PONDERING

Ideals are truths that have not yet effected themselves for man, the realities of a higher plane of existence which have yet to fulfil themselves on this lower plane of life and matter, our present field of operation. To the pragmatical intellect which takes its stand upon the ever-changing present, ideals are not truths, not realities, they are at most potentialities of future truth and only become real when they are visible in the external fact as work of force accomplished.

CONCEPTION AND BIRTH :

NEW CONSCIOUSNESS

Page 28

What political organisation do you want for Auroville?

An amusing definition occurs to me: a divine anarchy. But the world will not understand. Men must become conscious of their psychic being and organise themselves spontaneously, without fixed rules and laws—that is the ideal.

For this one must be in contact with one's psychic being, one must be guided by it and the ego's authority and influence must disappear

Auroville wants to be a new creation expressing a new Consciousness in a new way and according to new methods.

Auroville's Symbol

The Mother had made a sketch of the new symbol of Auroville on 16.8.71 and seen and approved the above drawing. She gave the following explanation of its meaning:

"The dot at the centre represents Unity, the Supreme;
the inner circle represents the creation, the conception of the City;
the petals represent the power of expression, realisation."

The city the earth
needs.

2. Auroville will be the place of an unending education, of constant progress, and a youth that never ages.
3. Auroville wants to be the bridge between the past and the future. Taking advantage of all discoveries from without and from within, Auroville will boldly spring towards future realisations.
4. Auroville will be a site of material and spiritual researches for a living embodiment of an actual Human Unity.

RA-TDC: LETTER REGARDING GROSS NEGLIGENCE IN URBAN PLANNING IN AUROVILLE

Dear Residents,

On January 5th, a [letter](#) was sent to high government officials addressing critical concerns about ongoing developments in the Auroville project area. These issues highlight significant lapses in planning, compliance, and transparency, posing risks to the ecological, social, and legal integrity of our community.

Key concerns include:

- 1. Contracting Issues:** The contract with the CPWD for 11 radials lacks formal approval from planning authorities and the Residents' Assembly, violating the Auroville Foundation Act. Financial transparency is also absent, with no clarity on funding sources or expenditure.
- 2. Environmental and Safety Risks:** Projects such as the Matrimandir Lake and Vikas Radial have proceeded without Detailed Development Plans (DDPs) or Environmental Impact Assessments (EIAs), causing environmental damage, safety hazards, and community disruption. Unauthorised actions, including tree cutting, further threaten Auroville's sustainability.
- 3. Lack of Community Involvement:** These developments continue despite strong objections from the Residents' Assembly. The absence of participatory processes undermines Auroville's collaborative values.

We once again urge authorities to halt all ongoing and planned projects until these issues are resolved. Transparency, accountability, and community participation are essential for Auroville's sustainable development.

Thank you for your attention and commitment to Auroville's shared vision.

FROM THE THE AUROVILLE COUNCIL

OCTOBER TO DECEMBER 2025 REPORT

Dear Residents,

As we humbly welcome the New Year, we'd like to share with you a reflection on the topics we discussed in the last quarter of 2024. This report also highlights the latest trends, challenges, and future prospects for Auroville, offering a vision for how we can move forward together as a community.

Please feel free to visit us or email if you have any questions. Our Open House hours are from 10am to 11pm on Thursday at the Council Room in Town Hall. You can also reach us by email at avcouncil@auroville.services.

Auroville's Vision and Challenges

Auroville is one big family, and we are building it in a unique way. From how we make decisions to how we learn and create, every action is an opportunity to practice living in unity. Human unity is not just a practice we can adopt once the city is built, nor is it following the dictates of a few, but an essential part of how we build Auroville together. The Council continues to believe that the true spirit of Auroville lies in nurturing self-discipline and inner responsibility, rather than imposing external restrictions.

However, the emphasis on material aspects of city-building has overshadowed the importance of empathy, eroding organically grown trust within our community. To restore this trust, we must reintegrate empathy into our processes, ensuring that every brick laid is not just for a building but for the heart of our collective spirit.

Gratitude

We extend our heartfelt thanks to all who have tirelessly served in working groups, particularly those affected by recent organizational changes, and those who continue to contribute to Auroville's forests, farms, and community initiatives, often with limited or no financial support. We also thank those who are supporting us from afar with their consistent encouragement. We are also grateful to all the Council Room watchers for their perseverance.

The Council Room has been a space of resilience and unity, maintained through the dedication of our community. For the past two years, it has been under 24/7 constant watch, a testament to the strength and commitment of those who have kept the inner fire of truth burning.

RAS Mandate

We thank the community for their active participation in providing feedback on the new RAS mandate. Your input has been carefully incorporated into the draft, which will be presented at the second Resident Assembly Meeting tentatively scheduled for mid-January. We look forward to even greater participation in the final stages of the process for its approval by the community.

RAS Membership

We acknowledge the resignation of Franclin from the Residents Assembly (RAS) due to personal reasons. The current RAS team includes Tatiana, Peter, Vignesh, and Avinash as a new resource person. The RAS plays a vital role in community representation, and we encourage all residents to participate in upcoming processes and consider nominations for future selections.

Selection Process

The Council has initiated discussions with the RAS and working groups to prepare for the selection where new members of the working groups will be chosen. A tentative timeline is being established for the coming months.

Matrimandir Lake

The latest incident of the failure of the lego wall has been extensively reported from different perspectives. Reports: [by MM team](#) and [RA WCom note](#). The Council continues to call for greater collaboration with the community to ensure that the work on the lake is done in a safe and environmentally sensitive manner taking into account the valuable inputs already presented to the Matrimandir team.

Residence Criteria and New Rules

The recent announcement of the new criteria, issued without the RA's approval and implemented through a standing order signed by Dr. Seethraman, is clearly against the principles and ideals upheld by the AV community. The AV Council appeals to the AVFO and GB members to actively engage and communicate with the residents of Auroville before making such significant decisions.

The Council is committed to backing initiatives that resonate with the community's shared vision and values. We are willing to support efforts that align with these ideals and are sincerely executed in a spirit of collaboration and mutual respect.

Wood Sale After Cyclones

Allowing communities to sell wood cleared after cyclones ensures a fair distribution of wealth and resources to all residents. This practice, as done previously, would provide funds for essential communities maintenance and repairs. If allowed, these transactions could be managed properly through established processes, including the issuance of bills, ensuring transparency and accountability. Banning the sale of cyclone-cleared wood without providing an alternative plan is both irresponsible and contrary to the community's interests, especially since these communities receive no financial support from the current administration, relying solely on the monthly contributions of their residents for financial sustainability.

GB-BCC Half-maintenance Contribution

The introduction of retroactive half-maintenance contribution guidelines by the Budget Coordination Committee (GB-BCC) in October 2024 has caused significant financial distress for many residents. This enforcement disregards past waivers and informal agreements, directly contradicting Auroville's ethos of truth and selfless service.

It is important to note that the current BCC was not selected according to its RA approved mandate. Additionally, there's been an increase in the employment of non-Aurovilians by various GB Working Groups, which we feel undermines the unique spirit of Auroville.

The Auroville Council strongly condemns any retroactive policy as unethical and contrary to principles of natural justice. We request that new financial guidelines be applied only prospectively, honoring past agreements.

Afsaneh Guesthouse

In August, the Council wrote to the GB-FAMC (see below) requesting to adhere to due process, yet the GB-FAMC, along with the GH trustees, have been persistently pressuring the current management team to hand over the keys to a new team. This pressure continues despite the requests to follow the valid documentation and follow the due process, to which we never got a response.

"Dear Chandresh, Torkil, Geeta and Margarita,

We hear with concern that the management of Afsaneh Guest House is being changed at the present time. This is surprising since, as we understand it, the present management team of Auradha, Rosy and Enrica has been highly successful in managing the guest house, increasing its turnover and improving the

infrastructure and it would seem that their work has been appreciated by their guests. Indeed, it is of concern that Auradha has not been reappointed as an executive and Enrica and Rosy appointed as additional executives despite their repeated requests and with no valid reasons being given for not doing so.

We are concerned that their success has not been fully appreciated by the trustees, nor by the GB appointed FAMC themselves, and that there has now been a decision made by you to replace them with new executives. We have observed that in recent times there have been a number of such replacements of executives in various Auroville units without adequate explanations being given to the executives themselves, nor to those directly affected, and without subsequent improvements in the units being apparent.

As the Auroville Council, responsible for ensuring that decisions are made in a fair and open way in our community groups, we would like to encourage you to please ensure that in this case the decisions regarding the management of the Guest House are made in a fair, transparent manner, that proper process is followed at every stage and that the decision is in the best interests of the organisation concerned and the community as a whole.

Sincerely,

Auroville Council

Ashwini, Lucas, Martin, Ramesh, Rju, Samrat, Sathiya”

When an Aurovilian is asked to leave a Workplace - Guidelines

The Auroville Council, together with previous FAMC members, worked on guidelines for units and trusts to use when there are difficulties with individuals in the workplace that may lead to their dismissal.

We shared these [guidelines](#) with the community in order to gather feedback. The feedback is being considered by the Auroville Council and integrated as needed, after which it may be issued as guidance.

Council Room Fire

On November 9th, at approximately 2:00 am, a small fire broke out in the electrical panel of the Council room while the room watcher was asleep. The smoke woke him, prompting him to quickly use a fire extinguisher to put out the fire. Although the electrical panel was significantly damaged, the surrounding area only suffered smoke damage. The power was then shut off.

The next day, a safe temporary electrical connection was established from outside the room to maintain essential services like lighting and power, with a warning against using high-energy devices such as the kettle. Information about this setup was shared with all room watchers.

The ACUR team was called to start repairs, and AVES sent an engineer, but he was sent away by an ACUR executive following instructions from the GB-FAMC. To ensure safety and functionality, a qualified electrician was called to make a safe temporary connection, which later led to a full repair of the electrical system.

However, a member of the GB-FAMC cut this temporary connection, though a permanent fix was quickly implemented allowing the room to remain in use. Simultaneously, the AC unit broke down due to a faulty fan blade, which was subsequently repaired by an external contractor.

The electrician determined that the fire was caused by a malfunctioning fan controller, contradicting an earlier suggestion by a GB-FAMC member that it was due to an overload from misuse of power.

Thanks are due to the room watcher for his prompt action in extinguishing the fire, potentially preventing a larger disaster,

especially since the night watchman was not aware of the fire extinguisher's location. The cooperation from those involved in the repairs is also appreciated. However, there is significant concern regarding the GB-FAMC's refusal to permit repairs, which could have compromised the safety of the building and hindered the operations of official working groups.

IN MEMORIAM: MARCO FEIRA

Marco Feira passed away in his house in Sharnga community on 26 December 2024 at the age of 75. He had been suffering from pancreatic cancer.

Marco joined Auroville almost 30 years ago. His was a full and varied life, initially shaped by his love for the arts, later by his love for the spiritual.

While growing up in Turin, Italy, he started painting and joined the Arte Povera movement, using everyday materials to create a new pictorial language. In the late 1960s he travelled to Afghanistan, Pakistan and India where he fell in love with the arts and antiques. His focus expanded and he became one of the first Italian dealers in Asiatic art and antiquities, running, by the end of the 1970s, a business with more than 20 employees.

India touched him in other ways as well. He started studying Indian philosophy and the Vedas, with his first book being one by Sri Aurobindo which, he said later, he hadn't understood at all. Together with his wife Liliana, Marco discovered Auroville. After visiting Auroville for many years, they joined in 1997. Here Marco and Liliana started the fashion and jewellery unit Miniature – a name chosen as a living reminder to keep the production small.

Marco will be particularly remembered for his role in stimulating the arts in Auroville. Together with four other Aurovilians, he started the AV Art Service in 2010, aiming at supporting and developing the arts in Auroville. He stressed the importance of art for Auroville and was inspired by what the Mother had said about art:

Art is nothing less in its fundamental truth than the aspect of beauty of the Divine manifestation. ... like a Yogi an artist goes into deep contemplation to await and receive his inspiration. To create something truly beautiful, he has first to see it within, to realise it as a whole in his inner consciousness; only when so found, seen, held within, can he execute it outwardly; he creates according to this greater inner vision. This too is a kind of yogic discipline, for by it he enters into intimate communion with the inner worlds.

Self portrait.

He was one of the founder editors of the occasionally-published magazine called MAgzAV, which focused on questions around what the new culture of Auroville was, how art could contribute to the building of the city, and how Auroville artists could foreground critical aspects of the budding values of the community.

Marco also curated many art shows, amongst which was the exhibition Transformation that was part of The Auroville Festival – City for Transformation at the India International Center, New Delhi, in September 2012. The exhibition, which showed works of Auroville artists, was a great success and led Marco to dream about an Museum of Modern Art in Auroville, which would host art that spoke directly to the viewer, who should experience 'something' and ask questions so deep that answers would have to be found at the spiritual level.

Cinema was another art form Marco loved. He brought to life the Cinema Paradiso in Auroville's Multimedia Centre, showing films from different parts of the world, and he started the bi-annual Auroville Film Festival, a platform for movies made by people from Auroville and elsewhere. The experience led to exchange

programmes with film festivals in other parts of the world and to the decision to make film making part of the curriculum of some of Auroville's schools.

His focus on art was supported by his focus on Tai Chi Chuan. Marco had spent a year in a Zen monastery in Italy learning breathing techniques, concentration and meditation, which became part of his daily routine. In Auroville he studied Tai Chi Chuan as taught by The School of the Inner Way of Vlady Stevanovitch. He studied this form intensively and became a teacher himself, ultimately training between 20 and 40 people a year for more than 20 years.

Marco's remains were buried on 27 December at the Auroville Burial Grounds with many attending. Auroville salutes a wonderful man whose artistic insights, touch and initiatives will have a lasting impact on the city to come. Our warmest condolences go out to Liliana, Ambra, Alessio, Igor, Ramon, Diego.

OM

REMEMBERING MARCO

A great friend of late Giorgio Molinari, Milan's photographer and an Aurovilian, Marco also experimented with photography. He displayed an exhibition with pics from a baroque church and common life, a theatre of the absurd. Marco had mounted it on elegant satinated aluminium frames; he wished to donate them to Pitanga but, aerially moving by the wind, they indented the walls and this was the end of the adventure, alas.

A joyous occasion was an exhibition in Chennai to celebrate the (50?) years of the Italian Chamber of Commerce. Sauro had invited us Italian photographers: Giorgio, Marco, Pino and myself; it was interesting to see how different were our photographs, though we hailed from the same country. Next to us was a hall with war and slums photographs; I forgot the celebration and merged instead into the world's tragedy evoked by a Chennai photographer. How distant from what we Aurovilians, hosted in a super deluxe hotel with banquets hall and delicious food, presented! Inverting responsibilities? It was surreal.

Marco was a fine cinema critic and his choices showed the impassionate social commitment that characterised our Italian generation. Today, hardly anything of this remains.

AUROVILLE DOG SHELTER

Serenity House Opens! A New Home of Hope for Our Dogs

After months of dedicated effort, we are happy to announce the opening of the newly renovated *Serenity House*! Once a run-down, cage-like structure, this transformed space now provides a safe and beautiful home for 30 to 40 of our beloved dogs.

The building features six dormitories, each with access to its own spacious "Hope Garden." Auroville's Youth Centre and Youth Link helped us to build beautifully designed dog houses, which will be placed in each garden. One of them, filled with soft white beach sand, is for our paraplegic and paralyzed dogs to prevent injuries from hard or rocky surfaces.

This upgrade significantly enhances the well-being of our dogs and frees up vital space for rescue animals —victims of accidents and abuse who need urgent help.

Help Us Grow the Gardens of Hope!

To complete this transformation, we need your help! We envision lush, green spaces filled with trees and plants that provide shade and beauty. We warmly invite the Auroville Community to contribute by donating tree saplings, bushes, flowering plants, creepers, or any other vegetation to help turn Serenity House and its gardens of Hope into a verdant paradise for our furry friends.

We'll be celebrating this incredible milestone with an *Opening Day Party* soon, and everyone is welcome to visit, enjoy the company of our dogs, and see the changes firsthand.

If you'd like to donate plants or saplings, please contact Arthur through WhatsApp Chat at 81222 25266.

Thank you for supporting this journey of hope and healing!

OPEN LETTER TO ANURADHA MAJUMDAR LEGRAND

Dear Anu,

You may be surprised that I call you “dear,” but I am addressing this open letter to Anu’s soul, which is truly dear to me—as is every soul embodied on this little planet.

That said, I must express my surprise at a recent development. During the Special Talk on Good Practices at Auroville, held in Gujarat on January 3, 2025, you introduced yourself as “at present a member of the Working Committee.”

This came as a surprise for several reasons. First, your term as a member of the Working Committee officially ended on January 2024. Second, a few months ago, you announced your resignation from the committee, which itself seemed unusual since your term had already concluded.

Given these facts, I am puzzled as to why you publicly presented yourself as still holding this position. Could there be a valid reason I am unaware of? Was there a new selection process that reappointed you for another term? Or is there another meaningful explanation?

Additionally, I am curious about the continued signing of communications from the so-called committee by other former members—Srimoyi, Partha, and Arun—whose terms also ended alongside yours.

You have often spoken about the importance of realigning Auroville with its original purpose and ideals, including building the City at the Service of Truth. So, what is the Truth behind your statement?

In that spirit, I hope you will clarify the reasoning behind your statement, as it places you de facto as a representative of all of us. Transparency and integrity are essential to fostering trust and ensuring alignment with Auroville’s founding principles.

I trust you will agree that our actions and communications must reflect these values. Thank you for taking the time to address this matter. I look forward to your response.

Sincerely,
Olivier

(NOT JUST) WORD PLAY

When I tune in to non-verbal vibes and exchanges, poetic and playful words also reveal their “worlds”, their innate sacredness, as if reminding me that I cannot simply disregard and discard languages as man-made, artificial, superficial. If the Divine is indeed in everything, every ONE, every BODY, all languages must have the Sacred encoded in them.

Some time last year, when “Divine, Dive in” revealed itself to me, it was so simple and significant that I started designing it.

To be continued...

PROGRESSING TOWARDS THE SUPRAMENTAL VICTORY

Here is just one of the Mother's Visions of Auroville from 64 years ago:

"It was the idea of an ideal city, the nucleus of a small ideal country, having only superficial and extremely limited contacts with the old world. One would already have to conceive (it's possible) of a Power sufficient to be at once a protection against aggression or bad will (this would not be the most difficult protection to provide) and a protection (which can just barely be imagined) against infiltration and admixture.... From the social or organizational standpoint, these problems are not difficult, nor from the standpoint of inner life; the problem is the relationship with what is not Supramentalised—preventing infiltration or admixture, keeping the nucleus from falling back into an inferior creation during the transitional period. ...

I am constantly seeing images! Not images, living things—like answers to questions. A magnificent peacock was taking shape (it's the symbol of victory here in India) and its tail opened out, and on it a construction appeared, like this construction of an ideal place..."

<https://incarnateword.in/agenda/02/july-18-1961>

Fast-forward to the present Circa 2025...

Go out and about in the emerging City of Dawn and the surrounding districts and explore, engage... feel the swirling energies of seeming contradictory yet complementary progress. The ever-hastening Renaissance of Mother India is pushing Auroville to fully awaken to its raison d'être.

"A protection against infiltration and admixture..."

We altogether continue on, with the Supreme Divine Mother MahaShakti orchestrating the development of Her City of Dawn, amongst other very interesting goings-on. Matrimandir as Her Temple magnificently stands beside the central Banyan Tree as the Golden Beacon beckoning all receptives towards the Divine Manifestation of the new apex species the Supramental being.

For the curious non-initiates and confused:

Sri Aurobindo and he Mother as Avatars always reveal for a specific reason and purpose.

REGULAR CLASSES:

Qi Gong - with Lhamo

- **Monday - Wednesday and Friday 7 - 8:30am, drop in class**

Qigong can be described as a mind-body-spirit practice that improves one's mental and physical health by integrating posture, movement, breathing technique, self-massage, sound, and focused intent. Specifically, this form of gentle exercise is composed of movements that are repeated a number of times, often stretching the body, and building awareness of how the body moves through space. There are likely thousands of qi gong styles, schools, traditions, forms, and lineages, each with practical applications and different theories about Qi ("subtle breath" or "vital energy") and Gong ("skill cultivated through steady practice"). As Lhamo has a very extensive knowledge of many of them, she will explore different styles according to the students.

Hatha Yoga with Ramesh

- **Monday and Thursday from 5:30 - 6:30pm, and Saturday 7 - 8am, drop in class.**

Ramesh offers hatha yoga classes with some vinyasa flow and include pranayama, traditional sanskrit mantra chanting, and meditation. The style is gentle, adaptive and progressive where passive, gravity-assisted poses are mingled with dynamic vinyasa-style flow as needed. He places a lot of focus on breathing and body-mindfulness during the practice. It is ideal for beginners to intermediate-level practitioners. You will be exposed to authentic Sanskrit terms and their correct pronunciation. The practice will be rejuvenative and restorative. These specific classes will be on donation basis even for guests.

Traditional Sanskrit Mantras with Sonia

- **Thursday from 9 - 10am (Drop in class); and Friday from 5 - 6pm (Regular Students only).**

In the recitation of Sanskrit Mantras the sound is very important and the specific pitches and strict rules of intonation and syllabic length should be learned according with the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the “sadhana” or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

Book Reading Circle - “Be As You Are” by Sri Ramana Maharshi - with Debashish

- **Wednesday from 6 - 7 pm**

The book beautifully explores the teaching of the sage of Arunachala. For him, the realization that “ there is no reality other than the Self” was not merely a philosophical concept but a profound truth that shaped his life into one of boundless joy. And in time the world recognized the power of his grace. What was the essence of his wisdom that transformed countless lives and inspired generations of modern philosophers and spiritual teachers. Let’s discover it together.

THERAPIES:

Shiatsu Massage with Sara

- **On appointment only (Sara +91 94436 17308)**

Shiatsu is a manipulative therapy developed in Japan and incorporating techniques of anma (Japanese traditional massage), acupressure, stretching, and Western massage in order to maintain physical and mental well being, treat disease, or alleviate discomfort. It involves the uses of kneading, pressing, soothing, tapping, and stretching techniques and is performed without oils through light, comfortable clothing.

Cheek Acupuncture with Lhamo

- **On appointment only (+91 84380 53127)**

Cheek acupuncture works on the principle that in the face there is a holographic miniaturization system covering the whole human body. Very small needles are used solely on the face of the patient, which is a mirror of the whole being. It uses a very interesting and immediate way to assess the changes in the body.

Gua Sha (Chinese Detox Scrub) with Lhamo

- **On appointment only (+91 84380 53127)**

This is one of China’s oldest treatments. The practitioner uses a tool like a flat piece of jade to scrub the skin to help release blocks, stagnant blood, energy and restore a natural flow. When the toxins in the deep layers of the body reach the surface through scraping, they get more easily released from the body. This treatment is also suitable for healthy people to detoxify, to purify and improve the metabolism of the whole body.

Facial Gua Sha (beauty treatment) with Lhamo

- **On appointment only (+91 84380 53127)**

Facial Gua Sha reduces puffiness, lymphatic drainage, facial tension, helps tighten firm and lift skin, cooling, durable skin care. This treatment helps to detoxify, to purify and improve the metabolism as well.

Modern Trance Healing - Hypnotherapy with Lhamo

- **On appointment only (+91 84380 53127)**

In modern hypnosis, the emphasis is put on our own relationship to our own creative unconscious. There are many different aspects and parts in our outer and inner life. And there are parts that don’t have a positive appearance. In Modern Trance Healing, we can turn them into positive possibilities and let them teach us how to discover their positive meaning.

ART EXHIBITIONS

CERAMICS - VI - INNER LANDSCAPES BY PRIYA

4 - 21 JANUARY 2025, PITANGA

BHUMILUCIS BY AURODEVA

OPENING ON FRIDAY 17 JANUARY, CENTRE D'ART

Bhumilucis or "Land of Light", is a collaborative art project created by Auroville's school youth. Using only Auroville earth & flora, nearly 100 students aged 4 to 14, from Transition and Deepanam school, have come together to craft a series of participatory art installations and earth-paintings with the help of curator Aurodeva.

The young artists, divided into groups, were tasked with a variety of responsibilities such as foraging and painting, or crafting our earth-based pigment: "Mud-Goo". Individual groups then merged their efforts to the larger body of work, together creating *Bhumilucis*.

The project is a dialogue between the students and their home – a celebration of talent, unison, and belonging.

- Opening on **Friday 17 January at 4:30pm**
- **17 – 29 January 2025**
- Tue - Fri 2pm - 5:30pm

POETRY

The Body of Mother India

Jan. 18, 2011

From my balcony this much I see,
 A tiny temple with its priest enshrined.
 The Pongal celebration has begun.
 On the street the ladies bent in half
 With mathematical accuracy design
 Kolams of exquisite form with ease,
 Colourful and transient they last
 But a day or two brightening this world
 So strewn with refuse that it hurts to see
 The body of Mother India so abused.
 Perhaps a time will come and consciousness
 Grown aware of the sacredness of earth
 Will spur the soul and beauty manifest,
 A higher man descend, a guardian
 Who shall reclaim the world for the Divine.

Narad

*Pongal – The harvest festival celebrated in South India similar to Thanksgiving.

**Kolam – In Sri Aurobindo’s words in Savitri, “A transient painting on a holiday’s floor.”

Dimmed by dark clouds
The sun
Depresses not
Despises not
Dies not

With a shining smile
It dyes the clouds
In splendid colours
Knowing for sure
The dense darkness
Will be blown away
By the breath of wind
Or disperse by itself
When Nature changes
To another mood

« Ta venue nous confirme que cet univers en est arrivé au moment où l'Esprit submergé dans l'Inconscience s'est enfin libéré et habite maintenant, dévoilé, la forme des choses. Nous n'intervenons pas dans le développement des peuples, leur évolution doit suivre leur schéma propre, mais nous ne sommes pas simplement des voyeurs. Nous avons une mission, celle d'instruire ceux qui comme toi sont prêts à passer de l'autre côté du miroir sans avoir à traverser la mort du corps physique. »

EDUCATION

AUROVILLE AIKIDO AT AV BUDOKAN (DEHASHAKTI)

Aikido is a martial art created in the 1920s by Morihei Ueshiba, a master in traditional Japanese martial arts. Aikido is a path which aspires to the unity of mankind, the unification of the self with the universe, the union of Spirit and Matter. Seen as such, and in the perspective of the integral development of the being as emphasized by Sri Aurobindo and the Mother, it is no wonder that Aikido has always been greatly valued in Auroville and introduced since the very early years. Both children and adults can enjoy and benefit from its complete practice. There are no competitions in Aikido. On the self-defense aspect of it, an aggressor's attack may be stopped without harming or injuring him/her.

The AV Aikido group welcomes new practitioners, Youth and Adult students, and the ones who would like to revive an old (abandoned) practice!

Adult classes:

- Tuesday, Thursday and Saturday, 6 - 7:30am, early morning. Beginners are most welcome. Girls and women are especially called to join us.
- **NEW:** we are happy to announce **an additional class on Wednesdays from 5.30 pm till 7:pm.** The first class will be on Wednesday 30 Oct. Welcome!
