PONDERING

First be sure of the call and of thy soul's answer. For if the call is not true, not the touch of God's powers or the voice of his messengers, but the lure of thy ego, the end of thy endeavour will be a poor spiritual fiasco or else a deep disaster.

And if not the soul's fervour, but only the mind's assent or interest replies to the divine summons or only the lower life's desire clutches at some side attraction of the fruits of Yoga-power or Yoga-pleasure or only a transient emotion leaps like an unsteady flame moved by the intensity of the Voice or its sweetness or grandeur, then too there can be little surety for thee in the difficult path of Yoga.

NEW CONSCIOUSNESS

The city will be built by what is invisible to you. The men who have to act as instruments will do so despite themselves. They are only puppets in the hands of larger Forces. Nothing depends on human beings—neither the planning nor the execution—nothing! That is why one can laugh.

Q: To what extent does the building of Auroville depend on man's acceptance of spirituality?

The opposition between spirituality and material life, the division between the two, has no meaning for me, for in truth life and the spirit are one and it is in and by physical work that the highest spirit must manifest.

Humanity is not the last rung of the terrestrial creation. Evolution continues and man will be surpassed. It is for each individual to know whether he wants to participate in the advent of this new species.

For those who are satisfied with the world as it is, Auroville obviously has no reason to exist.

The night before last, I spent more than three hours with Sri Aurobindo and I was showing him all that was about to come down for Auroville. It was quite interesting. There were games, there was art, there was even cooking! But all that was very symbolic. And I was explaining to him as if on a table, in front of a vast landscape. I was explaining to him the principle on which physical exercises and games were going to be organised. It was very clear, very precise, I was even giving

needs.*

him a kind of demonstration, and it was as if I were showing him in miniature, a miniature representation of what was going to be done. I was moving people and things about (*gesture, as if on a chess board*). But it was very interesting, and he was very interested; he was giving broad lines of organisation (I do not know how to explain). There was art and it was beautiful, it was good. And how to make the houses pleasant and pretty, the principle of construction. And then the cooking too, it was a lot of fun, each one bringing his invention... This lasted for more than three hours —three hours in the night, that's a lot! Very interesting.

And yet, conditions on earth seem very far away from all that...

(After some hesitation) No... It was right there; it did not seem behind things: a conscious harmony behind the exercises and games;

Page 15

a conscious harmony behind the decoration, the art; a conscious harmony behind the food...

I mean that all this seems to be at the opposite pole to what exists now on earth.

Not...

No?

I saw X... today and I was telling him that the whole organisation of the arts and sports and food and all the rest was ready in the subtle physical—ready to come down and embody itself—and I told him: "It only needs a handful of earth, (*Mother cups her hands*) a handful of earth to grow the plant... We must find a handful of earth for it to grow..."

.....

Dear Friends,

As you may know, the Entry Service has been functioning with reduced capacity since January 2024.

The actions taken to stop the work given to the Entry Service by the Residents' Assembly persist. However, according to the Auroville Foundation Act, the power to admit and terminate names from the register of residents is within the exclusive domain of the Residents' Assembly. The new regulations were challenged before the Madras High Court and have been stayed, but have not been finally heard and disposed.

Be that as it may, the Entry Board team has been reconstituted according to the Residents' Assembly approved process and 3 ongoing members welcomed 5 new members. The team has been meeting regularly since May 2024.

However, we have been advised not to process new applications for the time being.

We intend to use this time to take up pending work such as requesting mentor reports, and Newcomer self assessments. We plan to resume completing the Newcomer processes, some of which have been left pending for over 6 months as soon as we are advised to do so.

We apologize for the delays however it has been due to

circumstances beyond our control.

We pray for relief by the courts in due time.

Sincerely,

The Entry Service & Board

FROM THE WORKING COMMITTEE

LETTER TO GB AND MOE RE EVERGREEN LAND GRAB

Dear Community,

We are sharing with you here a letter sent to the Governing Board and International Advisory Council yesterday regarding the very disturbing situation regarding the forceful land grab at Evergreen by the 'land developer', PKS. A similar letter was also sent to the Ministry of Education.

Other actions are being taken by us, our land resource people, Evergreen residents and other concerned residents.

We believe there are strong grounds to file and win an appeal in spite of the current distressing situation on the ground so we are urging the AVFO and GB to take quick and strong legal action to regain this precious land of Auroville.

In service,

The Working Committee of the RA

Aravinda, Bharathy, Chali, Maël (TOS), Matthieu, Prashant, Valli

Dear Respected Chairman and members of the Governing Board,

We must bring to your attention a very urgent matter that requires your intervention.

Due to the delay by the Ministry of Education in appointing a Secretary or Acting Secretary, there is a vacuum of authority within the Auroville Foundation Office (AVFO) here that is resulting in loss of land, loss of trees and a potential law and order risk.

There is a piece of land on the roadside near Evergreen community that was in the peaceful possession of Auroville for over 32 years and for which land taxes were paid, but which was forcibly taken over by one land shark named PK Subramaniam (PKS) in June 2022. Residents managed to stop him from taking complete possession by going on site repeatedly until finally at the insistence of the Residents, the Secretary at that time, Jayanti Ravi, had a case filed in the Tindivanam Court. An interim order was subsequently given in favor of the AVF. Unfortunately, the AVFO and the Land Board appointed by the (former) Secretary were negligent and did not take immediate repossession of this land despite repeated requests from the residents.

PKS recently got a ruling in his favor from the Tindivanam court and the negligence described above has helped him to now continue with his forcible possession of the disputed land without proper delineation. The survey that was submitted to the court is simply a report from the court appointed surveyor who surveyed the property Mr PKS claims as his. There is no deed document by the previous owners, Sridhar and Prabakaran (brothers), or PKS indicating where the alleged remaining land they claim is located, so it's impossible to know where, in fact, these lands are in the larger plot, and there is no proper FMB. Therefore, according to our documents there is no 'extra land' as they claim.

Please note that earlier Ms. Meenakshi had wrongfully added PKS plots to a list of lands to be acquired, as requested by the Chairman. This mistake was pointed out to Ms. Meenakshi who acknowledged that it was a mistake and said she would rectify it. It is most unfortunate that the list wasn't, in fact, rectified and was used in court as a favorable argument that Mr. PKS owned the land.

The fact that there is no Secretary has resulted in an appeal not being filed and in the absence of this PKS came on Sunday, 3rd November, with JCBs, chainsaws and enforcers and cleared and cut trees. The police were called and the clearing was slowed down temporarily by insisting that this work must be done in the presence of a government surveyor and Auroville Land Board surveyors to ensure that the court order is respected. However, the clearing continued.

No Land Board members or AVFO officers came to the site despite repeated calls to Mrs Meenakshi (Special Officer Land) and Land Board member Krishnamurthy who alleged they were on the way but did not appear.

OSD, Mr. Seetharaman, who supposedly has 'Overall Charge' in the absence of a Secretary, is not here, which is an untenable situation. We reached out to the Deputy Secretary, Ms. Swarnambika, and she spoke directly to the police on site, requesting them to stop action until clarity is reached vis-a-vis the exact location of the boundaries.

We humbly request you to do whatever is in your power to ensure that an appeal is filed in this case at the earliest and that all proper legal processes are followed in this matter. We also ask that you convey to the relevant ministries the urgency of appointing a resident Secretary who will take strong and quick action to protect Auroville's lands. Neglecting this is causing great damage and loss to Auroville's assets and the risk of encouraging violent land speculators to take advantage of the lack of authoritative action, and possibly resulting in law and order situations.

We are ready to meet you or provide more information by email at any time.

Sincerely,

The Working Committee of the Residents' Assembly of the Auroville Foundation -

NINTH REQUEST - SILVER FUND: ADMINISTRATIVE VIOLENCE

MON 4TH NOVEMBER 2024

To BCC / FAMC & To Whom it may concern

[Ninth request for obtaining the Silver Fund for 6 foresters over 70 years old.](#)

It seems to us that it is not only our duty as a willing servitor of the Divine Consciousness. but also by virtue of the Universal Declaration of Human Rights (UDHR), adopted on December 10, 1948, and as Honorary Voluntary Workers implementing a finance and an economy of gift through integral volunteering considered under all these multidimensional, multidisciplinary, multi-vector, para-symbolic, para-synthetic, para-methodical and supra-conceptual, transcendent and mystical aspects, to whisper in your ears, not that it is the hour of the unexpected, nor even the Hour of God, but the hour of Man after Man so that you become aware of your extreme violence, brutality, aggressiveness, ferocity, administrative malevolence, your lack of empathy, concern, consideration, delicacy, gentleness, indulgence, leniency towards people over 70 years of age, including you refuse, by excess of

alternative truths and supreme truths, to see their existential humanity with its minimum vital needs, which you refuse by lack of understanding of the implications of Divine Materialism in the extraordinary life of the Aurovillian banality to see, feel, understand, apprehend, intuit, discover the Genesis of the Senior Forester whose foundations you will find in the World Archives of Humanity in the process of Disappearing, where we are surprised to note that "With Time, the Old becomes New".

Against your extreme administrative violence, we can only, next to a Diospyros Melanoxylon (Coromandel Ebony), on our knees and with hands clasped, proclaim:

*Om Sarve Bhavantu Sukhinah
Sarve Santu Niraamayaah
Sarve Bhadraanni Pashyantu
Maa Kashcid-Duhkha-Bhaag-Bhavet
Om Shaantih Shaantih Shaantih*

*Om, May All be Happy
May All be Free from Illness
May All See what is Auspicious,
May no one Suffer.*

Om Peace, Peace, Peace. (Upanishad)

Fraternally,
The Forest Group of the Resident Assembly of the Auroville Foundation

LAND EXCHANGES QUESTIONED BY AVFO ALLIES

The recent exchanges of Auroville lands are now also being questioned by Aurovilians who have been previously supportive of the AVFO. Since 2022, several parcels of high value lands, many of which are located next to local highways, have been exchanged for land of a much lower value. The RA WCom have repeatedly raised the issue as an urgent topic of concern, as have the IAC. Please see below for a recent letter sent from the IAC to the GB. [One estimate](#) has calculated that the cumulative financial loss to Auroville of the land exchanges is approximately 250 crore rupees (almost 30 million US dollars).

At the end of October 2024, the AVFO Land Officer, Mrs Meenakshi, sent an [email](#) to the AVFO 'FAMC', requesting that over 9 lakh be released from the '[Acres For Auroville](#)' Foreign Ledger in order to pay for the costs associated with a new land exchange. The proposed exchange came to light when two members of the AVFO 'WCom' posted an '[Update on Land Matters](#)' on Auronet, a recent report they had sent to the GB together with other AVFO-aligned residents. The original post, which was quickly deleted, revealed a significant split within the AVFO 'Working Committee' and the AVFO 'Working Groups'. The AVFO 'FAMC', via an unsigned email, had ordered the Financial Service to release the funds to facilitate the land exchange, however members of the AVFO 'WCom' explicitly stated that they had not been consulted and that they were against the exchange. According to their calculations, the exchange represented a financial loss to Auroville of approximately 5 crores, as the seller would receive high value Auroville land located on the Tindivanam Highway in exchange for 3 small pieces of "not important" greenbelt land. They also pointed out that the GB had only given permission for outlying lands to be exchanged for Master Plan lands in the city area.

On 5th November, the same AVFO 'WCom' members shared a [second Auronet post](#) containing a detailed breakdown of land exchanges since 2022. They also reshared the report to the GB that was previously deleted. According to their calculations, the financial loss to Auroville due to the recent exchanges of AuroOrchard, Djaima and Felicity would be around 100 crore rupees. They stated "[these] Land exchanges ... were executed in total contradiction of the Governing Board decision in its 61st meeting ... In the history of Auroville, we have never suffered such a level of mismanagement". They went on: "we came to know in a conversation with Mrs. M. [Meenakshi] that she continues to meet the landowners for future land exchanges. And we also discovered that a land exchange has been approved again by the Governing Board and AVF, without any consultation with the [AVFO] Working Committee".

The AVFO 'WCom' post also revealed that a biometric lock at the Land Board office had been reconfigured so that it could only be opened by a single member of the AVFO 'Land Service', an Aurovillian named Krishnamurthy. When asked, Mrs Meenakshi claimed that the lock was necessary to protect land records relevant for a court case against Dr. Jayanti Ravi. A separate [Auronet post](#) recently made a number of detailed claims of land related corruption, supposedly carried out by an Aurovillian and 'Land Service' member with the initial 'K'.

LEGAL UPDATES

Working Committee Quo Warranto Judgement

On 1st August 2024, the Madras High Court pronounced its judgment in the Quo Warranto case filed by the RA WCom against seven residents recognized by the Governing Board as the 'Working Committee'. The [full written judgment](#) was only uploaded on 18th October 2024.

The Quo Warranto case challenged the AVFO 'WCom's authority, namely Anu, Arun, Joseba, Partha, Selvaraj, Srimoyi and Tine, acting as members of the Working Committee. In response, the AVFO filed a perjury case against Hemant Lamba, who was then a member of the RA WCom, accusing him of deliberately giving false evidence or statements under oath by claiming to be a member and to represent the Working Committee. Both cases were dismissed by the judge, Justice Dr. Anita Sumanth.

In dismissing the Quo Warranto petition, the judge noted that the court "cannot, and is not inclined to go into the aspect of whether the respondents [the AVFO 'WCom'], or for that matter, the members of the petitioner Committee [the RA WCom], have earned any disqualification." The judgment also referenced the earlier Division Bench order of 4th September 2023, stating that the Madras High Court's earlier directions would continue to govern Auroville's functioning until new Regulations for the appointment of the Working Committee are finalized.

Different interpretations of the judgment have emerged. On 18th October, the RA WCom published a [first massbulletin](#) stating that "This order does not legitimise the group recognized by the GB as they have not been selected by the RA as per Section 20 of the AVF Act", quoting a recent [legal opinion](#) by their lawyer.

On 22nd October, Sindhuja Jagadeesh who, according to this [letter](#), was appointed "AVF Legal Coordinator" in May 2024, issued [a massbulletin](#) claiming that the judgment confirms the legitimacy of the AVFO 'WCom'. 'AVF Legal' on Auronet also shared an [FAQ document](#) seeking to reinforce this interpretation. An [article](#) posted in The Hindu on 24th October also furthered this narrative.

However, in a [second massbulletin](#) on 25th October, the RA WCom shared a letter to The Hindu in which they clarified that the order "merely states that the members cannot be disqualified through a Quo Warranto petition, indicating that the legal tool used in this case was procedurally unsuitable." They emphasized that the single bench order cannot override previous Division Bench orders, particularly the 23rd February 2024 order stating that "the Working Committee under Section 20 of the AVF Act shall not be interfered with". A single bench refers to a court proceeding presided over by one judge, while a Division Bench consists of two or more judges sitting together - in this case, the Division Bench included the Chief Justice of the Madras High Court.

The RA WCom maintains that since the seven respondents "do not enjoy the confidence of the Residents Assembly, they cannot represent the Residents Assembly of Auroville". The RA WCom are consulting with lawyers about next steps to secure recognition of the legitimate groups selected by the RA.

PKS/Evergreen Judgement

The appeal lodged by PKS against the previous judgment on Evergreen land, which had found the contested Evergreen land to be rightfully Auroville land, was heard on the 25th October 2024 at the Tindivanam court, and a [new judgement](#) was issued. The Additional District Judge ruled in favour of PKS, meaning that Auroville now faces the potential loss of around one acre of forested land, as well as losing the access to Evergreen community. The area is prime land that lies by the Auroville main road from Kuilapalayam.

The verdict was a surprise because the land had been uncontested since 1992, (when it was purchased) and has been in the peaceful possession of Auroville for over 30 years with Auroville paying the land tax for it during this entire duration.

According to a [massbulletin](#) issued by the RA WCom, certain moves by the AVFO 'Land Service' may have contributed to the verdict. Mrs Meenakshi had included this contested property on a list of land that Auroville needed to acquire, which was shown in court to strengthen the land grabbers ownership claim. Additionally, despite several requests, the AVFO and their 'Land Service' made no effort to take ownership of the land after the previous favorable verdict. In contrast, PKS moved quickly after the judgement and a JCB and a team of workers came to clear the area of trees from 2nd November onwards. RA WCom members and residents attempted to stop the work, requesting that a government survey be carried out beforehand. No members of the AVFO or their 'working groups' came to the site.

The previous Land Board, before the AVFO appointments, confirms that without a doubt, this land had belonged to Auroville for almost 30 years. The AVFO is being urged by community members to urgently lodge an appeal.

TDC Judgement, draft regulations appeal Update from March 2024:

On 15th March 2024, the Madras High Court ruled in favour of the Residents' Assembly in a case related to the constitution of the TDC.

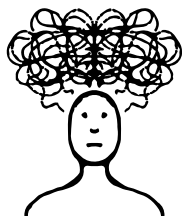

On 19th March, Natasha Storey, the Aurovilian petitioner in this TDC case, wrote a forward-looking letter to the Governing Board. She wrote: "The ruling offers a constructive path forward, allowing us to work together effectively to address the challenges and opportunities facing our community. By embracing the spirit of unity and cooperation, we can ensure that Auroville continues to thrive as a beacon of harmony and progress". As a consequence, the RA TDC and RA WCom drafted new regulations for the TDC, and did a first round of presentation to the community for feedback. However, this was interrupted on 29th March, when the TDC ruling was appealed by the AVFO at the Supreme Court. The ruling is currently stayed until further orders. To know more, read the [6th issue of Voice of Auroville](#) (pages 15 and 16).

SECRETARY'S DEPARTURE LEADS TO CONFUSION

Three months after being [officially repatriated](#) back to Gujarat in July 2024, the former Secretary Dr Jayanti Ravi continues to be present in Auroville and is still being named as the Secretary in the press. At the end of October, she was seen inside the AVF office and at the Secretaries' home, opposite Bharat Nivas. She also took part in an 'inauguration' of a new New Creation Basketball Stadium as reported in [media reports](#). This raised questions within the community since the new stadium was already inaugurated in 2019 and has been in continuous use since then. It appears that the only recent change was to install a new type of flooring in the stadium.

This is not the first instance of media reports claiming that the former Secretary is still in her post in Auroville. As mentioned in the previous Summary, a [gossip report](#) in the Times of India shared rumours that she would be taking up "dual responsibilities" as Secretary of the Auroville Foundation and Additional Chief Secretary to the Gujarat Govt Revenue Department. Additionally, a [Hindu article](#) at the beginning of October 2024 continued to name her as the Secretary. The same article also named Vanjulavalli Sridhar as the Deputy Secretary, while her tenure as OSD at the AVFO supposedly ended at the end of August 2024 when she was [reposted](#) to the Andaman Islands.

However, a [report](#) of a meeting with the Chairman of the GB which was circulated by some of the Aurovilians present, stated that the Chairman insisted on several occasions that she was no longer Secretary (please note that these are not officially approved meeting minutes). Additionally, in an [Auronet post](#) from members of the AVFO 'WCom', Dr Ravi was referred to as "the former Secretary".

LATEST DEVELOPMENT WORKS LEAD TO DIFFICULT ROAD CONDITIONS YET AGAIN

The contractors hired by the AVFO and their 'ATDC' began two new major roadworks immediately before the monsoon, leading again to difficult and potentially dangerous conditions for road users, in particular cyclists. Near [Transformation](#), most of the old road has been removed and a shallow trench for Radial 1 was dug out by the CPWD, starting at Lilaloka and ending at Revelation Forest. As always, this work was completed with no prior warning and without any signage, meaning that it is not clear how best to travel in that area and road users have been met with a confusing and dangerous set of circumstances. Some drivers are using the cycle paths instead, causing grave concern as these cycle paths are the route to several schools and used daily by children.

In the residential zone, work began on the well-used and fully-functional [Vikas Radial](#) with the removal of half of the paving stones across the width of part of the road. Access to Humanscapes, Vibrance and Invocation is affected by these actions. Work in both areas was then suddenly stopped without a known reason.

On 10th November, the cycle path between Grace and Arati was expanded to become a 4-wheeler access road to these communities. A belated [announcement](#) about the Vikas Radial roadworks was also shared on Auronet by the AVFO 'ATDC'.

It is unclear where the residents of the communities that are affected by the Vikas radial roadworks are expected to park, as their main entrances and access to secure parking is now blocked.

Other recent development work includes the clearing work for the AVFO staff quarters, a project first mentioned in the [59th GB meeting minutes](#). Three new buildings are planned. These quarters will be located at different points within Auroville: one near the Realization community, another between the Sailam and Vikas communities, and the third next to the Luminosity community. In the interim, non Aurovilian AVFO staff have been given Auroville housing in several communities without consultation with the other residents, even though there are many Aurovilians and newcomers still awaiting housing allocation.

SRI MA BEACH RETURNING

After months of erosion, Sri Ma beach sands are returning. From now until March, the sand is now accumulating because the current is coming from North to South. A large number of volunteers worked tirelessly to save the land by filling sandbags which helped to protect the coastline.

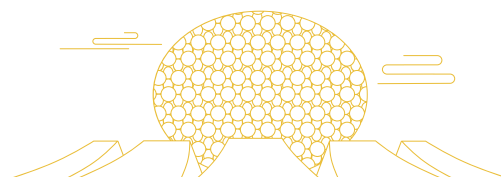

IAC LETTER TO GB

Via a RA WCom massbulletin, the IAC shared their [latest letter](#) to the GB regarding land exchanges with the community. The IAC members requested that their letter is not shared to the press or on any social media platforms.

The members note that at their last meeting with the GB in May 2024, they "conveyed [their] disappointment in the lack of transparency as regards land exchanges, resulting in a breach of trust between the Governing Board and the Auroville residents" and urged the GB to halt any further land exchanges.

PLANS TO DIVERT RAIN WATER TO MM LAKE

According to the [AVFO 'ATDC' meeting minutes](#) dated 25th July 2024, two rainwater 'collection ponds' have been designed to "collect the water from the stretch of the Crown which will go from Solar Kitchen to Savitri Bhavan" and divert it to the Matrimandir Lake. One of these ponds is already a natural water collection area and the other would be an artificial collection area where the water would be filtered before being pumped into the Lake. There is no mention in the meeting minutes of the potential impact to the local bioregion and the watershed, however as this rainwater usually feeds into the Irumbai pond it would lead to a negative effect for local villages' water collection and could lead to objections to Auroville's water management from local villagers.

YOUTH CAMP ORGANIZED BY AVFO

The AVFO organized a five-day 'youth camp' in Auroville during August 2024, hosting 100 participants from all over India with support from the Ministry of Culture and Ministry of Education. Despite the event taking place after she had been repatriated, the program was inaugurated virtually by Dr. Jayanti Ravi from Gujarat. The program included a range of activities such as farming sessions, yoga classes and cycling tours across Auroville. After the Youth Camp was completed, several [YouTube videos](#) were shared by 'Auroville Official' (previously Auroville Media Interface) and it was covered in [The Hindu](#).

Guest speakers at the program included [Sraddhalu Ranade](#), [Sampadananda Mishra](#), and Raghava Krishna (founder of [Brhat](#), who are soon to be holding a [3-day workshop](#) at Bharat Nivas). According to The Hindu's report, these camps are intended to become a regular feature of the AVFOs educational outreach initiatives, with plans already in development for future sessions. The organization and implementation of the camp took place without any announcements or invitations being shared with the community and very little engagement with Aurovilians within the program. Additionally, the program makes use of Auroville's spaces and resources at a time when the residents have had their access to shared spaces such as the Unity Pavilion and Bharat Nivas limited by the AVFO. The press report also directs aspiring volunteers and interns to reach out to the AVFO directly, circumventing established administrative structures like SAVI.

MISCELLANEOUS NEWS

- Forest workers visited AVFO: In September 2024, a group of [forest workers](#) went to Town Hall to attempt to speak to the AVFO 'BCC' about the gratuity money owed to them. The members of the 'BCC' refused to meet with them, so the forest workers instead delivered a petition to the AVFO.
- Foresters Silver Fund requests continue to be ignored: Senior members of the Forest Group are fighting to have their claims to Silver Fund acknowledged by the AVFO 'FAMC' and 'BCC'. Please see [here](#) for the latest emails they have sent.

RESIDENTS SPEAK

SUSPENSE ON VIKAS RADIAL

AUROCITY NEWS DESK

Saturday 9/11/2024

After more than a week of quiet, the heavy machines were back. Within minutes the bicycle path between Vikas Radial and Grace community was cleared. All the gates and cow-grills to make it bicycle and pedestrian only were cleared by the JCB. All the green zone planned by Avenir decades ago was flattened then by the heavy roller.

Ostensibly this was done to create a way for cars and motorcycles to traverse when the Vikas Radial would be untraversable.

This clearly meant that further destruction of the radial would recommence. What would happen if two cars entered the diversion from opposite sides at the same time was unclear.

However, the questions of the residents sent to that TDC two weekends ago (shared in the last N&N) were not answered. One community got an email after more than a week from their Inbox Manager (how many Aurovillians would like a job like that?) acknowledging receipt of the email.

So it seems that the team with the 5 JCBs and heavy roller and dump trucks is going to win, roll over the land, the pedestrians, the bicyclists, the motorcyclists. They do not have to answer any questions or even show their faces, their machinery and operators are enough to win. They can collect the cash prize without a ceremony.

The Supreme Court has sided with the weak and powerless. In a strongly worded statement, the court said: "Justice through bulldozers" is unknown to any civilized system of jurisprudence and simply unacceptable under the rule of law (<https://www.barandbench.com/news/litigation/bulldozer-justice-simply-unacceptable-civilised-system-supreme-court>). Of course, the court has always in general, in principle, sided with the meek, though that has proven unenforceable. And in specific instances the courts' judgements or stay orders align with the powerful.

And in this mess of humans against humanity, the divine appears to have walked out. Can the human spirit show up in strength enough to stop the destructive minority and prove to the divine that we are still worthy? It is a challenge for Aurovilians to take on.

INFINITE POTENTIAL

Auroville the City of Dawn is already
Serving its role as playing field exactly
Concentrating the cosmic archetypes
In a magic mirror dance of the self
Engaging in the very hastening
Of the advent of a new being
An intensified cyclic upgrading
From the false-separative ego-mind
To the Truth-Unity Supermind
The Vision-Goal of which is the eventual
Divine Manifestation of a being Supramental.

And so consciously or not We continue on
Under the Mother MahaShakti's modulation
Feeling like victims or players in our own game
Until "Voilà!" the Life Divine for all happens.

Welcome to the Marvel of Infinite Potential!
Of this Great Cosmic Play of You, the Eternal.

Cheers!

REGULAR CLASSES:

Qi Gong - with Lhamo

- **Every Monday - Wednesday and Friday 7 - 8:15am**

Qigong can be described as a mind-body-spirit practice that improves one's mental and physical health by integrating posture, movement, breathing technique, self-massage, sound, and focused intent. Specifically, this form of gentle exercise is composed of movements that are repeated a number of times, often stretching the body, and building awareness of how the body moves through space. There are likely thousands of qi gong styles, schools, traditions, forms, and lineages, each with practical applications and different theories about Qi ("subtle breath" or "vital energy") and Gong ("skill cultivated through steady practice"). As Lhamo has a very extensive knowledge of many of them, she will explore different styles according to the students.

Hatha Yoga with Ramesh

- Monday and Thursday from 5.30 - 6.30pm, and Saturday 7 - 8am, drop in class.
- (Restarting from Monday 4th November)

Ramesh offers hatha yoga classes with some vinyasa flow and include pranayama, traditional sanskrit mantra chanting, and meditation. The style is gentle, adaptive and progressive where passive, gravity-assisted poses are mingled with dynamic vinyasa-style flow as needed. He places a lot of focus on breathing and body-mindfulness during the practice. It is ideal for beginners to intermediate-level practitioners. You will be exposed to authentic Sanskrit terms and their correct pronunciation. The practice will be rejuvenative and restorative. These specific classes will be on donation basis even for guests.

Traditional Sanskrit Mantras with Sonia

- Thursday from 9 - 10am (Drop in class); and Friday from 5 - 6pm (Regular Students only).

In the recitation of Sanskrit Mantras the sound is very important and the specific pitches and strict rules of intonation and syllabic length should be learned according with the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the "sadhana" or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

Book Reading Circle - "Be As You Are" by Sri Ramana Maharshi - with Debashish

- Wednesday from 6 - 7 pm

The book beautifully explores the teaching of the sage of Arunachala. For him, the realization that "there is no reality other than the Self" was not merely a philosophical concept but a profound truth that shaped his life into one of boundless joy. And in time the world recognized the power of his grace. What was the essence of his wisdom that transformed countless lives and inspired generations of modern philosophers and spiritual teachers. Let's discover it together.

THERAPIES:

Shiatsu Massage with Sara

- On appointment only (Sara +91 94436 17308)

Shiatsu is a manipulative therapy developed in Japan and incorporating techniques of anma (Japanese traditional massage), acupressure, stretching, and Western massage in order to maintain physical and mental well being, treat disease, or alleviate discomfort. It involves the uses of kneading, pressing, soothing, tapping, and stretching techniques and is performed without oils through light, comfortable clothing.

Cheek Acupuncture with Lhamo

- On appointment only (+91 84380 53127)

Cheek acupuncture works on the principle that in the face there is a holographic miniaturization system covering the whole human body. Very small needles are used solely on the face of the patient, which is a mirror of the whole being. It uses a very interesting and immediate way to assess the changes in the body.

Gua Sha (Chinese Detox Scrub) with Lhamo

- On appointment only (+91 84380 53127)

This is one of China's oldest treatments. The practitioner uses a tool like a flat piece of jade to scrub the skin to help release blocks, stagnant blood, energy and restore a natural flow. When the toxins in the deep layers of the body reach the surface through scraping, they get more easily released from the body. This treatment is also suitable for healthy people to detoxify, to purify and improve the metabolism of the whole body.

Modern Trance Healing - Hypnotherapy with Lhamo

- On appointment only (+91 84380 53127)

In modern hypnosis, the emphasis is put on our own relationship to our own creative unconscious. There are many different aspects and parts in our outer and inner life. And there are parts that don't have a positive appearance. In Modern Trance Healing, we can turn them into positive possibilities and let them teach us how to discover their positive meaning.

Birthday July 29, 2012

I slept in the fragrance of jasmine
 And woke on the wings of the morn,
 Intoxicant of beauty
 In all the bodies I've worn
 Through centuries of seeking,
 Triumphs and defeat.
 Soon age may overtake me
 But this sacred life is sweet.
 Before me stands the Guide,
 Breaking the barrier-way
 All my love now offered
 As I kneel to pray
 To one long known and worshipped,
 What more is there to say
 We are now fast becoming
 Sole actors in Their play.
 We cannot see the future
 Yet know this earth shall last
 Through all man's grave destruction
 And the darkness of his past.

For 25 years, she has explored oral traditions alongside storytellers like M. Hindenoch and has shared her stories across the world:

Since ancient times, tales and fables have traveled across lands and through countless generations, carried by storytellers who shared them through the spoken word. These stories, rich in imagination and moral lessons, transcended boundaries of language and geography, finding their way into the hearts of diverse cultures. In this lecture, you're invited to walk the path of these storytellers, immersing yourself in ancient tales that reveal universal truths about the human experience. I Will Come Back Dancing In The Dunes

France-India, 2022, Dir. Christiane Mordelet & Stanzin Dorjai Gya w/ Luvsantseren Ogtongseren, Luvsantseren Dashpansan, Luvsantseren Bolormaa, and others, Docu-Drama, 74mins, Mongolian w/English subtitles, Rated: NR (PG)

In the vast Gobi Desert, 11-year-old Otgo stands at a crossroads between tradition and aspiration. As the youngest in a family of herders, she's deeply connected to her cultural roots, tending to camels and goats while enjoying the warmth of festive songs in their yurt. However, television has ignited a new dream: becoming a dancer at the national opera in Ulaanbaatar. This unprecedented ambition fills her with excitement and uncertainty as she contemplates risking the freedom and pride of her nomadic life. This film delves into the dilemmas faced by children from nomadic cultures in a rapidly changing world.

This screening, presented in collaboration with Auro Film and Cinema Paradiso, is made possible by the generous support of the filmmakers and the Auroville Film Institute.

Director Stanzin Dorjai Gya will be joining us in person for a brief and engaging Q&A session right after the screening. Don't miss this unique opportunity to connect directly with the creative minds behind the film!

Synopsis: Otgo, the youngest in a family of herders in the Gobi Desert, is just 11 years old. Like her sister, she could follow in the footsteps of her parents and grandparents, tending to camels and goats. However, television has introduced her to a new dream: to become a dancer at the national opera in Ulaanbaatar, the capital of Mongolia. Her life, deeply rooted in the legends told by her father and the comfort of caring for animals, seems set on a traditional path. Even in the harsh winter, when temperatures plummet to nearly -50°C, festive songs echoing in the family yurt make life feel more bearable. Can she risk abandoning the boundless freedom that both defines her and fills her with pride... *This film explores the dilemmas faced by many children from nomadic cultures in the 21st century, as climate change, modern education, and the digital age challenge their traditional ways of life.*

"R.M.N."

Directed by Cristian Mungiu, Romania, 2022

With: Marin Grigore, Judith State

Overview: The highly awarded Romanian film director of "4 months, 3 weeks, 2 days" and "Graduation", sets the action of his last film in Rimetea and various other villages in Transylvania, Romania, Mungiu named the film after a Romanian acronym for nuclear magnetic resonance, as the film is "an investigation of the brain, a brain scan trying to detect things below the surface". It is based on the 2020 Ditrău xenophobic incident!

Synopsis: A few days before Christmas, having quit his job in Germany, Matthias returns to his Transylvanian village. He wishes to involve himself more in the education of his son, Rudi. He's also preoccupied with his old father, Otto and also eager to see his ex-lover, Csilla. When a few new workers are hired at the small factory that Csilla manages, the peace of the community is disturbed. Underlying fears grip the adults, and frustrations, conflicts and passions erupt through the thin veneer of apparent understanding and calm... The film was selected in the official competition at the 2022 Cannes Film Festival.

EDUCATION

AUROVILLE AIKIDO AT AV BUDOKAN (DEHASHAKTI)

Aikido is a martial art created in the 1920s by Morihei Ueshiba, a master in traditional Japanese martial arts. Aikido is a path which aspires to the unity of mankind, the unification of the self with the universe, the union of Spirit and Matter. Seen as such, and in the perspective of the integral development of the being as emphasized by Sri Aurobindo and the Mother, it is no wonder that Aikido has always been greatly valued in Auroville and introduced since the very early years. Both children and adults can enjoy and benefit from its complete practice. There are no competitions in Aikido. On the self-defense aspect of it, an aggressor's attack may be stopped without harming or injuring him/her.

The AV Aikido group welcomes new practitioners, Youth and Adult students, and the ones who would like to revive an old (abandoned) practice!

FROM RA NEWS & NOTES

REMINDER - RESTRUCTURING AND NEW PUBLISHING GUIDELINES

Dear Community,

As [announced on 11th September 2024](#), the RA News & Notes has been going through a restructuring over the last weeks. After one year and a half of publishing, we are now feeling a need to **focus on truly becoming a community edition of the News and Notes.**

In a nutshell, the RA News team has decided to discontinue publishing the sections:

- Activities & Events;
- Food, Goods & Services; and
- Classes, Workshops and Healing Arts. ([See attachment](#)).

We are now limiting ourselves to content that **strengthens community-building** in Auroville, showcases service-oriented (and non-profit) initiatives, and enables a diversity of perspectives to be shared safely. More specifically, we will continue to include RA Working Groups' announcements and reports, as well as a link to contents from the Foundation Office groups (in a spirit of inclusivity and giving space to all perspectives), and also residents' voices and personal sharings, some cultural events, and information from essential Services.

There are three main reasons for this decision:

1. Many residents have continued publishing their events in both News & Notes despite being told by the Auroville Council that this legitimizes the censorship applied by the Foundation Office's News & Notes.
2. This not only discourages us but also creates a situation where there is a lot of duplication of work. This duplication of work is not something we can sustain on a long-term basis.
3. Entering contents under the specific categories we are now discontinuing was taking a good part of our time while our team has very limited resources, both human and financial.

If you have questions about our new publication guidelines, and what can or cannot be included, you can read [this Frequently Asked Questions document.](#)

We are aware that this new editorial policy may impact some of you and we are sorry for any inconvenience caused. This duplication of work made no more sense for us, and taking this decision was our only way to continue editing this publication, at the service of the community.

(Note: We can make exceptions to our new publication rules for contents that are submitted only to the RA News and Notes (and not to the other one), as this would not be a case of duplication of work. If this could interest you, please clearly indicate in your submission to us that you are only publishing your content in the RA News and Notes. We will treat these requests on a case-by-case basis.)

Thank you for your understanding and support. It means a lot to us.

In Community,
The RA News & Notes editors
