Yesterday, June 1st, the resident in charge for the massbulletin@auroville.org.in email ID (Mauna) informed the community that she was locked out from using the mass bulletin service. The Auroville Foundation Office (AVFO) is now in full control of all mass bulletins sent to the community from this address.

This means that the Working Committee of the Residents' Assembly (WCom) are no longer able to communicate with the community at large through the usual means, since they have also lost access to the WCom AuroNet group. Other working groups such as FAMC and Auroville Council may also be stalled from communicating through mass bulletin.

Many community members have opted to unsubscribe to the mass bulletin service. This can be done by following the indications at the bottom of any mass bulletin email, which guides you to send a mail to massbulletin@auroville.org.in with the message "UNSUBSCRIBE" in the subject.

Working Committee locks changed, and email taken over

The Working Committee has confirmed that last night the locks of their office and meeting room in Town Hall have been changed. Furthermore, their email workingcom@auroville.org.in has been taken over by the AVFO, and they no longer have access to it. Now, you can reach the WCom through their new email workingcom@auroville.services

Important suggestion from Evolving Galaxy bulletin team

If you are subscribed to the Evolving Galaxy bulletin using your auroville.org.in email ID, it is strongly suggested that you instead use an alternative email (for instance a gmail or proton email ID). This is to ensure that if any further disruption occurs with the auroville.org.in mailing system, you can still receive the bulletin.

If you would like to share with us your new email ID, please use [this form](#).

Action needed

- **Call for financial support**: If you would like to donate towards legal and delegation fees please email evolvinggalaxy@gmail.com. Unfortunately it is not possible for us to receive funds from outside of India.
