## PONDERING

Make of us the hero warriors we aspire to become. May we fight successfully the great battle of the future that is to be born, against the past that seeks to endure; so that the new things may manifest and we may be ready to receive them.

## **SOME FUNDAMENTALS AUROVILLE AND RELIGIONS**

### **Page 40**

*The notion of religion is most often linked to the search for God. Should religion be understood in this context only? As a matter of fact, are there not nowadays other forms of religion?*

We give the name of religion to any concept of the world or the universe which is presented as the exclusive Truth in which one must have an absolute faith, generally because this Truth is declared to be the result of a revelation.

Most religions affirm the existence of a God and the rules to be followed to obey Him, but there are some Godless religions, such as

### **Page 41**

To seek Truth freely and to approach it freely along his own lines is a man's right. But each one should know that his discovery is good for him alone and it is not to be imposed on others.

13.5.1970

\*

Jesus is one of the many forms which the Divine has assumed to enter into relationship with the earth. But there are and there will be many others; and the children of Auroville should replace the exclusiveness of one religion by the wide faith of knowledge.

1972

\*

One must not confuse a religious teaching with a spiritual teaching. Religious teaching belongs to the past and halts progress. Spiritual teaching is the teaching of the future; it enlightens the consciousness and prepares it for future realisation.

Spiritual teaching is above religions and strives for a total Truth. It teaches us to enter into direct contact with the Divine.

12.7.1972

The city the earth  
needs.

Here we do not have religion. We replace religion by the spiritual life, which is truer, deeper and higher at the same time, that is to say, closer to the Divine. For the Divine is in everything, but we are not conscious of it. This is the immense progress that man must make.

### Unity, Harmony, Collaboration

Any sincere attempt to bring peace and unity among men is welcome in Auroville.

The solution is to go deep within oneself and find the place where all the differences combine to constitute the essential and eternal Unity.

## FROM THE ENTRY SERVICE

### ES # 239 DATED: 10-02-2025

The following people have been recommended by the Entry Board to join our community. Please share your feedback within 2 weeks for potential Newcomers, Associates and Friends of Auroville and within 4 weeks for Potential Aurovilians, Returning Aurovilians, Youth and Spouse/Partner of an Aurovillian in writing to [auroville.entryservice@gmail.com](mailto:auroville.entryservice@gmail.com).

*We thank you in advance.*

### AUROVILIAN ANNOUNCED

- **Sanjay TUMATI (Indian)** staying in Udavi School Staff Quarters and working at C3Stream Land.
- **Manu BAHAGUNA (Indian)** staying in Creativity and working at Thamarai and InLight.

### NOTE:

- A Newcomer becomes an 'Aurovillian' once his/her name has been confirmed by The Admission Committee (aka the Entry Board) after following due process.
- The date of becoming 'Aurovillian' is the date of confirmation. An Aurovillian confirmed by the Entry Board is eligible to participate in all community decision-making processes.
- The formal administrative step of entering new residents into the Register of Residents (RoR), is done by the Secretary of the Auroville Foundation. For this, a B-Form is filled in and signed by the individual and a meeting with the Secretary is arranged by the Entry Secretariat. However, until such time as a new Secretary is appointed, the meetings of Confirmed Aurovilians with the Secretary will be pending.

Dear Friends,

As you may know, the Entry Service has been functioning with reduced capacity since January 2024.

The actions taken to stop the work given to the Entry Service by the Residents' Assembly persist. However, according to the Auroville Foundation Act, the power to admit and terminate names from the register of residents is within the exclusive domain of the Residents' Assembly. The new regulations were challenged before the Madras High Court and have been stayed, but have not been finally heard and disposed.

Be that as it may, the Entry Board team has been reconstituted according to the Residents' Assembly approved process and 3 ongoing members welcomed 5 new members. The team has been meeting regularly since May 2024.

*However, we have been advised not to process new applications for the time being.*

We intend to use this time to *take up pending work* such as requesting mentor reports, and Newcomer self assessments. We plan to resume completing the Newcomer processes, some of which have been left pending for over 6 months as soon as we are advised to do so.

We apologize for the delays, however, it has been due to circumstances beyond our control.

We pray for relief by the courts in due time.

Sincerely,

The Entry Service & Board

## RESPONSE TO ANNOUNCEMENT FROM GB 'FAMC' RE UNIT EXECUTIVES AND MANAGERS

Dear executives, managers, and other concerned residents,

The "FAMC" appointed by the Governing Board has made an announcement on the 14th of January 2025, which covers the appointment of executives and managers and presents a new 'directive' in this regard.

This announcement includes claims of legitimacy citing several sources which supposedly back this "FAMC"'s authority:

*"as per necessary fiduciary regulations, operational performance, compliance with the laws of India, and adherence to all Codes of Conduct and standing orders"*

This is a vaguely formulated attempt to intimidate executives and managers, in keeping with this administration's way of functioning.

We encourage everyone, and specifically executives and managers, to write to this group, and question these sources of authority. Let it be put in writing exactly how these rules pertain to the authority claimed. The vagueness, false claims, and lack of responses show this group is not fit for the management of Auroville's funds and assets. These individuals should cease these actions and step down.

Please consider:

- The Code of Conduct 2017 has no mention of a "manager" position.
- The terms "fiduciary regulations" and "operational performance" are given with no details, context, or explanation.
- There is no question that the laws of India are to be followed. However, randomly citing "the laws of India" is not an argument or evidence of the authority these individuals are claiming for themselves over the whole of Auroville. Specific laws need to be cited which pertain to the particular situations.
- None of the Standing Orders are specified or cited in detail. None cover the position of "manager".

Yet again this group of individuals is attempting to impose control over the rest of the community when it has not been selected by the Residents' Assembly and does not respond to calls of collaboration or transparency.

In addition, the constitution and functioning of the 'FAMC' as a Section 16 Committee of the Governing Board does not abide by the Auroville Foundation Act. (Please see the [attached open letter](#) we have sent to the GB FAMC, copy to the Secretary, GB and IAC.) Therefore, unless this directive is correctly signed by the authorised Governing Board members of the FAMC of the GB, it and all other decisions made by this group can be questioned on this basis.

Once again, we, the Working Committee of the Residents' Assembly, wish to make clear that we are open to working together with all, as a community, to develop this Township as a whole. However, the dishonesty and coercion used by all the GB and AVFO appointed individuals must stop.

In service,

The Working Committee of the Residents' Assembly

Aravinda, Bharathy, Chali, Maël (TOS), Matthieu, Prashant, Valli

## UPDATE ON LEGAL ACTIVITIES AND HEARINGS

Dear Community Members,

We would like to share an update about recent activities and hearings in the Supreme Court in New Delhi and in the Madras High Court.

1) An appeal on the QUO WARRANTO order of 1st August 2024 concerning the membership of the Working Committee was submitted by our lawyers in the Madras High Court on 4th February 2025. The appeal has been accepted for debate and a notice has been issued to the other party to respond within two weeks.

The decisions taken by the Working Committee recognized by the GB while the matter is pending are subject to the outcome of the appeal. This means that if our appeal is successful their decisions will not be valid.

We will keep you updated on further developments.

2) There have been a number of hearings in the Supreme Court on the appeal of the Auroville Foundation (represented by the Secretary) against the NGT order of April 2022 and the order of the Madras High Court on TDC matters issued in March 2024. On 30th January the Supreme Court heard the arguments of both sides on the NGT verdict and then the TDC matters were debated on 6th and 13th February 2025. All arguments in both cases are now closed and reserved for judgement. We will inform the community as soon as there is news about the final ruling.

3) A writ petition filed by an Aurovilian on land exchange is listed in the Madras High Court on Monday 17th February 2025.

We are keeping our hope and confidence alive throughout all these developments and we keep in mind that our real force is through and in the community. We are reminded of Mother's words: '*A harmonious collective aspiration can change the course of circumstances.*'

In service,

The Working Committee of the Residents' Assembly

## **A SUMMARY OF EVENTS HAPPENING IN AUROVILLE TODAY**

### **EVERGREEN LAND GRAB UPDATE**

An appeal against the judgement in favour of PKS in the Evergreen case has now apparently been filed on the final date possible, 7th February 2025. Over the past three months, since the judgement was given in October, the land has been entirely cleared of forest with the last of the cut trees taken away on 13th January. See below drone image:

A wall has been built around the land with a sign for '[Auro Glob Farms](#)' and a [makeshift road](#) has been laid, indicating that PKS has taken full control of the land. The AVFO has made no attempts to prevent this from happening, nor have they given any explanations regarding their lack of involvement, or why they took so long to file the appeal. This land has been in the exclusive and continuous possession of Auroville for over 30 years, during which time it has paid the Land Tax. Community members made multiple pleas to the AVFO to protect the land, and on 25th January a few residents sent [this letter](#) to the Secretary, which remained unreplied. In desperation, concerned community members called residents to gather at the AVF Office in Town Hall on Monday 3rd February 2024. Around 100 people gathered peacefully on the day and a [petition](#) was handed over. This petition had been circulated online and received [over 700 signatures](#) in 48 hours.

As none of the relevant officials were present in the AVF Offices that day, a smaller group of people went to the AVFO 'Land Board', 'WCom' & 'FAMC' offices to ask the members of those groups why no action had been taken. [Images and films](#) have since been circulated by people on the AVFO side attempting to paint the attendees as "assaulting" and "harassing" the AVFO 'Working Group' members. It is clear however that there was no physical violence. Emotions did run high for one or two people who responded to the comment by Anu of the AVFO 'WCom' that "there is no such thing as the RA". An Aurovilian who was present during the gathering has since circulated this [response](#).

In the week following the Town Hall gathering, a volunteer who had been present received an [email](#) from Savi terminating their status on the instructions of the "Auroville Foundation Working Committee". The cancellation was with immediate effect and the volunteer was not offered any opportunity to respond.

## **TREE CUTTING ON THE OUTER RING ROAD AND RADIALS**

A new round of destruction began on 29th January 2025, when workers, overseen by the AVFO 'ATDC', came to cut down the 70-year old Mango tree that had previously been protected and incorporated into the newly built section of the Outer Ring Road (ORR) near Aurovelo. Community members who arrived on the scene to stop the tree cutting were informed that the tree was being cut to allow lorries to pass. After receiving the assurance from Mr Selvaganapathy, Procurement Officer of the AVFO, that the tree would only be trimmed to follow CPWD guidelines, the residents left the spot. The next day, an AVFO 'ATDC' member came with a team and cut it down, as well as the Kaya tree.

The following days, a protected and sacred Pipal tree was also cut.

On 29th January, AVFO 'ATDC' member Sindhuja verbally told community members that they now "had permission to increase the ORR to 30 meters wide". On 3rd February 2024, workers returned to the ORR and began [cutting more trees](#). More tree felling ensued over the coming week.

On the new Verite Radial, which is built [directly](#) next to the old Verite Radial, seven mature trees were also cut. Three of these trees had been planted circa 2008-09 with approval from ATDC in order to provide shade for the radial. Several other trees that do not lie in the path of the new road were also about to be cut but an Aurovilian managed to stop the workers.

The new section of radial road does not connect to any existing infrastructure and for it to be completed it will require the destruction of several buildings inside Afsaneh's Guest House.

Tree cutting was also reported at the [Mangalam Radial](#) (near Pony Farm) where protected species such as Red Sanders were cut.

The RA TDC sent [a letter](#) to numerous state and central government officials, cataloging the wanton destruction. As well as the offences mentioned above, they highlight how a number of trees were [cemented in](#), then partially [un-cemented](#), and then [cut entirely](#), all within a single week. This haphazard and unprofessional work demonstrates a lack of planning and communication within the AVFO 'working groups', not to mention a waste of funds and a complete disregard for ecology and for Auroville's conscious-based approach.

## Threat to Silence Forest

Silence Forest is located near Kottakarai Village, between the Industrial Zone and the Greenbelt. In 2019, Dave Storey, steward of Silence Forest, followed the proper procedure by obtaining a NOC from L'avenir d'Auroville for a caretaker's house. One of the architects, Sindhuja (now a member of the AVFO 'ATDC'), personally visited the site and reviewed and approved the marked layout of the building's location before construction began. The location was carefully chosen to maintain the required 10m distance from the future Ring Road while preserving the existing forest environment. In February 2024, without prior notice or consultation, JCBs arrived at Silence Forest to mark the northern segment of the ORR. After a survey - notably the first survey ever

conducted in the area - the AVFO 'ATDC' claimed that the house was built in the wrong location and declared it a "red asset", contradicting their original documentation. The steward has provided evidence that the road alignment has changed, not the house location. This evidence includes:

1. The presence of mature trees (over 20 years old) surrounding the house - making it physically impossible for the house to have been built in a different location without leaving a cleared area.
2. The original NOC maps show the house's position relative to existing trees and pathways.
3. Multiple witnesses who can attest that the house has remained in its original position since construction.
4. Documented site visits and approvals from the architectural team during construction.

Despite this evidence, on 11th October 2024, the AVFO 'ATDC' demanded the steward vacate the approved structure by 30th November 2024. The situation still stands to this date.

The situation is particularly concerning given Silence Forest's ecological value. Recent scientific studies have documented its significance: it hosts the [largest colony of Indian Flying Fox](#) in Villupuram District, with over 2,000 bats. A [detailed ecological assessment](#) of just a 20mx20m plot revealed remarkable biodiversity with 129 species of flora and fauna, along with significant carbon sequestration capacity and crucial groundwater recharge function.

If this piece of the ORR is built it will lie unused, because as with nearly all the new roads being built by the AVFO 'ATDC', it extends onto land which is not owned by Auroville and for which no permission exists to build roads. In addition, the AVFO 'ATDC' has not followed the necessary protocols to cut trees.

This case is one of many cases of previously approved assets by ATDC being marked as "red assets" for destruction by the AVFO, representing a huge waste of funds, time and energy.

## **HEALTH & WELLNESS SECTOR TAKEOVER**

A newly formed 'Wellness Focus Group' shared a proposal titled '[Auroville Integral Wellness](#)' via the AVFO unit 'AWARE' on 11th January 2025. The document outlines plans for restructuring Auroville's healthcare system through the creation of a centralized 'Wellbeing Coordination Group' (WCG).

The proposed WCG would consist of nine members appointed by the AVFO 'FAMC', with three representatives each from proactive, curative, and supportive well-being areas. Several aspects of the proposal have raised concerns from the community. While members for the WCG "could be recommended" by health units and services, appointment power would rest solely with the AVFO 'FAMC', with no stated selection criteria. The proposal to implement a centralized Electronic Health Records (EHR) system does not specify measures for data privacy or security compliance, nor clarify protocols for individual consent regarding health information digitization.

The document proposes combining the health fund with city services contributions, but provides no details about the management of the current health fund's reserve or its administration. The future relationship between the WCG and currently community supported services like Health Centre, Sante, Pitanga, Arka, Farewell, and Quiet remains undefined both administratively and financially.

The proposal indicates plans to secure funding through donor contributions, government grants, and partnerships with private insurance providers for "group health plans". It also mentions potential collaboration with [AYUSH](#) (Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homeopathy) for enhanced herbal medicine availability. No parameters or criteria are specified for selecting or implementing these initiatives, nor is the role of the

community in these decisions defined.

The document was open for resident feedback for one week, a short timeframe given the length and complexity of the document. After this, it was stated it would be submitted to the GB for their “blessing”. There is no transparency as to whether feedback was received, and how it was integrated.

Aurovilians working in the health and wellness sector have reported new difficulties while trying to navigate the system now being put in place by the AVFO ‘FAMC’. It has always been difficult for individual practitioners to fully support themselves through their work, as traditionally Aurovilians pay on a donation basis for these services. For health practitioners, the short guest season is an important period to make a livable income. Despite this, the AVFO ‘FAMC’ are insisting that the activities must be income generating and must make a surplus for the Central Fund, or they are threatened with closure. Additionally, practitioners are now only permitted to work at registered premises, any income is divided further and GST is applicable. This will inevitably lead to fewer health practitioners able to provide this important service to both Aurovilians and guests.

## ROAD CONSTRUCTION - PHOTO REPORTS

Three recently released photo reports show the extent of the mismanagement and failure of the AVFO ‘ATDC’ and their contractors in their road building program across Auroville.

The [first report](#) highlights the number of private, temple or Poramboke lands located in the way of the roads that are currently being built . On the 4km-long Crown alone there are seven plots of private land blocking the progression of the road, with numerous more lying in the way of the planned trajectories of the radials. Additionally, the majority of the land that would be needed for the ORR to be completed does not belong to Auroville, with some of it falling inside local villages. Despite this, large areas of carefully managed forest and numerous houses and buildings are being threatened with destruction to build pieces of road that may or may not connect to future roads, should the necessary tracts of land ever be purchased. Furthermore, due in part to the mismanagement of land deals by the AVFO, the price of land inside the Master Plan area has more than doubled since the Land Board was taken over by the AVFO.

The report also exposes clear failures in planning and execution, with two stretches of the ORR appearing not to align with each other.

In Aurodam, the radial was partially built on Poramboke land and now ends abruptly. It was also built two meters too wide in one place, and at the wrong elevation meaning that it will not connect to the Crown as it is supposed to.

The [second report](#) highlights that “roads have been built adjacent to existing roads, while roads in good condition have been destroyed.” Photos of the ORR and the new alignment of the radials at Verite and Vikas show the unnecessary waste of money and materials as well as the destruction of forested areas and threats to valuable buildings, to build roads that add no discernable value.

The [third report](#) uses images that have been collected over the past two years to show the general poor quality of the roads that have been constructed, the inadequate provisions for rainwater runoff and some of the dangers that have been caused by inadequate signage and overall poor planning.

## UPDATE ON 'GUJARAT INITIATIVE'

As previously reported, on December 25th 2024, Villupuram District Collector D. Mohan [announced](#) a "significant plan" to connect Auroville's development models with Gujarat (see [here](#) for a translation into English). The initiative focuses on environmental protection, sustainable growth, and cultural exchange, particularly in areas of agricultural practices, water conservation, and renewable energy.

Please see [here](#) for an article featured in 'Country and Politics' regarding the Gujarat initiative. This is part of an ongoing effort by the AVFO to market Auroville as a 'sustainable city'. At the same time, over the past three years there has been constant harassment of the foresters in Auroville, and constant threats to the reforestation project that is the very reason for Auroville's so called 'sustainability'.

## MITRA YOUTH HOSTEL TAKEOVER

In January 2025, all of the volunteers and guests who were staying in Mitra Youth Hostel were asked to leave in order to house a group of 27 financial auditors. The auditors have also taken over the first floor of the SAIER building while they carry out their work. The youth were removed under the pretext that they were "[not mindful of the Peace Area](#)" and were accused of alcohol and substance abuse although no evidence was given for this.

Since the beginning of the takeover, the AVFO has repeatedly taken over much-needed residential assets for their staff, causing even greater pressure on Auroville's housing crisis. Residents attending Housing Service are being told that there are no options whatsoever for housing.

While initially only Government of India funded assets such as some units at Maitreye and Harmony (SAIER's newly-built staff quarters) were appropriated by the AVFO, now some houses that were privately funded have been taken over by AVFO staff members. Additionally, the children of AVFO staff members are

receiving free schooling at Auroville's schools at a time when unprecedented cuts are taking place due to lack of funding, while they receive a salary that is far above the amount of the Auroville maintenance.

## AVFO 'HRS' TAKE OVER MORE RESIDENT SERVICE FUNCTIONS

As was mentioned previously, the Residents Service has been [renamed](#), and will now apparently be called "Passport and Visa Registration Desk". As had been already indicated, the AVFO 'Human Resources Service' (HRS) will now take over recording information about when Aurovilians arrive and leave in Auroville. The [Auronet post](#) shared by the AVFO 'FAMC' also disclosed that the 'HRS' team "may be contacted instead of the former Residents' Service for the processing of your file, which will then enable the Working Committee to issue a no-objection letter to the Office of the Secretary, Auroville Foundation for a Visa Recommendation Letter". As the 'HRS' team is composed of Aurovilians with strong links to the AVFO takeover of Auroville, this could create even more difficulties for Aurovilians who are relying on a visa.

## COMMUNITY SHARING

### DON'T YOU COUNT US GONE, BACK ONLINE

This video was taken offline in September 2024 after several residents requested the removal of their images, fearing potential repercussions affecting their visa status in Auroville. Even the singer has chosen to remain anonymous - a telling sign of the pressure facing this experimental township in South India.

The song emerged during a critical time for Auroville and the community continues to face an unprecedented crisis threatening two of its core principles: participatory governance and environmental consciousness. Through powerful lyrics and imagery, it captures the pain of watching forests being cut down, farms being sold off, and residents losing their homes and livelihoods - but also the unwavering spirit of a community determined to preserve its values.

'You can build a road over my home, but you can't build a road over my soul' - this refrain speaks to the heart of the current conflict, where a development-at-any-cost approach clashes with Auroville's 56-year vision of sustainable growth and collective decision-making.

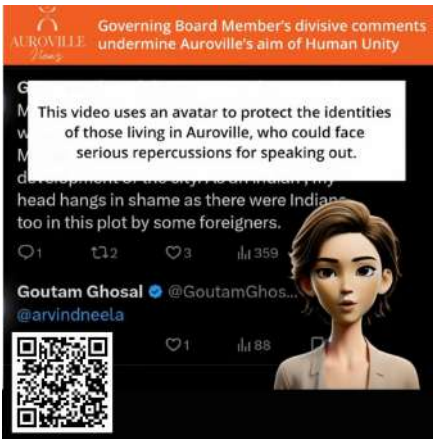

While some original faces had to be removed from this video, the message remains: after more than five decades of building a unique experiment in human unity, Auroville's residents continue to stand for their founding principles, despite mounting pressures.

## CHRONICLES OF DAWN

### CHAPTER 4 - NIGHT WATCHERS

When the machines first came, the City of Dawn was unprepared. But they learned quickly. What began as chaos soon evolved into a coordinated dance of protection and witness, as the community discovered strengths they hadn't known they possessed.

They created a network of watchers - not guards, for this was not about force, but witnesses ready to document and bear testimony to what occurred. Young ones became the eyes of memory, using their tools to capture not just the physical events but the spirit of each stand - the songs that rose in the darkness, the silent witnesses, the moments when courage faced power. Elders who knew the history of each tree and grove became storytellers, ensuring that what was lost would at least be remembered.

The system they developed was like a living organism itself. Watchers were stationed at key points throughout the communities. When machines were spotted moving in the darkness, messages would flow through multiple channels - soft knocks on doors, quiet phone calls, encrypted messages that spread like mycelium through the community's networks. Within minutes, people would begin converging on the threatened area, moving silently through the shadows of the remaining trees.

Different groups took on different roles, each vital to the whole. Some would attempt dialogue with the officials, seeking always to find another way, to propose alternatives that could preserve what was precious while still allowing for growth. Others would position themselves as witnesses, cameras ready, knowing that truth would need documentation in the days to come. Still others would simply stand in silence, their presence a testimony to another way of seeing, another way of being.

They learned to organize without centralized control, to respond to each situation as it arose. Like a flock of birds wheeling in the sky, they moved together, guided by their shared commitment to protecting what was precious.

And then there were the others - those who moved in the shadows of authority, carrying out the will of the towers. Some had once been part of the community but now served new masters, their faces stern and eyes unseeing. Like wraiths they moved through the darkness, their very presence bringing cold fear, their words carrying the chill of distant powers. Some whispered that they had traded their warmth for position, their community bonds for promises of power. Yet even in facing these shadow-servants, the watchers maintained their center, remembering that although those who turn from light cast longer shadows, any shadow, no matter how deep, can dissolve in a single moment of returning toward the light.

It was in these encounters that the community faced its deepest tests. The confrontations that followed pushed them beyond what they had imagined possible. It was one thing to speak of nonviolence in theory, quite another to maintain that stance while watching protected trees fall, while facing officials who dismissed their concerns, while being threatened with expulsion from the only home many of them had known.

Yet in these dark moments, something remarkable emerged. Instead of breaking under the pressure, the community discovered new forms of strength. When machines appeared in the mystical forests of Dawn, they found themselves facing not angry protesters

but a circle of singers, their voices rising in the ancient songs of unity. When officials came with their papers of authority, they encountered elders sharing stories of each tree's history, speaking of the relationships between roots and soil, birds and branches.

Even when trees fell - and many did fall - the community found ways to maintain their center. They honoured them trees with reverence, offering them flowers and incense as they would do to brothers and sisters gone too soon. They collected seeds from threatened areas, nurturing them in secret nurseries, preparing for the day when they could plant again.

But perhaps the most significant change was invisible to outside eyes. The crisis had forced them to live their principles in new and deeper ways. The unity they had always spoken of became a daily reality as they coordinated their responses, supported each other through difficult nights, shared resources and strength when some grew weary. They discovered that sometimes, resistance meant simply continuing their work of nurturing and planting, refusing to let the spirit of destruction influence their own action.

As months turned to years, the nature of their resistance evolved. The spontaneous gatherings of the early days, while powerful, gave way to more organized responses. Fear had taken its toll - many who had stood in those first circles of singers had departed or fallen silent. Those who remained felt the weight of this change; the loss of spontaneity was like a constant ache, a reminder of something precious that had been forced to transform.

The experimental nature of their city now faced its greatest test. How to maintain the spirit of spontaneous unity while developing the strength to endure? Some found themselves drawn more deeply into the formal channels of resistance: strengthening existing councils, supporting representatives who spoke in the courts of power. Their documentation became more precise, their arguments more focused, their strategies more carefully planned. What they lost in spontaneous expression, they sought to balance with sustained effectiveness - though this balance remained an open question, a continued experiment in consciousness.

Some mourned deeply the loss of the early days' pure spirit of resistance. Others recognized this too as a kind of growth, though not without its shadows - learning to meet systemic force with systemic response, while struggling to keep their hearts true to their original purpose. The learning was ongoing, often painful, raising questions that touched the very core of their experiment: How to maintain the spirit of freedom within necessary structures? How to coordinate without controlling? How to stay true to spontaneity while building perseverance, and sustainable resistance?

The officials had not counted on this adaptation, nor did they recognize another form of resistance altogether - the quiet power of those who simply continued to live and work in consciousness, their very presence a testament to another way of being. These ones maintained the flame of truth not through outer action but through inner steadfastness, holding space in consciousness for what they knew to be right.

For every grove that was lost, new networks of protection grew - some visible in their coordinated actions, others hidden beneath the surface like mycorrhizal networks linking tree to tree, and still others existing purely in the realm of consciousness, invisible but no less real.

Even in this more structured resistance, they sought ways to maintain their deeper principles. Their chosen representatives were asked to be channels rather than leaders, their coordinating councils sought to serve rather than control. They were learning -

still learning, always learning - that organization need not mean hierarchy, that effectiveness need not come at the cost of spirit, that resistance could take as many forms as there were ways of being conscious.

And so they continued their vigils, night after night, their resistance now a complex dance between spontaneous response, coordinated action, and the quiet power of conscious presence. For in this too they were pioneers, discovering paths that humanity would need to learn to walk, always holding the question: what new way of being might emerge from this crucible of challenge?

## **(NOT JUST) WORD PLAY**

*Disclaimer: The idea of these three words "evil, veil, live" being put together in this form "came" on its own. It is not "my" creation, nor do I claim any copyright for it.*

I'm equally surprised, as perhaps you will do, at how revealing it is. For the revelation, I'm deeply grateful. Sharing it may help shed light on the whole unfolding story of Creation. Who knows?

The word "evil" seems to be both a taboo and a rampantly over-used word, especially in children's stories, certain genres of dramas, religious & spiritual individuals and "circles". And then, there is the veil that covers up the Truth, Light and Beauty of the Being, the process of unveiling and living out what is seen as the Reality, which is the exact opposite of the "evil".

What do you see in these words? What do they reveal to you? Where are you in your process, at this moment, during this period?

I'm not just into word play. I'm not just asking you. I'm talking to myself in the mirror, and yes, to you, my many mirrors.

Live  
Veil  
Evil

## RE-MEMBERED

As the lost Divine Sparks  
We search here, there, everywhere  
Looking for a way back home  
To the Divine Love and Life  
That we seem to have forgotten.

Along the way we meet each other,  
As family, friends and lovers,  
False and part truth guides,  
Formidable foes and allies,  
Until for some Divine Grace  
Amidst a raging storm of tears  
We finally meet Her,  
The Supreme Divine Mother,  
And in Her loving embrace  
She whispers, "At last my child,  
You have re-membered."

Now safely protected by Her,  
With courage as Her Hero Warrior,  
We embark on the Epic Quest  
For true and total freedom,  
Also for all Her other children  
In the Ignorance still bound,  
Needing a City of Dawn  
As a living dynamic symbol  
Acting as a collective contagion,  
A Cradle for the Life Divine.

*"If we would realise a higher formation or status of being, then it is still through Her, through the Divine Shakti, the Consciousness-Force of the Spirit that it has to be done; our surrender must be to the Divine Being through the Divine Mother: for it is towards or into the Supreme Nature that our ascension has to take place and it can only be done by the Supramental Shakti taking up our mentality and transforming it into Her Supramentality."* — Sri Aurobindo

<https://incarnateword.in/cwsa/21/brahman-purusha-ishwara-maya-prakriti-shakti>

*"The whole earth must prepare itself for the advent of the new species, and Auroville wants to work consciously to hasten this advent.*

*Little by little it will be revealed to us what this new species must be, and meanwhile, the best course is to consecrate oneself entirely to the Divine."* — The Mother

### REGULAR CLASSES:

#### **Qi Gong - with Lhamo**

- **Monday - Wednesday and Friday 7 - 8:30am, drop in class**

Qigong can be described as a mind-body-spirit practice that improves one's mental and physical health by integrating posture, movement, breathing technique, self-massage, sound, and focused intent. Specifically, this form of gentle exercise is composed of movements that are repeated a number of times, often stretching the body, and building awareness of how the body moves through space. There are likely thousands of qi gong styles, schools, traditions, forms, and lineages, each with practical applications and different theories about Qi ("subtle breath" or "vital energy") and Gong ("skill cultivated through steady practice"). As Lhamo has a very extensive knowledge of many of them, she will explore different styles according to the students.

---

#### **Hatha Yoga with Ramesh**

- **Monday and Thursday from 5:30 - 6:30pm, and Saturday 7:30 - 8:30am, drop in class.**

Ramesh offers hatha yoga classes with some vinyasa flow and include pranayama, traditional sanskrit mantra chanting, and meditation. The style is gentle, adaptive and progressive where passive, gravity-assisted poses are mingled with dynamic vinyasa-style flow as needed. He places a lot of focus on breathing and body-mindfulness during the practice. It is ideal for beginners to intermediate-level practitioners. You will be exposed to authentic Sanskrit terms and their correct pronunciation. The practice will be rejuvenative and restorative. These specific classes will be on donation basis even for guests.

---

#### **Tibetan Bowls - Sound Healing with Pratik (starting on the 4th of February)**

- **Tuesday from 5 - 6:30pm, drop in class**

Tibetan singing bowls are crafted from a blend of metals, each carefully tuned to produce unique harmonic sounds. When played, these bowls generate vibrations that interact with the body's energy field, encouraging a meditative state and fostering overall well-being. The practice is based on the principle that everything in the universe, including the human body, is in a state of vibration. Disruptions or imbalances in these vibrations can lead to stress, illness, and discomfort. By aligning the body's frequencies through sound, Tibetan bowl healing seeks to restore harmony and vitality.

---

#### **Traditional Sanskrit Mantras with Sonia**

- **Thursday from 9 - 10am (Drop in class); and Friday from 5 - 6pm (Regular Students only).**

In the recitation of Sanskrit Mantras the sound is very important and the specific pitches and strict rules of intonation and syllabic length should be learned according with the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the "sadhana" or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

## **Book Reading Circle - "Be As You Are" by Sri Ramana Maharshi - with Debashish**

- **Wednesday from 6 - 7 pm**

The book beautifully explores the teaching of the sage of Arunachala. For him, the realization that "there is no reality other than the Self" was not merely a philosophical concept but a profound truth that shaped his life into one of boundless joy. And in time the world recognized the power of his grace. What was the essence of his wisdom that transformed countless lives and inspired generations of modern philosophers and spiritual teachers. Let's discover it together.

### **THERAPIES:**

#### **Shiatsu Massage with Sara**

- **On appointment only ( Sara +91 94436 17308 )**

Shiatsu is a manipulative therapy developed in Japan and incorporating techniques of anma (Japanese traditional massage), acupressure, stretching, and Western massage in order to maintain physical and mental well being, treat disease, or alleviate discomfort. It involves the uses of kneading, pressing, soothing, tapping, and stretching techniques and is performed without oils through light, comfortable clothing.

---

#### **Cheek Acupuncture with Lhamo**

- **On appointment only (+91 84380 53127)**

Cheek acupuncture works on the principle that in the face there is a holographic miniaturization system covering the whole human body. Very small needles are used solely on the face of the patient, which is a mirror of the whole being. It uses a very interesting and immediate way to assess the changes in the body.

---

#### **Gua Sha (Chinese Detox Scrub) with Lhamo**

- **On appointment only (+91 84380 53127)**

This is one of China's oldest treatments. The practitioner uses a tool like a flat piece of jade to scrub the skin to help release blocks, stagnant blood, energy and restore a natural flow. When the toxins in the deep layers of the body reach the surface through scraping, they get more easily released from the body. This treatment is also suitable for healthy people to detoxify, to purify and improve the metabolism of the whole body.

---

#### **Facial Gua Sha (beauty treatment) with Lhamo**

---

#### **Modern Trance Healing - Hypnotherapy with Lhamo**

- **On appointment only (+91 84380 53127)**

In modern hypnosis, the emphasis is put on our own relationship to our own creative unconscious. There are many different aspects and parts in our outer and inner life. # WORKSHOPS

## YIELDING TOGETHER, CONTACT IMPROVISATION

20 - 23 FEBRUARY

### YIELDING TOGETHER

Yielding together is a four days workshop in Contact Improvisation.

Simply put, yielding means to actively meet something. And actively meeting something means your relationship to that something will change. In application it is not just one's own body weight in relationship to the earth but also into the space around. In sharing the practice of yielding together, the invitation is to melt into the easeful dance of life feeling both supported and easeful.

Through Contact Improvisation, we will dive into movement as an open-ended exploration of sometimes wild and athletic, sometimes quiet and meditative expression of ourselves. Turning inwards, with a somatic approach, spending time with our inner landscapes, letting the outer and more larger expression appear from the sensations inside.

Some of the aspects of Contact Improvisation that we would be studying in this workshop are:

- communicating through weight and how it supports our movement in solo and in contact with other bodies.
- spirals and effortless movement together
- breathing, trusting and deep listening
- support, following and leading momentum
- qualities that we wish to cultivate are listening, stillness, curiosity, fluidity, playfulness, spontaneity

### WORKSHOP FACILITATOR

#### Harmandeep Singh

Harman is a Contact Improvisation practitioner and facilitator who comes from a technical background of building mobile apps and websites. He studied Electronics And Instrumentation Engineering and earned a living as a software developer. Much later, he got introduced and immersed into the experience and exploration of art and body movement. He was deeply touched and moved by the practice of Contact Improvisation 7 years ago and since then, he has been exploring different dimensions of movement and awareness that it has to offer.

To support his adventure of Contact Improvisation, he has studied various movement practices including axis syllabus, body mind centering (BMC), feldenkrais method, contemporary dance floor work, somatic practices, body work and capoeira. He is interested in the art of facilitating, creating and holding spaces for collaborations of various art forms and practices with Contact Improvisation. There is curiosity to explore existing and new applications of Contact Improvisation in different aspects of life as an experience. He likes to travel to different places, spaces and cultures while sharing the practice of Contact Improvisation along the way.

**The Consciousness of God**

Feb. 24, 2011

He trims the lamp and calls the Presence in  
And when it comes he lives within the flame.  
All things are known to him, the inner sight  
Opens as a flower bud unfolds.  
Witness of all that is destined still to come  
Prophet, sanctified through birth and birth,  
Guide and friend who counsels in the night  
The striving soul walking the sharp edged lanes,  
The byways where the fruits of falsehood grow  
And all temptations on the upward route.  
In his calm demeanour all he sees  
But judges not the sinner or the saint  
Above the mind he sees that all are one  
A few ahead and few behind, but all  
Destined to realize the soul one day  
And merge into the consciousness of God.

**SARUJ** - *Imagine, there is no money anymore* is a fiction, a love story set in a future where there is neither money nor barter, no borders, no governments, no police forces, and no wars—a society striving for total freedom.

Saruj ('Empathy' in Sanskrit) was born on the day money was abolished. She grew up in a communal living environment in the Pyrenees and has spent over a third of her life traveling the world on foot as a nomad. She is an idealist and stands for freedom.

Kevalam ('Alone' in Sanskrit) is the last son of an ultra-wealthy patriarch, who believed, as money started losing its significance, that the emerging money-free society would just be a short episode. Therefore, he built an isolated settlement for himself and his family, completely cut off from the outside world. His son was told that the outside world was a place of violence and chaos.

The story begins when the patriarch dies. Kevalam, just 18 years old, leaves the settlement for the first time. But on his first day outside he causes an accident—and meets Saruj.

Bilbo Calvez, 'Saruj, is an artist whose work revolves mostly around the idea of a world where money, borders, and governments are replaced by trust and human connection. She is

convinced that such a utopia is neither distant nor unrealistic, but a shared dream that lies within all of us. In her book, she explores a near and plausible future without money, calling on those who believe in their dreams to hold onto them and take the first steps toward making a better world a reality.

All are welcome.

### NEW PUBLICATION - THE PRESSING STONES BY ANDREA VAN DE LOO

Andrea van de Loo, born in WWII Netherlands, grew up under the shadow of her father's Nazi SS past. Despite a traumatic childhood, she embarked on a global journey of healing and self-discovery. *The Pressing Stones* chronicles eighty years of her life, touching on family, relationships, sexuality, spirituality, motherhood, psychedelic therapy, addiction recovery, and the generational impacts of war. It offers a personal view of Auroville, the spiritual community inspired by Sri Aurobindo and The Mother.

This poignant memoir highlights Andrea's courage and determination to overcome her trauma, inspiring readers to pursue their own paths to healing, peace, and fulfillment, even in the face of life's darkest challenges.

She came to Pondicherry in 1972 and saw Mother on February 27th of that year. She lived in Auroville for six years, first helping to run the kitchen at the Matrimandir Workers Camp, then in Kottakarai where her daughters were born. There she ran a small clinic in the village.

**EXIT THROUGH THE GIFT SHOP BY BANKSY**

FRIDAY 28 FEBRUARY, CITADINES

Every NEW MOON Day, Art movie screening at Centre d'Art, Citadines.

This month it will happen on **Friday 28 February at 5pm, in the Multimedia room.**

**Exit Through the Gift Shop, by Banksy, 2010 – 87 min**

*Exit Through the Gift Shop* is a 2010 British documentary film directed by street artist Banksy. It tells the story of Thierry Guetta, a French immigrant in Los Angeles who, over the course of several years, filmed a host of street artists at work, including Shepard Fairey and Banksy, but failed to do anything with the footage. Eventually, Banksy decided to use the footage to make a documentary, which includes new footage depicting Guetta's rise to fame as the artist "Mr. Brainwash".

Since its release, there has been extensive debate over whether the film is a genuine documentary or a mockumentary. When asked if the film was real, Banksy simply replied, "Yes."

Everybody is welcome.

In this landmark (and long) depiction - is set at a time following Japan's withdrawal from Taiwan in 1945. It tells the story of how the Lin brothers navigate the turbulent transition. Eldest brother Wen-heung faces local gangster threats, Wen-sun goes missing, and war-scarred Wen-leung is institutionalized. Deaf-mute photographer Wen-ching, the youngest, stands against the newly established Kuomintang government from China.

## EDUCATION

### AUROVILLE AIKIDO AT AV BUDOKAN (DEHASHAKTI)

Aikido is a martial art created in the 1920s by Morihei Ueshiba, a master in traditional Japanese martial arts. Aikido is a path which aspires to the unity of mankind, the unification of the self with the universe, the union of Spirit and Matter. Seen as such, and in the perspective of the integral development of the being as emphasized by Sri Aurobindo and the Mother, it is no wonder that Aikido has always been greatly valued in Auroville and introduced since the very early years. Both children and adults can enjoy and benefit from its complete practice. There are no competitions in Aikido. On the self-defense aspect of it, an aggressor's attack may be stopped without harming or injuring him/her.

*The AV Aikido group welcomes new practitioners, Youth and Adult students, and the ones who would like to revive an old (abandoned) practice!*

## SPRING AND LIVER SUPPORT WITH AYURVEDA AND HEALTHY PLANTS

The sun comes back to the northern hemisphere and days are warmer but nights are still chilly. The change of season makes the body vulnerable. Spring is part of a 3-season period (late winter, spring, summer) where the sun becomes stronger and sap the energy we regenerated during monsoon and early winter.

In winter, Kapha (water and earth elements) accumulated in the body to protect us from the cold. With the warmer days, Kapha starts moving, cheerful with good energy, waking up from a restful winter and wants to get rid of its layer of fat that is no longer in need to keep warm.

**A healthy Kapha** shows in the body with lots of strength and stamina, a strong immune system and a steady and stable mind with a sense of duty, Kapha has goodwill, is warm hearted, generous and receptive, accommodating.

If Kapha is imbalanced, it becomes stagnant and heavy, it shows lethargy, fatigue, loss of appetite or low digestive power leading to colds, cough with mucus, slight fever, tonsillitis, sore throat, lung congestion, allergies, hayfever, frontal dull headaches, sinusitis, cravings for sweet, heaviness/overweight...

And in the mind, Kapha feels sad, confused, dull, lazy, feeling of not being loved/cared/heard, greedy...

Kapha characteristics (guna) are cold, heavy, oily, sticky, dense, stable (imbalanced, it changes to stagnant). To rebalance Kapha, we need to give the opposite characteristics: hot/warm, light, dry, mobile and fluid/liquid in the food (to stimulate the digestive power Agni) and the activities to decongest Kapha and to help the liver to remove the stagnation:

#### **With the food:**

- Most beneficial: Fasting a day a week
- Eat warm, cooked, easy to digest with predominantly bitter, astringent and spicy tastes
- **Proteins:** Black beans, chickpeas, lentils, mung dal, dals, dried peas, dried beans, pinto beans, red beans (rajma), soya beans (green gram), tempeh, cooked tofu, horse gram, white meat, eggs, small fishes, pumpkin seeds, goat milk
- **Vegetables:** Bitter vegetables: bittergourd, fenugreek (mehti), green leafy vegetables (cabbage, steamed green salads, lettuce, rucola, spinach), artichokes, ashgourd, beetroots, bottlegourd, brocoli, carrots, cauliflower, celery, chow-chow, drumstick (moringa: leaves of drumstick tree), eggplant, green beans, leeks, peas, peppers, pumpkin, radish, cooked tomato, zucchini
- **Good source of sweet taste:** in the cereals (amaranth, barley, buckwheat, red rice, millets, dry oats), in the fruits (pomegranate, apple, dry apricot or raisin, chiku, papaya, grape, pear, figues)
- **Spices:** all the spices are good, red chilli with moderation Ghee or cold pressed sesame/olive/sunflower oils
- **Beverages:** herbal teas (camomile, cinnamon, fennel, ginger, peppermint, tulsi, karpooravali, yerba mate, rooibos), warm water with honey, cranberry juice, barley grain coffee, grape juice, pomegranate juice, warm and spiced soya milk, masala tea (without milk), green tea
- **Ayurvedic plants and preparations:** Neem, Tulsi, Amla, Triphala, Karpooravali, Panchakola (ayurvedic digestion booster), Trikatu (ginger, black pepper, pippali), Sitopaladi churna (for cold, coughs), Talispatradi Vayam (for chest congestions, coughs with mucus), Mix powders of ginger, turmeric, black pepper, all above can be mixed with honey
- **Liver support:** Bhumyamalaki (Keezhanelli) decoction – 20-30ml in the morning before breakfast. Apple Cider vinegar (1tsp) + grated fresh turmeric (1/2tsp) + sip of water: before lunch for 3 weeks
- **Walk 100 steps after lunch.**

#### **Daily routine:**

- **Great principle:** keep the stamina strong
- Early morning, clean the nasal cavity and sinuses with Anu Tailam (2-3 oil drops in each nostril)
- Shower or bath with warm water
- Keep body warm (especially at night)
- Physical exercise: min 30 minutes per day
- Yoga (sun salutation, warrior I, warrior II, reverse warrior, forward bends, chest openers, and backward bends as well as poses that stretch, compress, stimulate, and cleanse the solar plexus like cobra, bow, side plank, spinal rolls, leg lifts, and twists)
- Pranayama (Kapalabhati, Bhastrika)
- Fumigation: eucalyptus, neem, sage

Wishing you a cheerfull Vasanta
