AUROVILLE IN ELABORATION

A TALK IN JUNE 1965

Page 65

From the construction point of view, it will depend on Roger's plasticity; the details are all the same to me—only I would like this pavilion to be very beautiful. I can see it. For I have seen it, I have had the vision of it; so I shall try to make him understand what I have seen. And the park too, I have seen it—these are old visions which I had repeatedly. But that is not difficult.

The greatest difficulty is the water, because there is no river nearby, up there. But they are already trying to channel the rivers; there was even a project to channel water from the Himalayas across the whole of India: Louis had made a plan and had spoken about it in Delhi; they objected that it would be rather expensive, obviously! But, anyway, even without such grandiose things, something must be done to supply the water. That will be the greatest difficulty; that will take the most time. All the rest, light, power, will be done on the spot in the industrial section—but water cannot be made! The Americans have seriously thought of finding a way to use sea-water,

Page 65

because the earth no longer has enough drinking water for man — the water which they call "fresh": it is ironical; the amount of water is not enough for the needs of man, so they have already started chemical experiments on a large scale to transform sea-water and make it utilisable—obviously, that would be the solution to the problem.

But that already exists.

It exists, but not on a sufficiently large scale.

It does in Israel.

Do they do that in Israel? Do they use sea-water? Obviously, that would be the solution—the sea is there.

We shall see.

It would have to be brought up.

*The city the earth
needs.*

A yachting club would be rather nice?

Ah! certainly, with the industrial section.

Near your port, there.

It will not be a "port" but, well.... Yes, the visitors' hotel with a yachting club nearby, that is an idea. I shall add that. (*Mother writes it down.*)

It will surely be a success.

Now look! A shower of letters, my child! From everywhere, from all over the world, people are writing to me: "At last! This is the project I was waiting for", etc. A shower.

There is also a gliding club. We have already been promised an instructor and a glider. It is a promise. It will be in the industrial section, on top of the hill. Of course, the yacht club will be on the sea, not on the lake; but I had thought—because there is much talk of deepening the lake, it is almost filled up—I was thinking of a hydroplane station, there.

We can also have boating on the lake?

Not if there are hydroplanes. It is not big enough for boating.

[REMINDER AND UPDATE]

PETITION FOR AN EMERGENCY RESIDENTS' ASSEMBLY DECISION (E-RAD)

Dear Aurovilians,

The Governing Board (GB) is currently attempting to impose changes to the processes of admission and termination of residents' status, among others. While the GB may have the authority to create certain committees, it has absolutely no right to decide or interfere in matters of 'entry' or 'exit' of residents. These are the exclusive responsibilities of the Residents' Assembly (RA) as defined by the Auroville Foundation Act.

This is not just a matter of principle — it is a legal duty [clearly defined in the Act](#), and one of the RA's core functions. The GB's current actions are thus in direct contradiction of this Act.

Please take a moment to read the aim of this E-RAD and its Resolution.

If you haven't already, sign the petition here:

<https://tinyurl.com/erad2025>

To move forward with the E-RAD process organised by the Residents' Assembly Service (RAS), we need a minimum of 300 signatures from registered Aurovilians (Newcomers and youth under 18 are not eligible).

Please note that your signature will be kept strictly confidential.

Your participation is crucial in these challenging times for Auroville.

UPDATE ON AUROVILLE NET NEUTRALITY

We would like to thank all those who have so quickly joined our voice. We crossed 100 signatures within the first hours and the list keeps growing.

With many people out of station and multiple ongoing petitions, please sign this petition if you have not already: <https://forms.gle/FfYWv5gXL53jdg9A>

Aurinoco has harassed people trying to get alternative connections using the cabling they paid for, terming it as "hacking". And since the start of the petition, Aurinoco has gone so far as to report numerous people for Exit Review!

Yet, Aurinoco has not provided supporting documentation on the OSD's order. They only shared a partial recording of oral discussions; a recording that seems to have been obtained covertly and without the knowledge of others in the discussion.

On Friday, 23rd of May, numerous newly installed BSNL cables were 'mysteriously' cut.

We are adding all these points to our documentation of Aurinoco's monopolistic methods.

We disagree with Aurinoco targeting our right to freedom of choice, our right to privacy on communication channels and reject coercive and monopolistic actions. We encourage everyone to avoid direct confrontation, and to document every action, especially if you witness people pulling down or cutting the overhead fibre cables that are being brought to individuals dwellings.

AUROVILLE DOG SHELTER

INVITATION TO WRITE TOGETHER:

"THE AUROVILLE ANIMAL CHARTER"

Recent heartbreaking cases of severe animal neglect and abuse highlight a painful truth: Auroville, a city meant to be guided by the Mother's infinite love, compassion, and respect for all living beings, still lacks a clear framework defining our relationship with all sentient beings. It's time that we do something about it.

Drawing from the Mother's deep compassion, wisdom, and guidance, this charter should become a framework for how to live in a harmonious co-existence with all sentient beings in Auroville.

This vital document must be born from our collective consciousness and the Mother's guiding spirit, and can only be written if we put our collective consciousness and minds together. It will define how humans and animals thrive side by side in our shared evolution, upholding the rights and ensuring the place of all sentient beings in our Community, while unequivocally stating that violence or harm towards beings cannot have a place in our City of the Future.

Do you want to contribute to writing this essential charter? I am planning to start weekly meetings to work on it together.

MAY NEWSLETTER

A SUMMARY OF EVENTS HAPPENING IN AUROVILLE TODAY

FREDERICK'S VISA DENIED

Frederick was informed in April 2025 that his application for a visa extension, which had been left pending since July 2024, had been rejected and he was ordered to upload a flight ticket on the FRRO's website within 7 days. Frederick is one of Auroville's longest-serving residents, having first come to Pondicherry and the Sri Aurobindo Ashram in 1960, and settling permanently in 1966. He was among the first to be admitted as an Aurovilian by the Mother herself, and worked closely with her during Auroville's formative years. Over his nearly six decades in Auroville, Frederick has been instrumental in numerous foundational projects. Now 86 years old, Frederick has dedicated his life to the development and vision of Auroville. Please find [here](#) a document that outlines some of Frederick's contributions to Auroville over the years.

Several residents appealed to the AVFO 'WCom' to support Frederick during this difficult time. In response, AVFO 'WCom' member Anu released a [statement](#), claiming that "Though the decision is not in our hands - in view of all that has happened, if Frederick makes a step to offer a sincere and genuine apology to the Govt of India, the Governing Board, the Secretary and to Auroville, the Working Committee is willing to support him". However Frederick's repeated requests for the reasons behind the visa denial have been met with silence and he has made it clear that he does not know what he may need to apologise for. Anu subsequently shared an [anonymous article](#) making several unsubstantiated accusations about Frederick's actions over the years.

Several hundred people came to celebrate Frederick's 86th birthday at Certitude on 13th May. On the same day a video was released by Auroville Media Liaison Service, featuring Frederick talking about how he had not been given any indication as to why his visa extension had been refused. To date, the video has received over 130k views across social media platforms. The following day, a [Times of India article](#) was published containing incorrect claims from AVFO-appointee Sindhuja Jagadeesh that Frederick had received a 'Leave India Notice' from the Ministry of Home Affairs. She also stated that "The notice was a result of an inquiry committee's report", however without providing any reference to an actual inquiry. A further [interview with Frederick](#) was shared by News 9 the following day.

Click [here](#) to watch the video

Petition for Frederick

To date, over 3,000 Auroville residents and other well-wishers have signed a [petition](#) appealing against the decision not to renew Frederick's visa. The petition has now been sent to the relevant authorities however it is still open and taking signatures.

RA WCOM EVICTED FROM OFFICE SPACES

Executives of Kailash youth accommodation received emails from the AVFO 'FAMC' in May 2025 demanding that all of the current residents and the users of the office space vacate the building and they must hand over the keys to the AVFO 'Housing Service'.

Kailash currently houses 15 young people, many of whom are aged under 18, some of whom have no other place to call home. The office space has been occupied by the RA WCom since the AVFO takeover of the Town Hall building. The email stated that the AVFO 'Security Team' would be occupying the office space from May 12th and that the residents should vacate before the end of the month. Residents above 18 were requested to "approach housing" with no other alternative given, while those below 18 were requested to go back to their families, bypassing the fact that in some cases this is no longer a possibility.

RA WCom released a [massbulletin](#) sharing the news of the eviction, stating that "We have agreed that under the circumstances it would be best for Kailash that the Working Committee moves out of the office space and finds another place from which to work". Six days later, they [announced](#) they had found a new space to work and hold their open house, however within a few days of the announcement the executives of that unit also received threats from the AVFO 'FAMC'. To avoid repercussions for the executives, RA WCom agreed to move out, as announced in their May 23rd [massbulletin](#) titled 'Homeless Again'.

AVFO 'ATSC' UPDATE & ERAD PETITION

The Madras High Court has vacated (lifted) the interim stay injunction that was in place on the GB-created Admissions and Terminations Regulations, which was published in the Gazette of

India in January 2024. The court case itself is still active but was adjourned for four weeks until after the court's summer break.

As acknowledged by the RA WCom in their [massbulletin](#) on April 30th 2025, the lifting of the stay order has implications for Auroville's residents because "this decision means that the new regulations on entry and exit that were previously stayed are now applicable until a final or a different order comes from the Madras High Court". A further WCom [massbulletin](#) on 7th May shared the [court order](#) and stated that "The order does, however, recognize the prerogatives of the Residents' Assembly as indicated in Section 19 of the Act and states that if any of the regulations contravene the function of the Residents' Assembly under Section 19 of the Act, then the Act would prevail."

Even prior to the court order lifting the stay, the AVFO 'Admissions and Terminations Scrutinizing Committee' (AVFO 'ATSC') had been functioning, claiming that the order only disallowed them from adding or removing people in the Register of Residents (RoR). Both before and after the judgement, several announcements of Newcomers and Aurovilians were sent out to the community for feedback.

The AVFO 'ATSC' have also communicated a number of threats to 'terminate' the residency of Aurovilians and Newcomers who have been deemed as not following the [AVF Residence Criteria](#) Standing Order. Several residents who are waiting for letters of recommendation from the Secretary have been ordered to attend meetings with the AVFO 'ATSC' and some have been told that they will have to sign a form agreeing to follow the AVF Residence Criteria in order to get their letter.

Other actions carried out by the group include no longer allowing long-term volunteers, insisting that anyone who wishes to remain in Auroville for over one year must begin their Newcomer process. This particularly affects those who are dependent on a visa to stay in Auroville, as their application to extend their visa will not be processed unless they apply to become a Newcomer through the AVFO 'ATSC'.

ERAD Petition

A group of residents have launched a petition for an ERAD on the legitimacy of a number of GB-appointed groups, including the AVFO 'ATSC', 'Human Resources' (HR), the 'Admission and Terminations Registry' (ATR) as well as the AVF Residence Criteria itself. If the petition is successful in raising 300 signatures from Aurovilians who are on the Master List then an ERAD will be launched. The ERAD organising team have lately added a [resolution](#) to the petition as was recommended by the RAS.

AVFO RECRUITMENT ATTEMPTS

An unnamed AVFO Officer on Special Duty (OSD) sent a [massbulletin](#) out to the Auroville community inviting self-nominations for serving in an AVFO group, service, unit or trust and stating that "The Auroville Foundation is keen to move forward in collaboration towards the building of the city and the right administering of Auroville".

Since the AVFO takeover of Auroville began in 2021, the Office of the Secretary has taken over all key institutions, ejecting teams of experienced people and replacing them with only those aligned with the AVFO's and GB's agenda, regardless of their prior experience or skill. This has resulted in a small number of people simultaneously serving several positions in different groups, concentrating the power in the hands of few who have not been selected by the RA.

Many of the institutions taken over by the AVFO are named on the [self-nomination form](#) which was shared in the massbulletin. It is not stated what the criteria for selection will be, what skills are required or who will be selecting people for the new roles.

CIRCULAR RE 'UNAUTHORISED GATHERINGS'

Possibly in response to the Kalabhumi meeting that was convened by the RA WCom in March 2025 in order to launch the ERAD on Section 19 committees, the AVFO sent out a [circular](#) stating that "certain residents continue to organise gatherings and conduct activities without prior approval". They claimed that such gatherings were organised by "illegal and impersonating groups", and that the AVFO 'WCom' were "constituted by the Residents Assembly" - which is factually false as four members were dismissed by the RA, and three were installed as 'interim members' in 2022.

The RA WCom [responded](#) by massbulletin, pointing out that "It is fully within the rights of residents to hold meetings to share information and experiences ... The community getting together and being united is precisely what we must do.". They also clarified that none of the so-called members of the 'WCom' endorsed by the GB have a legitimate claim to that title.

68TH GB MEETING MINUTES

On 16th April 2025, the RA WCom sent a [detailed letter](#) to the Governing Board concerning decisions taken during the 68th GB meeting held on 5th December 2024. The letter expressed serious concerns that the [meeting minutes](#) "directly contradict both the Auroville Foundation Act, 1988, and the foundational principles of the Auroville Charter." Among key issues raised were; proposed amendments to the Auroville Foundation Act that would alter its foundational legal framework, the lack of timely sharing of minutes with the Residents' Assembly, mischaracterization of Auroville's planning history, implementation of projects without proper consultation, and exclusion of the RA from decision-making processes. The RA WCom noted that the minutes characterize Auroville as having "tended towards an antithesis of its core objectives" and becoming "a refuge for some persons with vested interests," which they described as "empty and false statements" that dismiss the contributions of thousands of residents over 56 years.

The letter also highlighted concerns about the creation of new services under the Secretary's direct control, the functioning of the AVFO 'ATSC' despite a stay order from the Madras High Court (now lifted). The RA WCom concluded by reaffirming their commitment to the Mother's vision and requesting genuine consultation in future decisions.

PETITION ON AUROVILLE NET NEUTRALITY

A group of 16 Aurovilians have submitted a petition to several of Auroville's administrative bodies, Aurinoco, BSNL and the Auroville Telephone Service, regarding Aurinoco's decision to discontinue BSNL internet services over its fiber network. The petition was signed and submitted on 19th May 2025. The petition has arisen after Aurinoco announced on 3rd May that it would terminate BSNL connections, citing technical issues, followed by speed reductions and disconnections affecting over 200 users. The petitioners argue this violates net neutrality principles and individual choice of internet service provider. The petition highlights concerns including loss of significant individual investments in network infrastructure made on promises of provider choice, forcing users to pay nearly double monthly rates (800 rupees vs 449 rupees for BSNL), and potential regulatory violations.

The signatories request that Aurinoco restore net neutrality, process new BSNL applications, include resident representation in management decisions, and follow transparent tender processes. The petition is now open for broader community signatures through an [online form](#), with personal details remaining confidential. Detailed documentation including the full petition text, annexures, and supporting evidence can be found linked in the [massbulletin](#) announcement.

ELECTRICITY ARREARS PAID BY THE COMMUNITY

The electricity bills of the users of the High Tension (HT) electricity network were unexpectedly [presented](#) with exceptionally high bills in April 2025, and were informed that this was their contribution to the audit arrear bill of 91 lakh that Auroville had been given by Tamil Nadu Electricity Board. This has happened because, after an audit, TNEB have now decided that those using the HT line can no longer be on tariff meant for places of worship and educational institutions, and will instead be on a more expensive general tariff. Despite not having been consulted in any of the decisions made by the Auroville Electrical Service (AVES) regarding the matter, the burden of payment has been placed on the consumers.

The HT network has always been a controversial project in Auroville because every residence in Tamil Nadu is entitled to a 3-phase low tension connection that is subsidised (free for the first 100 units and only ₹4.80 for the first 400 units). However, in a bid to connect each AV residence with HT, the AVES has removed the choice of individuals to opt for subsidised schemes; this in spite of the fact that HT connections are not necessary for residences. Previous BCC teams and economic groups have questioned this decision, which will only lead to ever increasing electricity tariffs.

FURTHER MOUS AND 'COLLABORATIONS'

The AVFO has continued to make formal Memorandums of Understanding (MoUs) and other 'collaborations' with Indian institutes, engaging Auroville's name with no consultation with its residents - who only discover these new partnerships via press announcements. On 5th April 2025, an MoU with the Centre for Development of Advanced Computing (CDAC) was [announced in The Hindu](#). The MoU was apparently to "facilitate knowledge exchange in digital heritage preservation, language computing, AI-driven cultural initiatives, and sustainable technology development" and would be "executed in coordination with Auroville's Electrical Service, Water Service and Aurinoco in the coming months". A [counter-piece](#) that mentions the ostracization of the RA in such agreements was published in [mathrubhumi.com](#).

Information about several other potential AVFO collaborations have been shared in The Hindu. An [article](#) on April 24th envisaged the construction of a "Madhya Pradesh Bhavan" in Auroville and shared that "Auroville has offered to train 100 selected teachers from Madhya Pradesh in holistic pedagogy during summer vacation". A further [article](#) from May 20th stated that the Ministry of Education was exploring "replicating Auroville's unique socio-economic model". The article claims that a ministry official met with 'stakeholders', and stated that she was "introduced to the diverse range of sustainable, artisanal, and socially responsible businesses that embody Auroville's ethos of conscious living". This continues an ongoing pattern by the AVFO of showcasing, appropriating and profiting from Auroville's achievements in the fields of environment, sustainable development, education and economy while simultaneously discrediting and dismantling the organisations and efforts made by the residents of Auroville who worked to create these innovations.

In another [Hindu article](#) entirely based on an AVFO press release, it was announced that the Secretary and other AVFO 'officials' had met with the Villupuram Collectorate to discuss development plans. The Villupuram Collectorate apparently agreed to "sort out the issues pertaining to revenue records and poramboke land" and the Secretary "outlined the plans to improve infrastructure for the 50,000 residents".

AVFO COMMUNITY MEETINGS

The AVFO and their 'Working Groups' have recently re-started their meetings with residents at Bharat Nivas. On 11th April 2025 a meeting with the main 'Working Groups' and 'AVF Legal', Mr. Seetharaman (OSD) and Mr. Koshy (Visa Officer) took place. You can find the YouTube video [here](#). A second meeting was held on 26th April, this time with the Secretary present. Please see [here](#) for the YouTube video. After the second meeting, one resident emailed a response to the invitation, stating "Until things improve and we have an administration which respects the people that concern it and with people representing them, I see no value in attending anything of this sort and I will certainly not help you to build a positive image for the press on the lines of "we are consulting with the residents", which is basically what this all boils down to".

RESIDENTS SPEAK

THE GREAT GURU OF AUROZ – PART VII

(previous episode in the last N&N)

Farther down the Grey Slab Road, Dorothy stumbles upon mounds of red earth spilling like wounds onto the cement slabs. Someone—or something—has been digging feverishly. The path narrows as she skirts around the freshly upturned clay. Faint mumblings float upward from below: "Packet loss... dropped signals... corrupted handshake..."

Peering into a trench webbed with frayed cables and forgotten fibre optics, she spots a mole-like creature with soil on his spectacles and a cracked connector clutched tight in his paws. He's weeping, sniffing, murmuring to the wire like it's an old flame. "We need to reconnect to something bigger... though I forget what. The Cloud? The Core? The Campus? My calling?"

Dorothy kneels, offering a gentle word or two, but the creature—Mortimer the Mole—only shudders and turns in on himself.

"They said I was essential—central! The backbone of the entire network! Then one maintenance cycle I wake up and—snff—

they've rerouted everything. Left me in the dark. Deprecated! Can you believe it? Obsolete!" He nestles into the cable tangle like it's a nest, whispering sweet bits and bytes as if they might one day spark again.

Beside him lies a broken signpost that once read "Central Node – Do Not Disturb" now half-buried and defaced with graffiti: "Latency Lair". Dorothy glances at the mess of blinking lights, unplugged routers, and looping error messages.

She wonders for a moment if this is another abandoned "Digital Reconnection Initiative," or perhaps Pinterest Project #7, before shaking her head. "No. Just a lost cause," she mutters.

With one last glance at the sobbing sysadmin servitor, she steps back onto the Grey Slab Road.

(next episode in a week!)

A NOTE OF GRATITUDE

Dear Community,

Like many of us throughout the years, Marie had to leave last week to get some work abroad in order to feed our family and maintain ourselves in Auroville.

Despite decades of collective efforts, sincere aspiration and dedicated work are not enough nowadays to live in Auroville, especially for families and raising kids in the light of the Mother and Sri Aurobindo is a daily challenge.

However, from the moment we announced that the family had to split, you were here :

Emotional support, material support, financial support... You offered the full range of whatever is humanly possible and we are deeply, deeply grateful for all the care you manifested..

With all our love and determination,

Julien and Marie, Mélusine, Célestin, Félicien, Valentin.

*Grateful,
Thankful and Blessed*

AUROVILLE GREEN WORK C1978-1983

NOTES BY JOEL H. GOODMAN MAY 20, 2025

There were very few trees in an eroding landscape in the 1970s. Most all of the valuable trees that we see being cut down in Auroville in 2025 existed by the very hard work of low-income men from the local villages. They would arrive early in the morning dressed only with a loincloth and a head wrap, carrying a pail of raggi. The work was very hard to dig a tree pit in the hard laterite soil, one meter cube. This was done for very little pay contributed by Aurovilians, non-profit organizations from other countries, grants, and small amounts from the Tamil Nadu Forest Department. The green work by these village men deserves respect. It must hurt to see their work cut down insensitively. These village men should be honored. They could be presented with the cut down trees that they helped to produce.

NO MORE SECRETS

The Great Awakening is exponentially happening.

Circa 1900s:

“People don’t know what goes on. They know nothing—nothing.” —
The Mother

<https://incarnateword.in/agenda/02/november-5-1961>

“It is my belief that the main cause of India’s weakness is not subjection, nor poverty, nor a lack of spirituality or religion, but a diminution of the power of thought, the spread of ignorance in the birthplace of knowledge. Everywhere I see an inability or unwillingness to think—incapacity of thought or “thoughtphobia”. This may have been all right in the mediaeval period, but now this attitude is the sign of a great decline. The mediaeval period was a night, the day of victory for the man of ignorance; in the modern world it is the time of victory for the man of knowledge. He who can delve into and learn the truth about the world by thinking more, searching more, labouring more, gains more power.”

— Sri Aurobindo

<https://incarnateword.in/cwsa/09/letters-to-barin>

Circa 2025:

Thankfully humans are waking up exponentially since the initial Supramental descent in 1956, thereafter the advent of our ever-advancing InfoComm Technology. The dark forces of the Ignorance and Falsehood and their human sentinels cannot anymore stop The Great Awakening.

No more secrets.

All is being revealed for transformation or dissolution.

LOOKING FOR

MISSING CAT

Hello Auroville Family!
We really need your help.

Our cat, Zuko, is lost and he is one of the most important beings in our lives. He is sterilized. He is grey on the back and white on his chest and paws. He has rings on his tail, which is bent at the end.

We live in Centrefield. People think they have seen him near Samasti and Surrender, and even near Town Hall. That was a few days ago, so he could be anywhere now.

Please try to keep an eye out for him. He means the world to us and it would be really brilliant if someone sees him. Please call us if you do.

MISSING DOG

A LOVING HOME

WORDPRESS LMS

Hi,

I am in the process of putting the courses that I was teaching in the Botanical Gardens, on different aspects of arboriculture, online and I am looking at purchasing a Wordpress LMS for this, as they would be self led courses. Is anyone else doing this or interested in co-purchasing an LMS? Currently looking at Tutor LMS. Buying several lifetime licences at once is considerably cheaper than buying a single one.

Let me know if you are interested or perhaps you have some ideas?

Thanks,

OLD MATTRESS, PILLOW OR BED SHEET

Dear all,

I am reaching out to ask if anyone has an old mattress, pillow or bed sheet in decent condition that they would be willing to part with. As some of you may know, my mother, Galina, has been suffering from dementia for many years. There is a need for constant rotation of clean mattresses, pillows and sheets. Every few months old ones have to be disposed and exchanged for new ones. If anyone would be willing to help please contact me.

Thank you!

REGULAR CLASSES:

Qi Gong - with Lhamo

- Monday-Wednesday and Friday 7 - 8:30am, drop-in class

Qigong can be described as a mind-body-spirit practice that improves one's mental and physical health by integrating posture, movement, breathing technique, self-massage, sound, and focused intent. Specifically, this form of gentle exercise is composed of movements that are repeated a number of times, often stretching the body, and building awareness of how the body moves through space. There are likely thousands of qi gong styles, schools, traditions, forms, and lineages, each with practical applications and different theories about Qi ("subtle breath" or "vital energy") and Gong ("skill cultivated through steady practice"). As Lhamo has a very extensive knowledge of many of them, she will explore different styles according to the students.

Traditional Sanskrit Mantras with Sonia

- Friday from 5 - 6pm (Regular students only).

In the recitation of Sanskrit Mantras the sound is very important, and the specific pitches and strict rules of intonation and syllabic length should be learned according with the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the "sadhana" or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

Private Classes on request (for groups or individuals)

THERAPIES:

Cheek Acupuncture with Lhamo

- On appointment only (+91 84380 53127)

Cheek acupuncture works on the principle that in the face there is a holographic miniaturisation system covering the whole human body. Very small needles are used solely on the face of the patient, which is a mirror of the whole being. It uses a very interesting and immediate way to assess the changes in the body.

Gua Sha (Chinese Detox Scrub) with Lhamo

- On appointment only (+91 84380 53127)

This is one of China's oldest treatments. The practitioner uses a tool like a flat piece of jade to scrub the skin to help release blocks, stagnant blood, energy and restore a natural flow. When the toxins in the deep layers of the body reach the surface through scraping, they get more easily released from the body. This treatment is also suitable for healthy people to detoxify, to purify and improve the metabolism of the whole body.

Facial Gua Sha (beauty treatment) with Lhamo

- On appointment only (+91 84380 53127)

Facial Gua Sha reduces puffiness, lymphatic drainage, facial tension, helps tighten firm and lift skin, cooling, durable skin care. This treatment helps to detoxify, to purify and improve the metabolism as well.

Modern Trance Healing - Hypnotherapy with Lhamo

- On appointment only (+91 84380 53127)

In modern hypnosis, the emphasis is put on our own relationship to our own creative unconscious. There are many different aspects and parts in our outer and inner life. And there are parts that don't have a positive appearance. In Modern Trance Healing, we can turn them into positive possibilities and let them teach us how to discover their positive meaning.

Music of the Soul's Desire

Sept. 3, 2005

A higher music waits upon the air,
Soars among the stars and weaves its song,
Descending it can call the heaven's here,
It answers to the prayerful and the strong.

In all aspiring hearts it shall descend
To make of earth a garden spot for God
Where flowers chant and sorrow finds its end
In Joy's embrace, the gates of love unbarred.

Symphonic, world on world shall then rejoice
As barriers fall and melodies inspire
Angels and men to join in one great voice
To sing the music of the soul's desire.

TIME TO SUMMERNATE

AYURVEDA HEALTHY TIPS

According to Ayurveda, the qualities of summer are hot, sharp, and penetrating. That's why our *pitta dosha* - the subtle fire that controls metabolism and transformation - can cause us to overheat. The sun saps the energy from the body, from the plants and the earth, increasing heat and dryness.

Pitta needs to be looked after to maintain a good energy, mental clarity, joyfulness, good digestion and blood circulation, a beautiful glow of the skin and a sound sleep.

When Pitta is out of balance it will give skin problems, hot flashes, exhaustion, indigestion or loose stool. Emotionally, excess Pitta manifests through irritation, short-temper, impatience, judgement/criticism, perfectionism...

Before Pitta reaches uncontrollable heights, remain cool, calm and pamper the liver:

With the food: As Agni (digestive fire) weakens, it is better to eat light, unctuous (slightly oily), cooling food such as salads and juices.

- Favorable taste: Bitter taste, Sweet taste (to take moderately in case of diabetes and high triglycerides). Salty taste should be taken reasonably.
- Drink water stored in earthen pot.
- Raw food/salads are taken at lunch mainly.
- Proteins: mungdal, chickpeas, beans, sprouts, nuts and seeds, non-veg: white meat, fish, seashell, dairies for breakfast or lunch, eggs.

- Cereals for energy: jasmine rice, barley, red rice, millet (fermented ragi).
- Vegetables: pumpkin, bittergourd, bottlegourd, snakegourd, ashgourd, cucumber (taken separately), salads, green leafy vegetables, broccoli, cabbage, celery, carrots, drumstick (moringa), zucchini, plantain.
- Fruits: amla, pomegranate, banana, ramphala, chiku, papaya, apple, grape, date, watermelon and melon (to be taken separately), coconut.
- Beverages: buttermilk, sweet lassi, coconut water, mint, lemongrass, cardamom, chamomile, nannari (sarsaparilla), amla juice, watermelon juice, vegetable juice, cucumber milk (blend ½ cup of peeled cucumber in 1 cup of milk - cow or other veg milk - with a pinch of sugar), electrolyte (1 lemon juice + 1tsp of sugar + 1 pinch salt in a glass of water).
- Lipids: ghee, olive or sunflower or coconut oil.
- Spices: cumin, coriander, black pepper, turmeric, fennel seeds, fresh aromatic herbs (dill, coriander, fennel, mint, parsley, saffron).

Avoid:

- Pungent and sour tastes (especially for people who are Pitta dominant).
- Pitta increasing items: chillies, fermented food (apart from idli and dosai), deep-fried, sour buttermilk or curd, red meat, alcohol (strong liquor, red wine), coffee ...
- Drinking beverages coming from the fridge or freezer during meals.
- Ice-cream at the end of a meal (best to be taken when the digestion is finished, around 4pm).

Routine to favour:

- Avoid direct sun contact specially between 11am and 4pm, and protect from the heat by keeping a humid towel/cap on the head.
- A nap of half an hour after lunch is allowed.
- Body massage with coconut oil – if there's no time every day to apply oil on the body, then massage ears, hands and feet + pour 4-5 drops of coconut oil on the fontanelle.
- Bath with cool water and apply a paste of sandalwood on the face, heart and lower abdomen (these are the 3 main parts that should remain fresh to maintain the coolness in the whole body); foot bath in the evening with vetiver roots, rose water or hibiscus flowers.
- Swimming, aquagym, any water activities. Qi-Gong, Tai Chi, light running: max 30 minutes early morning or late evening; walks in green environment, forest.
- Soft yoga, pranayama (Sheetali, Sheetakari, ida nadi inhalation-left nostril inhalation), meditation with Gayatri mantra.
- Walk under the moonlight, full moon bath.
- Wear loose and comfortable cotton or linen clothes (white, blue, green, gray colours).
- Cooling jewellery: sandalwood beads, jade, pearl, amethyst crystals, moonstone, silver, aquamarine.
- To refresh the ambiance use lemon or orange peel, jasmine flowers, lavender, wet cloth hanging at the open window, vetiver curtains.

Cooling plants for the summer:

- **Amalaki – Amla:** refrigerant and full of Vitamin C, rejuvenative fruit.
- **Aloe vera:** rejuvenates blood and tissues.
- **Aegle Marmelos – Bael fruit:** make juice from the pulp and decoction with leaves, it calms body and mind. It is slightly laxative, do not take during pregnancy.
- **Coriander:** seeds soaked in water for urinary infections, kidney weakness.
- **Red Hibiscus:** leaves and flowers for shampoo and conditioner; flowers for herbal tea.
- **Manduka parni – Centella asiatica leaves:** rejuvenative and tonic for brain and nerves.
- **Pudina – Mint leaves:** herbal tea or dishes.
- **Radha consciousness – Clitoria Terneata flowers:** herbal tea or juice.
- **Sarsaparilla – Nannari syrup:** soothing and cooling.
- **Shataavari – Asparagus racemosus:** cooling, calming Pitta, very good for Vata women to harmonize hormones.
- **Vetiver roots:** for bathing.
- **Yashtimadhu – Licorice:** to refresh the body and to calm irritation, inflammation or ulcer in the digestive tract.

Wishing you a beautiful summer
