PONDERING

Of those who possess a true value the power of Yoga will increase the value, but from one who has only some false appearance of art, even that appearance will vanish or else lose its appeal.

Divine Mother,

Do you wish us to try and intensively spread the Yoga in America?

Yoga can not be spread by any exterior means.

DIVINE INITIATION

Page 11

1. *Who has taken the initiative for the construction of Auroville?*
 - The Supreme Lord.
2. *Who participates in the financing of Auroville?*
 - The Supreme Lord.
3. *If one wants to live in Auroville, what does it imply for oneself?*
 - To try to attain the Supreme Perfection.
4. *Must one be a student of yoga in order to live in Auroville?*
 - All life is yoga. Therefore one cannot live without practising the supreme yoga.
5. *What will be the Ashram's role in Auroville?*
 - Whatever the Supreme Lord wants it to be.
6. *Will there be camping-grounds in Auroville?*
 - All things are as they should be when they should be.
7. *Will family life continue in Auroville?*
 - If one has not gone beyond that.
8. *Can one retain one's religion in Auroville?*
 - If one has not gone beyond that.
9. *Can one be an atheist in Auroville?*
 - If one has not gone beyond that.
10. *Will there be a social life in Auroville?*
 - If one has not gone beyond that.
11. *Will there be compulsory community activities in Auroville?*
 - Nothing is compulsory.
12. *Will money be used in Auroville?*
 - No, Auroville will have money relations only with the outside world.

13. *How will work be organised and distributed in Auroville?*
 - Money would be no more the sovereign lord. Individual value would have a greater importance than the value due to material wealth and financial position. Work would not be there as the means for gaining one's livelihood, it would be the means whereby to express oneself, develop one's capacities and possibilities, while doing at the same time service to the whole group, which on its side, would provide for each one's subsistence and for the field of his work.
14. *What will be the relations between the inhabitants of Auroville and the outside world?*
 - Each person is allowed full freedom. The external relations of residents in Auroville will be established for each one according to his personal aspiration and his activities within Auroville.
15. *Who will own the land and buildings of Auroville?*
 - The Supreme Lord.
16. *What languages will be used for teaching?*
 - All the spoken languages of the earth.

1965, 1969

If you ask Mother for news of Auroville, She will answer: Auroville is going well and is becoming more and more real, but its realisation does not proceed in the usual human way and it is more visible to the inner consciousness than to the outer eye.

FROM THE ENTRY SERVICE

ES # 232 DATED: 28-10-2024

The following people have been recommended by the Entry Board to join our community. Please share your feedback within 2 weeks for potential Newcomers, Associates and Friends of Auroville and within 4 weeks for Potential Aurovilians, Returning Aurovilians, Youth and Spouse/Partner of an Aurovillian in writing to auroville.entryservice@gmail.com.

We thank you in advance.

The Entry Board (Amy B., Don, Fabienne, Grace, Mirco, Sara, Sonja, Vadivel)

LEFT ON THEIR OWN

- Satheesh Kumar GAJENDRAN (Indian)
- Rahul SHARMA (Indian)

NOT ABLE TO JOIN AT THIS TIME

- Parthiban IYYANAR (Indian)

NOTE:

- A Newcomer becomes an 'Aurovillian' once his/her name has been confirmed by The Admission Committee (aka the Entry Board) after following due process.
- The date of becoming 'Aurovillian' is the date of confirmation. An Aurovillian confirmed by the Entry Board is eligible to participate in all community decision-making processes.
- The formal administrative step of entering new residents into the Register of Residents (RoR), is done by the Secretary of the Auroville Foundation. For this, a B-Form is filled in and signed by the individual and a meeting with the Secretary is arranged by the Entry Secretariat. However, until such time as a new Secretary is appointed, the meetings of Confirmed Aurovilians with the Secretary will be pending.

If you need to contact the Entry Board, write to: auroville.entryboard@gmail.com

Dear Friends,
As you may know, the Entry Service has been functioning with reduced capacity since January 2024.

The actions taken to stop the work given to the Entry Service by the Residents' Assembly persist. However, according to the Auroville Foundation Act, the power to admit and terminate names from the register of residents is within the exclusive domain of the Residents' Assembly. The new regulations were challenged before the Madras High Court and have been stayed, but have not been finally heard and disposed.

Be that as it may, the Entry Board team has been reconstituted according to the Residents' Assembly approved process and 3 ongoing members welcomed 5 new members. The team has been meeting regularly since May 2024.

However, we have been advised not to process new applications for the time being.

We intend to use this time to take up pending work such as requesting mentor reports, and Newcomer self assessments. We plan to resume completing the Newcomer processes, some of which have been left pending for over 6 months as soon as we are advised to do so.

We apologize for the delays however it has been due to circumstances beyond our control.

We pray for relief by the courts in due time.

Sincerely,
The Entry Service & Board

CLARIFICATION ON RECENT ARTICLE ABOUT MHC JUDGEMENT ON AUROVILLE WORKING COMMITTEE

Dear Community,

Below is a letter that was sent by us to the editor of The Hindu today in response to an article that appeared in the 24th October 2024 edition.

If you have any questions please free to contact us at workingcom@auroville.services or visit us during open hours on Tuesdays from 10 am to 12 pm.

In service,
The Working Committee of the RA
Aravinda, Bharathy, Chali, Maël (TOS), Matthieu, Prashant, Valli

To: Mr. Suresh Nambath,
Editor,
The Hindu, Chennai

Dear Respected Sir, In response to the article in your publication titled, 'Attempts to regulate Auroville's functioning are met with resistance and litigation says Madras HC', we request you to please take note of the following clarification and publish this as a letter to the editor or, ideally, as a new article, in order to provide a balanced perspective on this matter.

Recent press releases and various communications across media platforms, including in your publication, have suggested that the Madras High Court order issued on 01.08.2024 and uploaded only last week by a single bench, has given legal sanctity to the 7 members of the Working Committee of the Residents' Assembly of the Auroville Foundation recognized by the office of the Secretary to the Governing Board. In consultation with our lawyers, we would like to clarify the following:

- The order issued by the single bench does not provide a final or conclusive validation of the composition of the Working Committee. It merely states that the members cannot be disqualified through a Quo Warranto petition, indicating that the legal tool used in this case was procedurally unsuitable. Importantly, the order explicitly states:

"This Court cannot, and it is not inclined to go into the aspect of whether the respondents or, for that matter, the members of the petitioner Committee have earned any disqualification on this score."

- The petitioner in this case is the Working Committee of the Residents' Assembly, and the court seems to have expressed inability to decide that issue in light of the facts and circumstances recorded in the judgement.
- Moreover, we are advised to state that the single bench order does not, and cannot, override the previous orders of the division bench led by the Chief Justice of the Madras High Court. Notably, the division bench order dated 23.02.2024 states:

"Until further orders, the functioning of the Working Committee under Section 20 of the AVF Act shall not be interfered with by the Committee constituted under the impugned regulations and the Working Committee shall be one as constituted under Section 20(3) of the Act."

- It remains our stand that since the 7 respondents in the writ petition filed do not enjoy the confidence of the Residents Assembly, they cannot represent the Residents Assembly of Auroville.

SILVER FUND - EIGHTH REQUEST

MON 21ST OCTOBER 2024

“Auroville will boldly spring towards future realisations”

To BCC / FAMC & To Whom it may concern,

As FAMC, you have chosen to put this quote at the bottom of your emails: *“Auroville will boldly spring towards future realisations”*.

Let us explore in detail its esoteric significance in relation to your exoteric refusal to grant the "Silver Fund" to our 6 forest pioneers over 70 years old:

- This quote *“expresses a positive and hopeful outlook towards the future, suggesting confidence in what’s to come.”* But under your administration, in fact this optimism is postponed, confidence is declining, and trust is destroyed.
- *“The use of “boldly” implies facing the future with bravery and determination, without fear or hesitation”.* Without fear and hesitation you have removed, among other things, more than 200 maintenances. Bravo Bravo for your courage and determination.
- *“Spring towards” conveys a sense of energetic movement and advancement, implying rapid and enthusiastic development.”* Here too, your enthusiasm for impoverishing us has been phenomenal. We can only admire your sense of rapid repressive tactics.
- *“Future realisations” suggests new ideas, concepts, or achievements that have yet to be attained, hinting at innovation and breakthrough... We look forward to your managerial innovations which will not fail to be the fraternal expression of your administrative soul, individual and collective.*
- The quote speaks to *“a clear vision or goal, implying a purposeful direction for growth and development.”* That's right! You embody this avant-garde vision of "Business of All, by All and for All “ And for that, humanity as a whole will forever thank you.
- The quote likely refers to *“collective action and shared aspirations of its community.”* Alas! This is your weak point. Your superiority complex isolates you and prevents you from having shared aspirations but at the same time ennobles you and makes you a remarkable plutocratic elite. *“It conveys a sense of grand ambition and the pursuit of lofty goals.”*

Would you like us to elaborate on any of these points or provide more context about FAMC / BCC policies?

While waiting without suspense for a clear-sighted and spiritual response from you, we hope that you will not drag us backwards towards bygone and harsh winters.

Fraternally,
The Forest Group of the Residents Assembly of the Auroville Foundation

These are they who are conscious of the much falsehood in the world; they grow in the house of Truth, they are the strong and invincible sons of Infinity.

Rig-Véda. VII. 60. 5.

- Additionally, the single bench order of 1.8.2024 reiterates that the directions issued by the division bench on 4th September 2023 will govern the management and functioning of Auroville. The court recognizes that:

“The Residents’ Assembly may carry out its functions as provided in Sections 18, 19, and 20 of the Auroville Foundation Act without any interference.”

- To reiterate, Section 20 of the AVF Act, 1988, provides for the Working Committee of the Residents' Assembly of Auroville to be elected by the Residents' Assembly alone. This order mandates no interference with the Residents' Assembly and their Working Committee. Therefore, we are advised to state that the single judges order would be in conflict with the judgement of the division bench.

In light of these points, we are taking steps and measures to ensure that clarity is restored on this matter.

Sincerely,

The Working Committee of the Residents' Assembly of the Auroville Foundation

AUROVILLE DOG SHELTER

MONTHLY TRANSPARENCY REPORT OCTOBER 2024

Overview

- New admissions: 29 (322 since April 2023 - 18 tiny puppies dumped over the gate!)
- Rabies suspect cases: 1
- Adoptions and Releases: 7

- Vaccinations administered: approx. 100 (900 since start of the vaccination drive)
- ABC shelter dog sterilizations: 19 (129 since February)
- Deworming: approx. 100

Donations

This month was a huge challenge as we had started with Rs. 1.3 lakh in the minus from the expenses of last month. We also had to pay Diwali bonus to our workers. Our medicine stock is still depleted, so we cannot treat certain diseases as we need more money to order new stock at the moment. We cut all unnecessary expenses and even had to ration food for our dogs. We did whatever we could to fundraise, but not enough donations came in. Despite the severe budget situation, we continue our expansion project in a fight against the monsoon, working hard to finish the construction of the backside area to finally move some dogs and free up some urgently needed space. This October, Rs. 224.904 arrived in our FS account and Rs. 239.500 in our bank account, which includes Rs. 50.000 from BCC and also donations sent by AVI USA (USD 512) and AVI Germany (EUR 130). The donation amount also includes Rs. 47.500, which we have received for the paid sterilizations we conducted at cost price.

Expenditures

Animal Food: This month we had to reduce the food amount we give to our dogs as we didn't have enough funds. We fed our dogs 1.6 tons of rice, 1.5 tons of chicken, and 700 eggs, supplemented with donated food items like vegetables and daal which cost us approx. 0.8 lakh.

Staff Costs: Despite the serious funding situation, we decided to show appreciation to our hard-working staff and paid a Diwali bonus to every member who was entitled to it. Total staff costs for this month for our workers paid animal care staff, 2 veterinarians, and volunteers were approx. Rs. 1.98 lakh this month.

Medical Costs: This month, we could only buy urgent medicines and spent Rs 4.000. Our stock of medicines is exhausted after the last two months' free treatment program of 900 dogs and cats during our vaccination drive, and we require immediate funds to procure more. We have another Parvo outbreak among rescued puppies and don't even have the medicine to treat them.

Infrastructure Improvements: Expanding the shelter to gain space for rescues and sterilization by building the HOPE area has stretched our finances to the maximum. After having utilized the TNAWBI infrastructure grant for phase one of the project, which has been completed (dog secure fencing, channel system, drainage pond, water supply, electricity) we had to use Rs. 554.492 this month for fences, cement, gravel, water pipes, bricks, granite pillars, sand etc and other building materials. We are still lacking funds for 200 meters of fence (Rs. 28000) so that we can open our new enclosures for our beloved residents.

Expansion of HOPE: Serenity Building Improvements and Sterilizations

As part of our shelter temporary expansion, as we have to spend another monsoon season in the old crumbling shelter, we're happy to report on the recent improvements and plans underway to increase our

sterilization efforts. Thanks to Youth Center and Youth Link, we received 20 dog houses, which our dogs love! To enhance these houses further, we reached out to Matrimandir for additional plastic cutoffs from the lake project to create more durable flooring for the dog houses.

In addition, our Serenity Building is undergoing a significant transformation. Previously, it housed six cells that, because of poor ventilation and a hot metal roof, were a horrible place for dogs to live. With the HOPE area nearing completion, we are able to make each of the six rooms in the Serenity Building into individual dormitories, each with a private garden and a dog house. These enhancements will allow the dogs to enjoy outdoor space and have a cozy and dry place to sleep at night while freeing up our smaller front enclosures for space to be used for post-sterilization recovery.

This shift opens the capacity to increase sterilizations from 4 to 20 per week, enabling us to reach 1,000 surgeries annually, a level that would finally solve the overpopulation issue for good. However, this increase requires an estimated Rs. 15 lakh in funding to cover the projected free-of-charge 1,000 sterilizations. We are doing all we can to fundraise to reach this goal, which will improve the animal situation dramatically in Auroville and the entire area.

Join the Auroville Dog Shelter Fundraising Team!

We are using every free minute trying to raise essential funds for our shelter and dogs, yet the support we urgently need hasn't fully arrived. To expand our reach and impact,

we've created a dedicated fundraising group, and we're looking for passionate individuals to join us! If you have experience in fundraising, particularly with Corporate Social Responsibility (CSR), or simply want to help organize and execute creative fundraising activities (including street collections on weekends) on weekends, we would be incredibly grateful for your support. Let's come together, guided by the spirit of service and integral yoga, to make a difference! Be part of this change!

Support the Auroville Dog Shelter Petition

In recent months, we've been reaching out to members of the Auroville administration to emphasize the urgent need for increased funding for the Auroville Dog Shelter. Currently, our monthly support stands at Rs. 50,000, which is insufficient to cover the Rs. 3 lakh necessary for basic survival. Despite our efforts, our appeals have so far fallen on deaf ears with the outgoing administration.

To amplify our message, we've started a petition, which has already gathered over 800 signatures in a short time. We hope this initiative will encourage the incoming Auroville administration and new members of working groups to reconsider their short-sighted stance and support the monthly funding needed for the municipal shelter so that we can continue to serve the AV Community. Once the new Auroville Dog Shelter is built we strive to become 100% self-sufficient by earning our own income to keep the shelter running and constantly evolving.

If you want to add your voice for Auroville's Voiceless and support our cause, please consider signing our petition (<https://www.change.org/AurovilleDogShelter>). You can choose to remain anonymous

Volunteers Needed: Be a Part of the Auroville Dog Shelter Team!

It's that time of year again. With countless puppies being abandoned due to the lack of sterilizations, and with the arrival of monsoon season, our shelter is in greater need than ever.

We're calling for volunteers who want to make a difference, rain or shine, by joining us in caring for Auroville's animal friends. If you have a passion for animals, we have many ways for you to help! Join us in dog walking, puppy washing, wheelchair training, assisting our vets, or contributing in any other way that suits your skills. Reach out to us on WhatsApp for more information: Arthur - 81222 25266.

Resignation of Shelter Executive

Joseba, who has served as an executive at our shelter, has announced his resignation due to personal reasons unrelated to the work and mission of our organization. We extend our heartfelt thanks to Joseba for his contributions and dedication during his time with us. Our current executive team comprises Tine and Mar, who remain fully committed to the shelter's mission and ongoing projects.

New Auroville Dog Shelter - update/no update

The recent changes in Auroville's administration, with no new Auroville Secretary appointed as of yet together with the sabotage of the project by certain individuals have caused delays in releasing our already allocated Rs. 2 crore of government funds and issuing the building permission NOC for the RERS site. These approvals are crucial to moving forward with our long-delayed new Auroville Dog Shelter construction. We understand that significant changes within the Foundation's personnel are anticipated soon, and we remain hopeful that the upcoming administration will help us advance our plans for the new shelter swiftly.

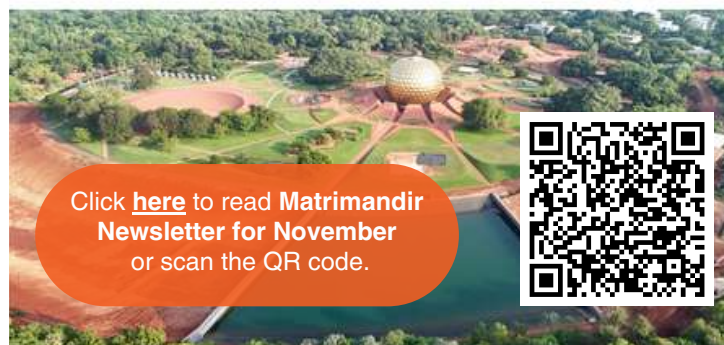

We are looking forward to continue serving animals and the Auroville Community

SEEKING OUR INNER BEING

ORGANISATION AND PSYCHIC

Dear Community,

The 'Seeking our Inner Being' Project is launching a series of discussions on the topic of: **"Organisation from a Psychic* Perspective."**

These discussions are held in one's mother tongue, in order to cover a variety of languages in the Community, to capture the subtleties of experiences and to be accessible to a maximum of people.

The conversations are recorded by Auroville Radio and will be displayed soon to the community. So far, sharings have been hosted in French, Tamil and with YouthLink. English and Italian circles are coming up soon.

You can come forward if you wish to create your own group or join an already existing group, by sending an email to us.

Individual participation is also possible and you can share your personal ideas by replying to the 3 questions below that are guiding the circle conversations. The replies will be compiled and shared in a further stage to the community, with your name or anonymously, according to your preferences.

1. How do you personally relate to the 3 statements at the base of the creation of Auroville: the Dream, the Charter and To be a true Aurovilian?
2. What could be an organisation driven by a Psychic perspective?
3. How to hasten the shift of consciousness in the world and how could you personally and practically participate in it?

We thank you for your participation,

Dan, for the InnerBeing Team

RESIDENTS SPEAK

PART 1 - VIKAS RADIAL WORK QUESTIONED

AUROCITY NEWS DESK

Sunday 27/10/2024

Communities along Vikas radial had many questions about the work that started on Wednesday. They sent emails with questions about the work, timeline, plan, and even how it was going to affect the trees.

Below is one letter that was sent after watching the maddening disruption for three days by one community. As of Tuesday, it was not answered.

Auroville Foundation TDC

Townhall

Auroville

Dear Sindhuja/ Govind/ all,

We are disappointed that the work on the radial is happening without any prior communication to the communities impacted. And that our needs during this considerable work at the only road accessing our communities are being ignored.

We have learned that this work is estimated to last 3 months and we are concerned that this work is starting at the very beginning of the monsoon period. At the moment, there is no stable surface creating a precarious situation for our vehicles and emergency services to pass through or even access. The coming rains will only make this worse.

Recognizing that we have many elders for whom navigation on rough, unstable, or slippery surfaces is a challenge, we request that safe access be given to all communities during the interim and that the removal of the older surface and application of the new or temporary surface be done in phases so as to minimise disruption.

The Vikas Radial serves its residents well. If one of the main reasons is to create infrastructure connectivity between the 2 sides of the road every 25m, we request you to reconsider the need for the huge scale of this current workplan. The spacing between buildings is far more than 25m. We have seen how the Road

Service created the sewer line from Vibrance to the opposite side of the road with minimal disruption and cost. This model could work very well for the existing radial, while any new parts can use the new design.

We request someone from your team to meet with the impacted communities and provide an actual update on the plan, timeframe etc. and get input before any more work is done. It can happen Monday or Tuesday before Diwali, avoiding further disruption while minimising delay.

Thank you,
For the Community

PART 2 - VIKAS RADIAL WORK STOPPED

AUROCITY NEWS DESK

Monday 28/10/2024

Tired of being ignored, actually more like purposely stomped on, Auroville residents affected by the sudden onset of the digging up of the most used road gathered at the site of work on the Vikas radial.

They prepared a list of questions to be relayed to Town Hall by the supervising engineer at the site. The young man was most courteous but unable to answer questions or get any of the people in charge of the project to come and answer.

The people had a long list of questions that needed to be answered:

1. Why were not there any announcements about the activity informing the affected population and allowing users to prepare alternatives?
2. Considering the large number of people who are uncomfortable driving two-wheelers on bumpy, muddy, unstable, or slippery surfaces, access and alternatives (including diverting heavier traffic) need to be provided.
3. Vikas Radial was the best road in Auroville, what was the need to redo it? Trenches can be dug as needed for existing communities along road at much less cost and disruption.
4. Aurovilians wanted to know the basics of the planned road: how much wider? higher?
5. A major issue was about timing during the monsoon. The monsoon would cause havoc with the alternative paths and also delay the project. Why work on the busiest radial during the worst period of the year?
6. Some wanted full details of the project:
 - i. Detailed Estimates
 - ii. Cross-section of the road and the trenches
 - iii. Good For Construction Drawings
 - iv. Detailed Project Report

The CPWD website only has the following:

- i. Notice Inviting Tender
- ii. Letter of Authorisation
- iii. Letter of Commencement.

After watching a couple of truckloads of road being removed, the people asked for a pause until an answer via email or in-person was received.

Work was stopped and the supervisor got a roller to go over the exposed blue-metal layer and removed obstructions to the entry/exit paths of communities. The workers with their vehicles were sent to work on other radials.

PART 3 - PETITION TO STOP LAND EXCHANGES

SUBMITTED

AUROCITY NEWS DESK

Wednesday 30/10/2024

A group of concerned residents made a petition to the Sub-Registrar Vanur.

The Sub-Registrar politely received the petition and acknowledged that there is probably wrongdoings and he is aware that this matter is under investigation.

He assured the group that ever since complaints have been received, he has not carried out any further exchanges. He plans to continue to stick to the stance till the time clarity is received from his superiors that he can go ahead with registrations.

He also pointed out that recently one request for one exchange registration had come and he has already put that on hold and hold pending inquiry. An educated guess is that this is the reason for ex-Secretary Jayanti Ravi's visit. The residents are awaiting to see what pressure will be applied and what will be the result.

The Sub-Registrar also appreciated the representatives from the Residents Assembly preparing the petition, listing the facts and identifying the wrongs and who all are investigating it.

He had an idea to share the petition with whosoever comes for a land exchange registration.

As a follow-up action, the Resident Assembly group plans to send the petition to the other officials in the Land Administration of Tamil Nadu by our registered post. This includes the Inspector General of Registrations in Chennai, the District Registrar in Tindivanam, and the District Collector.

The petition included attachments like the newspaper announcement that Resident Assembly does not agree with the registration and letters by the local representatives, MLA, MP, asking them not to do this.

The news service will share all the files with all the residents in the next edition.

PART 4 - FOUNDATION INSIDERS PROTEST LAND

ACTIONS

AUROCITY NEWS DESK

Tuesday 29/10/2024

The Diwali season is clearly explosive in Auroville. In what has been an action-filled week, the latest outburst came from inside Town Hall itself.

A strongly worded letter signed by Selvaraj and Tine (members of the Not-the-Residents Working Committee), Rajavelu and Venkat (Not-for-Residents Land Service), Jacques, Jayendra (new members of the Not-for-Residents Land Service), and Satyakam (Consultant) protested against the extremely Auroville-draining land exchanges that have occurred.

The 4-page missive was uploaded to Auronet and pulled down quickly by another of their colleagues. But the damage was done as a few residents downloaded the document and shared it over social media.

Excerpts from the document show the level of depravity emanating from Town Hall that even their own team is getting disgusted:

... the Working Committee received one land exchange proposal which is ready to be registered, but not from the official AV Foundation side but from another source. The Working Committee has not been asked to give its recommendation.

Mr. Kabbali is supposed to receive very valuable Auroville land on the Tindivanam highway where 1 acre is worth 10 crores of rupees. The land Mr. Kabbali would offer to Auroville in exchange is not in the city as stated but in the greenbelt. Also, the 3 small pieces of greenbelt land are totally not important for Auroville's development.

Other examples of the exchanges done were shared, addressed to: Honorable Chairman, dear Governing Board members.

The timing of the letter along with ex-Secretary Jayanti Ravi's visit does provide some fireworks during Diwali. And an unsigned request for a large amount of funds sent from the Not-for-Auroville FAMC email to the Financial Service hopefully also caused a large explosion there.

And the news that more and more dissatisfaction in the unauthorised committees with where the GB is taking Auroville and destroying the work and the dream is a candle of light for the Residents during the darkest night of the year.

CATCHING UP

Modern humans are already catching up with the Avatar Sri Aurobindo and the Mother on the understanding of what is really behind the formation of cells, molecules, atoms, light, electricity and space-time, which are variations of the Five Great Elements or the Pancha Mahābhūtas. It is only proper as we are already in Circa 2024 and clearly the evolution of consciousness and life on Earth has switched on to fast-forward mode...

REGULAR CLASSES:

Qi Gong - with Lhamo

- **Every Monday - Wednesday and Friday 7 - 8:15am**

Qigong can be described as a mind-body-spirit practice that improves one's mental and physical health by integrating posture, movement, breathing technique, self-massage, sound, and focused intent. Specifically, this form of gentle exercise is composed of movements that are repeated a number of times, often stretching the body, and building awareness of how the body moves through space. There are likely thousands of qi gong styles, schools, traditions, forms, and lineages, each with practical applications and different theories about Qi ("subtle breath" or "vital energy") and Gong ("skill cultivated through steady practice"). As Lhamo has a very extensive knowledge of many of them, she will explore different styles according to the students.

Hatha Yoga with Ramesh

- Monday and Thursday from 5.30 - 6.30pm, and Saturday 7 - 8am, drop in class.
- (Restarting from Monday 4th November)

Ramesh offers hatha yoga classes with some vinyasa flow and include pranayama, traditional sanskrit mantra chanting, and meditation. The style is gentle, adaptive and progressive where passive, gravity-assisted poses are mingled with dynamic vinyasa-style flow as needed. He places a lot of focus on breathing and body-mindfulness during the practice. It is ideal for beginners to intermediate-level practitioners. You will be exposed to authentic Sanskrit terms and their correct pronunciation. The practice will be rejuvenative and restorative. These specific classes will be on donation basis even for guests.

Traditional Sanskrit Mantras with Sonia

- Thursday from 9 - 10am (Drop in class); and Friday from 5 - 6pm (Regular Students only).

In the recitation of Sanskrit Mantras the sound is very important and the specific pitches and strict rules of intonation and syllabic length should be learned according with the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the "sadhana" or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

Book Reading Circle - "Be as you are" by Sri Ramana Maharshi - with Debashish

- Wednesday from 6 - 7 pm

The book beautifully explores the teaching of the sage of Arunachala. For him, the realization that "there is no reality other than the Self" was not merely a philosophical concept but a profound truth that shaped his life into one of boundless joy. And in time the world recognized the power of his grace. What was the essence of his wisdom that transformed countless lives and inspired generations of modern philosophers and spiritual teachers. Let's discover it together.

THERAPIES:

Shiatsu Massage with Sara

- On appointment only (Sara +91 94436 17308)

Shiatsu is a manipulative therapy developed in Japan and incorporating techniques of anma (Japanese traditional massage), acupressure, stretching, and Western massage in order to maintain physical and mental well being, treat disease, or alleviate discomfort. It involves the uses of kneading, pressing, soothing, tapping, and stretching techniques and is performed without oils through light, comfortable clothing.

Cheek Acupuncture with Lhamo

- On appointment only (+91 84380 53127)

Cheek acupuncture works on the principle that in the face there is a holographic miniaturization system covering the whole human body. Very small needles are used solely on the face of the patient, which is a mirror of the whole being. It uses a very interesting and immediate way to assess the changes in the body.

Gua Sha (Chinese Detox Scrub) with Lhamo

- On appointment only (+91 84380 53127)

This is one of China's oldest treatments. The practitioner uses a tool like a flat piece of jade to scrub the skin to help release blocks, stagnant blood, energy and restore a natural flow. When the toxins in the deep layers of the body reach the surface through scraping, they get more easily released from the body. This treatment is also suitable for healthy people to detoxify, to purify and improve the metabolism of the whole body.

Modern Trance Healing - Hypnotherapy with Lhamo

- On appointment only (+91 84380 53127)

In modern hypnosis, the emphasis is put on our own relationship to our own creative unconscious. There are many different aspects and parts in our outer and inner life. And there are parts that don't have a positive appearance. In Modern Trance Healing, we can turn them into positive possibilities and let them teach us how to discover their positive meaning.

To the Light We Cling July 13, 2013

I sat beside a singing rill,
The grass was cool and lush and green.
I felt my soul with wonder fill
At all the beauty I had seen.
Winter in his cloak of white,
A silent man whose heart was chill,
On the frozen landscape of the night
His blanket spread and all was still.
Then Spring arrived, his grand design
Melted by a warmth of love;
A marvel-tinted world was mine
As Summer like a dream of gold
Came fragrant with each flower's birth
And I remembered none of cold
When Autumn came ablaze on earth.
Though wintry years attend us all
There lives in us an endless Spring,
We harken to the song-birds call
And joyous to the Light we cling.

"The Salt of the Earth" Directed by **Wim Wenders, Juliano Ribeiro Salgado**, France, Brazil, 2014

Overview: The Salt of the Earth is a documentary film payed a tribute of one of the most important photographer of his generation "Sebastião Salgado's" his black and white photographs illuminate how the environment and humans are exploited to maximize profit for the global economic market. The film traces 40 years of Salgado's work, which took him from South America to Africa, Europe, the Arctic, and back home to Brazil, and focuses on international conflicts, starvation and exodus, and natural landscapes, both pristine and in decline. The film won Special Prize "Un Certain Regard" 2014 Cannes Film Festival.

Synopsis: After leaving Brazil for political reasons in the late 1960s, Sebastião Salgado began a career in France as an economist. When his wife, Lélia, bought a camera, however, he discovered a love of photography, and changed professions. With Lelia's support, he began working full-time as a photographer in 1973, initially doing photojournalism before transitioning to a more documentary-style. Salgado's own photos and videos are used to illustrate his life and work, beginning with his exile from Brazil and subsequent transition from economist to artist and explorer...

EDUCATION

AUROVILLE AIKIDO AT AV BUDOKAN (DEHASHAKTI)

Aikido is a martial art created in the 1920s by Morihei Ueshiba, a master in traditional Japanese martial arts. Aikido is a path which aspires to the unity of mankind, the unification of the self with the universe, the union of Spirit and Matter. Seen as such, and in the perspective of the integral development of the being as emphasized by Sri Aurobindo and the Mother, it is no wonder that Aikido has always been greatly valued in Auroville and introduced since the very early years. Both children and adults can enjoy and benefit from its complete practice. There are no competitions in Aikido. On the self-defense aspect of it, an aggressor's attack may be stopped without harming or injuring him/her.

The AV Aikido group welcomes new practitioners, Youth and Adult students, and the ones who would like to revive an old (abandoned) practice!

Adult classes:

- Tuesday, Thursday and Saturday, 6 - 7:30am, early morning. Beginners are most welcome. Girls and women are especially called to join us.
- **NEW:** we are happy to announce **an additional class on Wednesdays from 5.30 pm till 7:pm.** The first class will be on Wednesday 30 Oct. Welcome!

Children/ young students:

- Monday, Wednesday and Friday from 4 - 5pm
- For the time being no Saturday 9 - 10am class are offered.

FROM RA NEWS & NOTES

REMINDER - RESTRUCTURING AND NEW PUBLISHING GUIDELINES

Dear Community,

As [announced on 11th September 2024](#), the RA News & Notes has been going through a restructuring over the last weeks. After one year and a half of publishing, we are now feeling a need to **focus on truly becoming a community edition of the News and Notes.**

In a nutshell, the RA News team has decided to discontinue publishing the sections:

- Activities & Events;
- Food, Goods & Services; and
- Classes, Workshops and Healing Arts. ([See attachment](#)).

We are now limiting ourselves to content that **strengthens community-building** in Auroville, showcases service-oriented (and non-profit) initiatives, and enables a diversity of perspectives to be shared safely. More specifically, we will continue to include RA Working Groups’ announcements and reports, as well as a link to contents from the Foundation Office groups (in a spirit of inclusivity and giving space to all perspectives), and also residents’ voices and personal sharings, some cultural events, and information from essential Services.

There are three main reasons for this decision:

1. Many residents have continued publishing their events in both News & Notes despite being told by the Auroville Council that this legitimizes the censorship applied by the Foundation Office’s News & Notes.
2. This not only discourages us but also creates a situation where there is a lot of duplication of work. This duplication of work is not something we can sustain on a long-term basis.
3. Entering contents under the specific categories we are now discontinuing was taking a good part of our time while our team has very limited resources, both human and financial.

If you have questions about our new publication guidelines, and what can or cannot be included, you can read [this Frequently Asked Questions document.](#)

We are aware that this new editorial policy may impact some of you and we are sorry for any inconvenience caused. This duplication of work made no more sense for us, and taking this decision was our only way to continue editing this publication, at the service of the community.

(Note: We can make exceptions to our new publication rules for contents that are submitted only to the RA News and Notes (and not to the other one), as this would not be a case of duplication of work. If this could interest you, please clearly indicate in your submission to us that you are only publishing your content in the RA News and Notes. We will treat these requests on a case-by-case basis.)

Thank you for your understanding and support. It means a lot to us.

In Community,
 The RA News & Notes editors
