case (judgement given by Justice Quddhose in August 2022) was listed along with residual TDC matters. They weren't heard due to lack of time and have been postponed to 10th of June after the High Court summer break.
- The Quo Warranto case was heard at length over two days on 27th and 28th March. Each hearing lasted for more than one hour. Arguments have now been heard from both sides and the judge has reserved her decision. (This means that she will be giving a final judgement even if she is moved to a different bench during the normal rotation on 1st April.) She has asked both parties to submit, in writing, a timeline of the events related to the Working Committee selection and appointment, without interpretations.
- On 26th March a petition was filed by an Auroville resident regarding land transactions, including land exchange. The petition asks the court to: A) order the Secretary to follow specified sections of the Auroville Foundation Rules, 1997, as well as financial rules of the Central Government, B) to cancel all registrations of land exchanges since 2021 that have not followed these rules. Yesterday, 28th, the judge issued a notice and the Secretary of the Auroville Foundation has been given four weeks time to submit a counter.

We are deeply grateful for the integrity and goodness of the lawyers who are representing us.

IMPORTANT COMMUNICATION ABOUT THE NEWS & NOTES

Dear Community,

This is an important communication about the News & Notes. Please take the time to read.

Background & context

We would like to remind you that in December 2022, following instructions from the Auroville Foundation Office (AVFO), the Auroville News & Notes began censoring the content received from a portion of the Residents' Assembly. The censorship was targeted at, but not limited to, the working groups selected by the Residents' Assembly, adding to a long list of actions intended to silence the voice of the wider community.

In response to this, a [collective letter](#) requesting the N&N managers to continue publishing the announcements of the working groups selected by the RA was signed by nearly 500 residents, AVI members, and well-wishers, and shared with N&N on 15th February 2023. On the 6th of March 2023, the AVI board sent [a letter to the AVF Secretary](#) requesting among other things "to allow the editors of News & Notes to be inclusive and include the reports of the RA groups as well, as it used to be". Both these communications were ignored.

Finally after many attempts of bringing the N&N managers to their senses ([see report](#)), in March/April 2023, the Auroville Council officially dismissed and replaced the existing managers with a new team.

Unfortunately, the old managers ignored their dismissal and continued publishing their censored newsletter. This newsletter continues to receive funds allocated by the AVFO 'BCC', the same 'BCC' which has progressively acted against the best interests of the community at large, with all manner of mismanagement of community funds, including arbitrarily cutting about 180 maintenances and extorting funds from units and individuals with little to no consideration for their well being.

The real Auroville News & Notes on the other hand has continued with a new team relying on funds creatively raised on a month by month basis. It was decided to call the real News & Notes the "RA edition" to differentiate it from the censored newsletter. This transition has not been easy with no financial support from the Central Fund and with the need for secrecy so as not to attract unwanted reprisal for the people involved.

However, for about a year the RA edition of the News & Notes has been released every week, thanks to a committed team of volunteering residents. Today, the RA News & Notes is sent to more than 3000 people weekly and it is also printed and distributed to most public places and to Aurovilians who requested it.

Important request

Regardless of all of the above, we have noticed an unfortunate trend whereby many residents continue to send their announcements and content to the censored newsletter, despite it not recognising the Residents' Assembly and its working groups. Sending your content to them supports the censorship of the Residents' Assembly, helping to legitimise and normalise the AVFO's actions. We ask you to please reflect that continuing to send them your content does have real consequences and further weakens the already beleaguered Residents' Assembly.

Therefore, we kindly ask that you please send your content to the RA edition of the News & Notes (newsandnotes@auroville.services) and not to encourage the censored newsletter. The RA edition of the News & Notes has a wider reach within the community than that of the censored newsletter so if you worry that you won't reach people this is unfounded.

COMMUNITY SHARING

YOUTHLINK'S VISION: A VOCATIONAL TRAINING CENTRE

YouthLink has served as a bridge to existing facilitators and organisations, offering logistical support for their programs and activities. We strive to address gaps in youth by supporting individuals to discover their passions, fostering community, and encouraging active contributions towards the Auroville community and beyond.

Over the past two years, YouthLink has focused on building internal team development, organising courses, programs and community events, and establishing connections with individuals and organisations.

YouthLink's 10-year dream is to create a safe environment where Auroville youth and youth coming to Auroville can explore, learn, and develop various skills and contribute to positive change without the need to leave the community. Through workshops and courses, we aim to equip young people with the skills to thrive within the community, pursue their ventures or train them for the units. The Vocational Training Center (VTC) will serve as both educational and social, welcoming people from around the globe and within Auroville.

After two years, the YouthLink team feels confident in our ability to hold space. We have cultivated connections and embarked on various projects. After the first year, we realigned our 10-year dream to our 5-year goal instead. Our efforts for the next 6 months will be centred around "software" development (i.e., the courses and the workshops) for our goal, utilising space and resources in Auroville while we assess the need and possibility of building the "hardware", a physical space. We aim to have a rough curriculum by July 2024, with various courses and gatherings offered on a semi-regular basis.

We had planning sessions over the last weeks and have developed a new organisational structure that will work towards our dream. Our new organisational structure is divided into 4 teams that look into various aspects of education and the physical centre:

1. **Hard skills**- Skills for the body and mind, which can eventually lead to a means of livelihood or an increase in quality of life (woodwork, mechanics, accounting, physical education, etc)
2. **Soft skills**- Skills for regulating feelings and emotions, which aid in interpersonal connection (communication skills, negotiation, public presentation, facilitation skills, etc)
3. **Community building**- possibilities for interpersonal bonding and providing a safe space (sharing circles, cooking food together, events, etc)
4. **Outreach**- Opportunity for external entities and individuals to connect to Auroville (tours, exchange programs, info centre, seminars by external experts, etc)

The Vocational Training Center (VTC) will be a campus that nurtures individuals through interpersonal bonding, and safe space, provides information through the form of courses, seminars, and lectures and to try out different things like a skill or a passion that can become a way of livelihood or a hobby.

If you would like to offer courses or workshops, host events together, or brainstorm more about the Vocational Training Center (VTC);

Kindly reach out to us

AUROVILLE YOUTH WORK SURVEY 2023 -

PART 2D

VERSION: 2024-03-12

DONE BY: YOUTHLINK

Introduction

This is part 2d of a survey conducted by YouthLink on the working youth perspective on Auroville itself. Part 1 was published last year in News&Notes 971 and 972, part 2a-c were published in last weeks. The survey results are published in News&Notes in 4 chapters:

- 2a - An Auroville youth perspective on education
- 2b - The work situation of Auroville youth in 2023
- 2c - The financial situation of Auroville youth

2d - A working youth perspective on Auroville itself

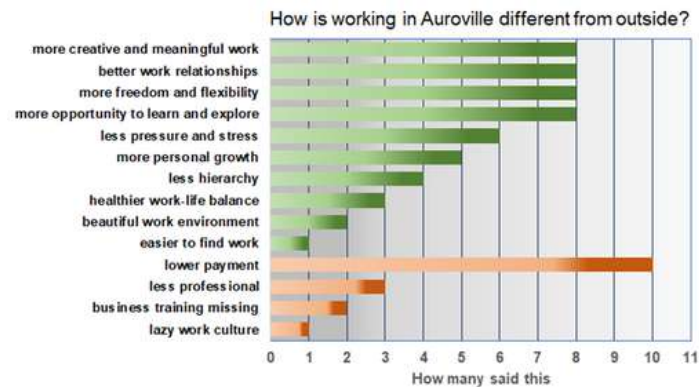

Part 2 is based on detailed in person interviews with 51 young Aurovilians between the ages of 18-30 in the second half of 2023. We consider this study representative of young Aurovilians aged 18-30, only the very young Indian females in the age bracket 18-21 are underrepresented.

A working youth perspective on Auroville itself

This is the last chapter of the Auroville working youth study, answering the questions how working in Auroville is different from working outside, whether low payment is a reason to leave Auroville and about the influence of Sri Aurobindo and the Mother on them.

Work in Auroville versus external work:

We asked those who experienced working both within and outside Auroville (31 out of 51) an open question: what are the differences? The big majority (28 of 31) expressed positive sentiments regarding work within Auroville. They cited among others and in different wording: more creative and meaningful work, better work relationships, more freedom and opportunities to explore and learn, less pressure and stress, more personal growth, less hierarchy, a healthier work-life-balance, a beautiful work environment and that it is easier to find work.

The main criticism centered around lower payment. A few critics (3) described the work culture in Auroville also as less professional, lazy, stagnant; - all of them are working outside AV and in a commercial context. The findings on average working hours according to respondents do not support the criticism of being lazy, see the analysis part on working situations: average working hours do not differ much between Auroville and outside.

Is low payment a major reason to leave Auroville?

Considering the main criticism on low payment in Auroville, we also asked the question, whether this is a reason to leave Auroville.

From the 35 working respondents, 15 (43%) said, low payment is a major reason to leave Auroville in the future and 7 (20%) said, this may be a reason.

There is some correlation with the place of work: working outside of Auroville makes it more likely to answer this question with Yes or Maybe (6 out of 6), working self employed in Auroville makes a No more likely (3 out of 5).

Other analyzed factors like gender, nationality (Indian versus Non-Indian), which Auroville highschool they visited or the reported impact of the writings of Sri Aurobindo and the Mother had no clear correlations with the answers on this question.

Influence of Sri Aurobindo and the Mother

Of all respondents there were 48 that answered the open question "Do the works of Sri Aurobindo and the Mother have an impact on your current life? In which way? ".

Only 2 said that their works did not really impact them. Some said they are somewhat (7) or indirectly (7) impacted. The majority of the interviewed youth (32 of 48 = 66%) answered with a clear yes, some enthusiastically.

How were they influenced? About half of the answers (20) mention reading Sri Aurobindo and the Mother, and a similar number said by living in Auroville. Education was also named, but to a lesser degree (10). Another influence named were people and mentors in Auroville (5).

How they feel and express the impact is very diverse and individual. The answers range from seeing work as yoga, motivation to grow and for lifelong learning, conscious living, human unity and world view; to guidance, clarity, compassion and emotional security.

Contact us

A big thank you to all our respondents for the time they took to carefully answer our questions and the trust they showed in us. We hope this study will give a clearer picture of the working youth of Auroville.

If you have any feedback, specific questions or would like to discuss the findings from this survey, please reach out to us at our email: youthlink@auroville.org.in.

OBITUARY

EVELINE PREIBSCH PASSED AWAY ON MARCH 26TH 2024

Eveline together with Ulf and Staffan took over the work with Auroville International in Sweden around 1983, and Eveline kept holding in the centre over the years, being a stable contact and connection between Sweden and Auroville. This work she did over many years with only periodic support of others.

The Auroville presence has been in Sweden and Scandinavia since the 60-ties, with a formal centre since 1974 and thanks to Eveline, up till now. For this we have much gratitude.

In Auroville Rajaveni, Balu and Samaran were her special close family and being a grandmother to Samaran meant a lot to her, her thoughts and care for him were always there. Eveline had gone through cancer in 2005 and since some years it had come back. The last two years she has lived a quiet life, giving up her regular winter visits to Auroville.

Eveline was a very strong woman who walked her path in life. Her leaving us makes a gap, the space she held was one of stability, straightforwardness and kindness and thinking about her it feels like she always, in her contained and quiet way held Auroville's special four qualities of goodness, generosity, equality and peace in her movements and actions.

She will be sorely missed by her daughter Sara and her family and friends in Sweden, Auroville and AVI.

She walks in the Light.

Globe & Mail, CANADA

Mr. President, I feel I have blood on my hands," said Robert J. Oppenheimer, the father of atom bomb, to Harry Truman in November, 1945. The President contemptuously offered Oppenheimer a handkerchief and said: "Well, here, would you like to wipe off your hands?"

After he left the Oval Office, Truman turned to Dean Acheson, Undersecretary of State, and said: "I don't want to see that son of a bitch in this office ever again."

Such were the passions that marked the Manhattan Project -- the story of the making of the A-bomb in 1940s in Los Alamos in New Mexico under the direction of physicist Oppenheimer and General Leslie Groves. This most awesome and grand collective undertaking to create the Ultimate Weapon is a rivetting drama that has made all of us, and all succeeding generations, willing or unwilling actors in a monstrous and tragic tale. And it seems to know no end.

The fierce and utterly unknown genie of nuclear power was first released 55 years ago on Point Zero in a desert in New Mexico in a test, blasphemously named The Trinity. With all their ingenious calculations, no one had quite guessed the immensity of power that was released in the explosion. Transfixed with fright, as the scientists and the others watched the desert lit "by a searing light with an intensity many times that of the midday sun," a passage from the Bhagavad Gita, the sacred epic of the Hindus, flashed into Oppenheimer's mind: "

If the radiance of a thousand suns were to burst into the sky, that would be like the splendour of the Mighty One.

Yet, when the sinister and gigantic cloud rose in the far distance, he was reminded of another line from the same epic:

I am become Death, the shatterer of worlds.

In the epic, the words are of Sri Krishna, the Exalted One, Lord of the fate of the mortals. On the tongue of humans, however, the words became menacingly foreboding. Man was now in possession of a mighty new instrument of darkness.

WAR AND CONQUEST

Why exactly have our Avatar founders declared these revolutionary statements the core of which is the very foundation and raison d'être of Auroville, this City of Dawn?

"Man is a transitional being, he is not final."

"Humanity is not the last rung of the terrestrial creation. Evolution continues and man will be surpassed. It is for each individual to know whether he wants to participate in the advent of this new species.

For those who are satisfied with the world as it is, Auroville obviously has no reason to exist."

And the reasons are crystal clear to all who have, against all odds, pushed intensely forward on their Existential Quest for Freedom, Joy and Peace on this most beautiful paradise that is Earth:

It is the imperfect mortal modality of the mind-born human being itself that is dragging us down in the dungeons of slavery, powerless by its obvious limitations against the brutal hidden forces and perverse puppet-masters of a mentalised universal nature.

Sri Aurobindo elucidates and reveals again the limiting factors:

"War and conquest are part of the economy of vital Nature, it is no use blaming this or that people for doing it—everybody does it who has the power and the chance. China who now complains was herself an imperialist and colonising country

through all the centuries in which Japan kept religiously within her own borders. If it were not profitable, I suppose nobody would do it. England has grown rich on the plundered wealth of India. France depends for many things on her African colonies. Japan needs an outlet for her overabundant population and safe economic markets nearby. **Each is pushed by forces that use the minds of rulers and peoples to fulfil themselves—unless human nature changes no amount of moralising will prevent it.**"

"There has been almost continuous war in the world—it is as in the history of the Roman Republic when the gates of the temple of Janus were closed only once or twice in its many centuries—a sign that the Republic was at peace with all the world. There have been in modern times long intervals between long wars, but small ones have been generally going on somewhere or another. **Man is a quarrelling and fighting animal and so long as he is so how can there be peace?**"

<https://incarnateword.in/cwsa/28/morality-and-yoga>

Thus the blazing hope that sprang upon the discovery of these two non-ordinary beings, the Supramental Avatars Sri Aurobindo and the Mother, who have not only brought down the Supramental Consciousness-Forces and generously left us with an Integral Revelation, the full operating manual for the hastened evolutionary transformation of consciousness and life beyond the mental animal-human, but also lovegifted us with a city-wide sanctuary, a living Gurukul now legally protected by the Guru of Nations Herself, to continue on with the seemingly impossible yet unstoppably inevitable Life Divine for All.

As willing servitors and Hero Warriors of the Divine Consciousness-Forces we march on against the now-almost obsolete gasping past that seeks to endure. With total certitude and faith to the Supreme Divine Mother MahaShakti we consciously consent to be Her instrumental bridges, fully involved in whatever unique role we each shall play that is our Swabhava and Swadharma, for the supremely decreed Divine Manifestation of the new apex species the Supramental being who will fully usher in the Golden Age, Satya Yuga. In Samatā¹, we Her True Aurovilians courageously continue on establishing Her City of Dawn for all the incoming Sun-eyed Children.

"The whole earth must prepare itself for the advent of the new species, and Auroville wants to work consciously to hasten this advent."

JOB OPPORTUNITIES

NOBODY WANTS TO HAVE A MAINTENANCE?

Despite offering an available maintenance position for many months, it seems that Aurovilians or Newcomers for some reason or another think that the Yoga of Work at the Auroville Dog Shelter is not worth their time or energy.

Yes it's hard work, you get sweaty, and wearing white is not recommended as a lot of lovely dogs will jump up on you, but we can guarantee you that if you understand what the real yoga of work is about, you will enjoy every second of it. If there are any individuals in Auroville who are not shy of giving themselves to the Yoga of Mother, contact us either for a full maintenance (5 days a week, 9 to 5) or two individuals can split one. No air conditioning provided, no time to read Savitri, just pure hands-on work. Are you ready for it?

A SATSANG ON THE INTEGRAL YOGA

A sacred gathering for the study and practice of the Integral Yoga of Sri Aurobindo and the Mother, founders of Auroville, the City of Dawn.

"The first necessity is the inner discovery in order to know what one truly is behind social, moral, cultural, racial and hereditary appearances. At the centre there is a being free, vast and knowing, who awaits our discovery and who ought to become the active centre of our being and our life in Auroville." — The Mother

We start right here, in the Eternal Now, from where we each are at this ever-progressive moment, and share our unique experiences on the path of rediscovering and embodying who we really are.

Facilitated by Zech Joya

Schedule: **Tuesdays and Thursdays, 5:30-7:00pm**

POETRY

Questioning drives me on wild
Quest drives me onward

-Anandi Z.

A SOFT SMILE

We can say soft because of hard,
Kindness because of violence.
The dualistic nature of Mind
Creates this divided mental world,
False-separative thus violent.
But despair no longer,
The Supramental is now here,
A Truth-Unity Consciousness,
Oneness Its functional essence.
Consciousness and Matter
Are no longer those others
But again One, together.
The hardness disappears
Into Eternal and Infinite softness.
To instantly transform the rigid
A soft smile the only needed.
On this Earth coming soon
A Life Divine.

ART & CULTURE

ART EXHIBITION BY CLAUDINE PARE

5 APRIL-4 MAY 2024 @ PITANGA

AUROLEC RESTAURANT & ART GALARY

MIRROR OF CONSCIOUSNESS

For many years, I sought to delve deeply into life's most profound questions: Who are we? Why are we here? What is next and ultimately where are we going? Does life end in a dark oblivion or is it simply a transition to another evolution? What does self-actualization actually mean? Why do we judge others (and ourselves) so harshly? What is the nature of love? What is the language of consciousness?

In order to address these very difficult questions, I attempted to mentally reconstruct the language of mathematics, arguably the most objective of sciences. Starting with $1+1 = 2$, I proceeded to question everything I had come to assume over almost fifty years of both formal education and autodidactic learning. I was determined to assume nothing, reconstructing both the objective and the subjective from the most basic to the most complex of mental and physical constructs.

More than ten thousand sketches and pages later and ten white paper publications (in mathematics and physics), I am publishing this curated compendium of my work spanning mathematics, physics, music, language and art. In fact, I've often found that my most significant self-realizations and discoveries in science almost always found their expressions through an artistic medium.

I strongly believe that the balance of art, science and number can have a powerful impact on human consciousness and evolution. I hope you sincerely enjoy this work, seeking to feel the sincere intention with which it has been both organized and conveyed.

Above all, I hope that it inspires you to ask life's most significant of questions and to realize that the most enigmatic answers may ultimately be found in the wonder of self-discovery.

Sanskrit Chants with Vishvanathanji

Learn Sanskrit Chanting in the light of Mother and Sri Aurobindo.

For now, in India, it is only available as a Kindle e-book. You can use a free kindle app to access it (mobile, tablet or desktop). We are looking for sponsors to cover costs of the first print run, so that it can be available as a paperback.

MINDFULNESS FOR STRESS REDUCTION (MBSR) - 1 WEEK COURSE

29TH APRIL -5TH MAY

This secular course synthesises the ancient Eastern wisdom on mindfulness with the Western science on stress reduction, positive psychology & neuroscience.

The course has been found to improve participants' ability to cope with the stresses of everyday life - giving space to respond to situations rather than react. It has been found to help with anxiety & depression, to help manage chronic pain & lower blood sugar levels, to improve emotional regulation; increase attention, focus & memory; and plant inner seeds of happiness, resilience, kindness & acceptance.

It is suitable for those new to meditation as well as experienced meditators looking to deepen their practice.

'It's actually something akin to a radical act of love just to stop in your life, just to drop in on the moment and be aware of what is going on' Jon Kabat-Zinn

We will meet daily from Mon 29th April to Sun 5th May. Course timings are **7.30-9.30am (daily) from Mon 29th April- Sat 4th May** and **8.30am - 12pm Sunday 5th May**.

MINDFULNESS - KINDFULNESS - HALF DAY RETREAT

SATURDAY APRIL 13TH (9.15AM-12PM)

This half-day retreat provides a chance for you to drop-in to yourself, to unplug from the stresses of everyday life, and shift from doing into being.

In this session we will focus on kindness, which is one of the foundational attitudes of mindfulness. Specifically we will be exploring how we soften, and be kinder and more compassionate towards ourselves.

Participants will be guided through a series of practices (in either seated or lying position) along with some gentle movement practices.

It is suitable for everyone - those new to meditation as well as experienced meditators looking to deepen their practice, but places are limited.

Whatsapp Helen on **7094753054** to register. The session is hosted by Inner Sight (a LEAD activity).

WRITING FROM WITHIN

Writing from Within is a session to learn how to use the writing as a tool to get to know oneself, one's different sub-personalities, the unconscious strategies by which we sabotage ourselves but also the natural resources we have inside to overcome obstacles and evolve.

Moreover, many other creative writing exercises can also be practiced during the session, such as experimenting with sounds and rhythms of the words, rediscovering the innate talent of storytelling, reactivating lost creativity, exercising the inner muscle of imagination through memory, and much more.

The sessions will take place at the European House.

Duration of the session: 1h30min.

For the Info and to book your session, write at ijustwannawrite.email@gmail.com

Doing No-Thing Consciously with Mike

- Mondays 4pm–5pm

The class format evolved into the following: "We are always doing 'things' outside and inside..."

In this exploration we'll take a conscious pause to allow our system to truly rest, to find its own neutral where it can recalibrate, recharge, harmonize.

We will seek to tune into our own self-healing ability by doing nothing, consciously stepping back and listening more deeply to our bodies.

Sri Aurobindo: 'It is by the thought that we dissipate ourselves... It is by gathering back of the thought into itself that we must draw back into the real.'

This is a drop-in class.

Woga 1 & 2 with Dariya

Sunday 7 - Monday 8 April 2024 (9:00am - 6:00pm: 12 hours)

Woga is the union of two words: water and yoga and based on classic yoga poses and stretches, modified for standing in pool water, which is waist-to-chest high. Sessions are structured like their yoga equivalents on land: breathing, warm-up exercises, a series of poses, and a relaxation period. The difference is that you are in a warm water pool!

Focus of Woga 1&2 is Hatha Yoga in water (asanas in standing position, on the wall, in floating position), pranayama and meditation. Thanks to decrease in gravity, water allows greater ease of movement, unblocks articulations, lengthens and melts muscles, and removes negative tensions, thereby preventing stress, insomnia and anxiety.

No previous experience required (also no need to know how to swim)!

Woga Instructors Training Course with Petra & Pooja

Tuesday 9 - Sunday 14 April 2024 (8.45am - 6.30pm: 42 hours)

In this 6-day course, you will acquire the basics of Woga, be able to use the potential of yoga in shallow water, learn a Woga exercise repertoire, and receive didactic and methodical material to offer Woga courses and/or incorporate Woga into your water fitness classes.

Topics addressed are Yoga philosophy in general, background of Hatha Yoga and Pranayama, practical and theoretical knowledge of the physical laws of water, which serves as the basis for a good general body feeling/image, and methodology and didactics for planning lessons in teaching Woga.

Prerequisites: Woga 1&2 AND a certified activity as instructor in aquatic sports or as bodyworker instructor, or long time bodyworker in any kind of activity.

Watsu® Yoga Round with Fred & Roberto

Monday 15 April 2024 (3:00 - 6:30pm)

Watsu Yoga Round is a powerful tool for deep relaxation and inner peace. It focuses on listening to the body and presence; it represents a way to come back to your heart, to an inner silence that is fully alive and vibrant. It is an invitation to feel, awaken and celebrate the energy of your being.

When immersed in warm water during the Watsu Yoga Round, the body does not suffer from the effects of gravity; the flow of movements and stretching, alternated with moments of stillness, invite a progressive well-being: body and mind become free to dance!

No previous experience required (also no need to know how to swim)!

Watsu® & OBA Basic with Dariya & Daniel

Tuesday 16 - Sunday 21 April 2024 (1:00 - 6:00pm: 31 hours)

Watsu & OBA are aquatic bodywork modalities given in a warm water pool (ideally 35°C). Watsu, the part where the client's face stays always on the surface, introduces the qualities and body mechanics required to work with someone in water in order to create a profound state of both physical and mental relaxation. During the OBA part the receiver is also brought under water (with nose clip), which offers a unique experience.

In this course, you will practice basic techniques and qualities (grounding, presence, stillness, movement, attention) of being and moving another body in water. You will experience floating other people and being floated, on the surface and under water, thereby creating space for deep relaxation and nurturing body, mind and spirit. Participants in this course often appreciate the group space, which fosters deep, meaningful and nurturing connections.

Prerequisites: no previous experience required.

Watsu® 1 TF (Transition Flow Yoga) with Petra

Monday 22 - Thursday 25 April 2024 (8.45am - 6.30pm: 34 hours)

A 4-day course on the surface only. Watsu 1 (Transition Flow) teaches to connect the basic movements and positions you have learned in Watsu Basic with long, gracefully flowing transitions and to adapt this work to people of different sizes, shapes, and dispositions. You will also learn about your own body mechanics and how to support and move each person as effortlessly as possible.

On land, you will be introduced to both Co-Centering and Tantsu, and explore what being held means to you and others.

Prerequisites: Watsu Basic

Fate of the Earth & The Freedom of Conscience
 Contemporary and Eternal Moral Dilemmas

A Discussion and Screening of the film *Oppenheimer*

Presentation and Discussion
 By
 Prof. Sehdev Kumar
 Nuclear Physicist and Historian of Science

- Some acts are questioned before they are committed.
- Some others are questioned after they have been committed.
- Most of them are never questioned.
- Are Forces of Justification and Rationalization, and Self-interest, far stronger than any Moral Impulse of dharma and the Human Conscience?

No event in the human history has impacted in more devastating ways, on the Fate of the Earth than the unleashing of the Nuclear Energy in 1945

In the light of the film *Oppenheimer* about the 'Father of A-Bomb', and the eternal Arjuna-Krishna dialogue in the Bhagavad Gita, this presentation explores questions of Global Peace and Human dharma.

Session I: Oppenheimer & Arjuna: Conscience & Moral Dilemmas 11:00 -12:00, Bhumika Hall
 Session II: Screening of the film 'Oppenheimer' 1:00 - 4:00, Auditorium
 Session III: Comments and Q/A, 4:15-5:30, Bhumika Hall
Sunday, April 21, 2024 Bharat Nivas Auditorium 11 AM - 6 PM

“SHOWER” (original title: 洗澡; Xǐ zǎo)

Directed by Zhang Yang, China, 1999

With: Zhu Xu, Pu Cunxin, Jiang Wu

Synopsis: The film revolves around a family-run bathhouse in Beijing. An aged father and his younger, mentally challenged son have been working hard every day to keep the bathhouse running for a motley group of regular customers. When his elder son, who left years ago to seek his fortune in the southern city of Shenzhen, abruptly returns one day, it once again puts under stress the long-broken father-son ties... Presented as a light-hearted comedy, Shower explores with a lot of sensibility the values of family, friendship, and tradition... After its premiere at the Toronto International Film Festival, Shower was selected for numerous film festivals, including Sundance, San Sebastian and Seattle, where it received many awards.

PAVILLON DE FRANCE ET DE LA FRANCOPHONIE PRESENTS "ONE SIDE OF THE ROAD"

A DOCUMENTARY FILM BY JALIL NORDMAN

Saturday 13 April 2024 at 4.30 pm at Cinema Paradiso-Town Hall

Language : Tamil, English / Subtitles : English. 87 minutes

A road runs through a village in Tamil Nadu. This road is a frontier that divides habitats, and it is a gateway to a wider world, the nearby industrial cities, a means of emancipation for some, but the enslavement of others in these rural areas. Between 2019 and 2022, four Dalits reveal their ongoing struggle to survive. These four characters from the same village, with their intertwined destinies, describe their daily lives through intimate and rare testimonies, which form a life journey around three extraordinary years marked by the international pandemic and its harsh economic and social consequences in rural India.

One side of the road is recently submitted to film festivals and has received some awards.

Jalil Nordman is PhD in Economics from University of Paris Sorbonne. He is Director of Research at the French Research Institute for Sustainable Development (IRD) and affiliated since 2004 to several research Institutions, among them the French Institute of Pondicherry (IFP). Jalil entrusted the musical direction of the film to Shanks Kini. Shanks is a professional Indian musician, independent music producer and multi-instrumentalist based in Auroville. Both will be here during the projection to present the film and answer questions after.
