## AUROVILLE IN ELABORATION LIFE-ASPECTS

### Page 81

*This quotation was read to The Mother by a disciple who asked her whether the time has come for the conditions laid down by Sri Aurobindo to be fulfilled. The disciple said that the first condition concerning "the individual and the individuals" had been fulfilled by The Mother and Sri Aurobindo. But what about the second condition of "a mass, a society, a communal mind, or a group-body" capable of receiving and assimilating?*

### Page 82

This is exactly what Auroville is for. But Auroville is still far from fulfilling the necessary conditions.

*(On 30.10.72 The Mother gave three alternative forms of greeting for those Aurovilians who wish to use them.)*

*(About the cyclone of 5-6.12.72)*

It is a warning that nature is giving, that those who do not have the true spirit of Auroville will have to change or to go if they do not want to change.

*(Regarding the attitude to be taken when dealing with outside organisations.)*

## Administrative Notes

*(This section is composed of some of the oral answers of The Mother as well as those notes presented to The Mother for consideration which were approved. She has signed most of these with 'Blessings' or 'yes'. The entries appear in chronological order.)*

*(About industries)*

Each case is a special one and must be considered separately.  
No categories.

11.4.1966

\*

*(About setting up a workshop)*

At present it is preferable to undertake only what is indispensable immediately, and to leave the future to take care of itself.

23.6.1966

\*

*(The Mother was asked about the external arrangements for the birth of an Auroville child.*

*About the people to be present she said, "Only the doctor and the father", and added:)*

The most important thing is to be quiet, in a peaceful atmosphere, so that the Force can work without disturbance.

### AUROVILLE DOG SHELTER

#### 1) URGENT PUBLIC HEALTH ALERT: ANOTHER CONFIRMED RABIES CASE IN AUROVILLE AREA - IMMEDIATE ACTION REQUIRED FOR THOSE EXPOSED

On Wednesday afternoon, July 23<sup>rd</sup>, the Auroville Dog Shelter team was alerted to a young male dog exhibiting alarming symptoms of rabies infection, including extreme aggression and foaming saliva around the mouth.

This dog was sighted in the areas of **Edayanchavadi, Red Earth Riding School, and Moratandi Toll Gate** before our rescue team successfully caught it near BARK INDIA.

We regret to inform you that the dog passed away last night. A specialized rabies team from Mettupallayam College conducted a brain biopsy today, which has **confirmed a positive rabies infection**.

We are actively investigating the contact details of the **three known individuals who were bitten by this dog** and are now in severe danger of infection. As the dog had been roaming in the Auroville and Edayanchavadi areas in recent days, it is highly probable that more people and animals may have been exposed.

**Rabies is 100% fatal if not treated immediately.**

## IMMEDIATE ACTION FOR EXPOSURE:

- If you or anyone you know has been bitten by this dog or came into contact with its saliva, please visit a hospital immediately for Post-Exposure Prophylaxis (PEP).
- Recommended healthcare providers include JIPMER, PIMS, or the Auroville Health Centre.
- **A fast post-exposure treatment can save lives!**
- Please urge anyone you know who may have come into contact with this dog and been bitten to seek medical attention instantly.

## Auroville Dog Shelter's Capacity to Operate Severely Compromised:

It has been one year since our last major vaccination drive, which was financed by AVI USA and protected over 1500 dogs and cats in Auroville and surrounding villages. While it is now critical to renew these vaccinations and boost immunity, the Auroville Dog Shelter is unfortunately facing severe budget constraints after a recent decision to ban crowd funding in Auroville.

- We are no longer able to provide community-wide protection through vaccinations, as we ran out of stock and are unable to buy more.
- We are also forced to halt our successful "1000-dog-in-a-year" sterilisation program, which will lead to an exponential increase in the number of puppies in the entire area.
- Tragically, we have to let go end of this month of most of our experienced staff members, including our dedicated rescue team.

This leaves us tragically unable to conduct any rabies rescues in the future, leaving Auroville and its hundreds of thousands of yearly visitors unprotected against the constant danger of rabies.

## PROTECT YOURSELVES AND YOUR PETS:

Given these critical limitations, we urge every pet owner to **immediately contact your private veterinarian to get your animals vaccinated** to ensure their safety and your own. Due to a high number of parvovirus cases in the area, we ask you to protect your animals with a multi-vaccination and not just rabies protection.

Please stay safe and vaccinate!

Yours,  
The Auroville Dog Shelter Team

## 2) SUSPENSION OF AUROVILLE DOG SHELTER'S MONTHLY TRANSPARENCY REPORT

Dear Auroville Community,

It is with heavy hearts that we announce the temporary suspension of our monthly transparency report. These reports have been our voluntary commitment to you for the last years, providing updates on our work, services, donations received, and detailed expenses, all for the sake of transparency and openness with the community that supports us.

This difficult decision comes in response to recent allegations issued by ATR against one of our dedicated staff members, who, after several years as a Newcomer, had recently been announced as an Aurovilian. This staff member is now accused of "spreading misinformation and discrediting Auroville institutions" by:

- Using social media posts (Instagram).
- Publishing our transparency report on March 6th, 2025, in News & Notes (which mentioned the ban on crowdfunding across Auroville).
- Launching a petition to save the Auroville Dog Shelter.

The accusation claims these actions portray a "damaging and misleading image of Auroville."

We categorically state that every fact we have posted on social media and in our transparency reports is a **verifiable act and constitutes nothing less than the truth** we have been sharing with the Community. Their interpretation, among other false allegations against our staff member, is viewed by us as an **attempted censorship** designed to intimidate our shelter staff and prevent relevant information concerning the state of the shelter from being made public.

**As a sign of peaceful protest against being silenced, we are suspending our monthly transparency report for the time being.**

In this challenging time, we urgently ask for your support. We need your help to survive, to save the lives of our dogs, and to be able to resume our vital services for the animals, and the wider Auroville Community.

Please support us:

- **Donate to FS 251391**
- Visit [www.aurovilledogshelter.com](http://www.aurovilledogshelter.com) for our bank account information.

**RESIDENTS SPEAK**

**A NEW ROAD FOR ALL PEOPLE, FOR ANY CITY**

*Reprinting an unpublished essay from 2023, its still relevant.*

**CAN A ROAD UNIFY?**

Auroville is divided over a road. Because the current design of the road serves a particular vision of the future. And there are several visions of the future. Is there a design that will serve all visions of the future? A road that can serve a city of 5000 or 10,000 or 50,000 or more. A road that can be a model for all cities. For all villages.

The process of making the road also reflects one aspect of present reality. A reality that leads the human to lower consciousness thru fear and compliance. The same reality leading us to the Sixth Great Extinction and massive climate change. Can the process of

building a road also serve the community? Can a road allow human creativity to surface? Can a road unify a community? Motivate people, who have retreated deep in their caves, to step out and reconnect? Can it lead towards harmony and sustainability?

**THE TWO BROAD FUNCTIONS FOR THE ROAD**

The road serves visibly the function for transportation. In an era where fossil fuel is expensive and a disease too, there is a shift. One shift is to electric and smaller transportation. Another is to public transportation. These shifts include slowing down and rethinking transportation and as a response to climate change. And one more shift is to walking. And finally, to beauty.

The road also creates a corridor for infrastructure. For water supply, electricity, sewage, rainwater, and even treated waste water.

Because each of the users demand their own channel, the width of the road becomes wide. And that causes the problem of land acquisition and the loss of living space. Living space could be existing homes or forests. All leading to friction and erosion of quality of life.

**A NEW DESIGN**

The Crown Road has been constructed with the standard model with a wide footprint (shown on the left in Figure 1) that has caused the loss of much land, used far more material, and loss of tree cover, that cannot be easily replaced.

Figure 1: Two Types of Road Construction

This need not be repeated on all the radials and other roads planned. It could be done as shown on the right in Figure 1.

How is that possible? Taking a few examples around the world, Aurovillian designers have come up with a new road design that brings together verticality and modularity to create a road that can satisfy current and future needs within existing areas. By not expanding the surface area, existing buildings, public spaces, and trees need not be destroyed.

By centring all the infrastructure in a vertical channel in the middle of the road (as shown in Figure 2), the construction process remains in the centre of the road and the sides can remain untouched.

Figure 2: Road with a Center Infrastructure Channel

## DESIGN HIGHLIGHTS

Figure 3 shows a detailed cross-section with all the services laid out in the infrastructure channel. Figure 4 shows a top view of the section of the road. A junction box can be installed on either side as per need. Manhole covers are placed regularly to allow access.

The design characteristics that form a unique combination are:

1. **Vertical** – all services aligned vertically reduces width required.
2. **Modular** – allows road expansion easily, as land gets acquired and construction gets approved. And allows for new infrastructure to be put in place easily.
3. **Flexible** – allows changing of angles to make flow in direction desired. And adding in new services (like greywater) as new possibilities and technologies emerge.
4. **Plug-and-Play** – allows easy connection for inputs and outputs.
5. **Accessible** – making maintenance and repair easy.
6. **Super-engineered** – supports are embedded into the concrete at assembly, so no drilling is required at installation. Even the connectors and brackets are designed to withstand vibrations and not pass them to the pipes. The sewage line is a major innovation.
7. **Sustainable and Climate Resilient** – does not destroy existing, allows growth around and underneath, and narrower shady roads remain cooler with less flooding.
8. **Health-hazard free** – a new egg-shaped design will transport sewage. A cast-iron structure will not allow any sewage to leak and pollute groundwater. The stormwater of the road is kept separate from rainwater that lands on the natural ground. It can be separately treated, as its pollutants are different, and then used.
9. **Safe** – bicycle lane separated by a row of trees.
10. **Futuristic** – designed as the combination of the best and unique in the world, with a couple of new enhancements. It only has a small touch of experimental, because all parts and fittings already exist, we just have to use them.

Figure 3: Cross-section of Road Showing Infra Channel with Services

## THE JUNCTION BOX

The innovation includes the junction box. Set every 20m alternating sides, it will allow all connections for electricity, data, water, and for sewage. All connections will be threaded and thus can be easily closed and opened, and so attaching and removing attachments is easy and non-destructive (unlike the present method of using glue). This box will be standardized so it can be pre-fabricated, easily put in place and also serviced. It can also serve as a stand for lamp posts.

There are 2 special cases for junctions that will have to be handled individually. High Tension (HT) electric cables will need their own transfer point. And sewage exit to the treatment plant will need a special connection.

This design is not just for Auroville. It is for all crowded cities with narrow lanes. And for villages trying to add roads and other

infrastructure.

**COST**

While some costs will be reduced due the reduced construction area and amount of materials, the complexity, quality, and composition of the materials will raise the cost. Due to multiple services residing together, there will increased engineering and coordination during installation. The future, a good future, is not going to be cheap.

Figure 4: Plan of Road

**ADOPT AT ANY TIME**

This new design is Aurovilian innovation and experimentation, the adoption of which will not slow down construction, but will slow down destruction.

## TRUE POWER

With the obvious lack of it, comes the Will for True Power.

*"It would seem that the most compelling, evident aspect, which probably will be the first to manifest—probably—will be the aspect of Power more than the aspect of Joy and the aspect of Truth.*

*For a new race to be established on earth, it would necessarily have to be protected from the other terrestrial elements so as to survive, and the protection is in the power (not an artificial power external and false, but the true Power, the victorious Will).*

*We may therefore think that the supramental action, even before it becomes an action of harmonization and illumination, of joy, of beauty, will be an action of power, so as to give protection.*

*Naturally, for this action of power to be truly effective, it would have to be founded on Knowledge and Truth and Love and Harmony; but those things could manifest—visibly, little by little—once the ground, so to speak, had been prepared by the action of a sovereign will and power”*

In the recitation of Sanskrit Mantras the sound is very important, and the specific pitches and strict rules of intonation and syllabic length should be learned according with the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the "sadhana" or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

## WORKSHOPS

### EMBODIED MEMORIES OF AUROVILLE

Hello,

I am Fabrice Nicot, a French theater director and teacher associated with the Grotowski Wroclaw Institute in Poland (<https://scenes-monde.univ-paris8.fr/fabrice-nicot>).

I proposed a workshop in Auroville last May and I was very happy with the work. This gave me the idea to propose a new project on the "Embodied Memories of Auroville": a work on the founding texts of Auroville and the personal stories of Aurovilians using a method of voice, the organic body, and their memories inspired by Jerzy Grotowski (Polish director and teacher 1933-1999).

**I will be in Auroville from August 11th to 31st.**

We will continue the work with some previous participants, but if other Aurovilians would like to join us, that would be great. The ideal would be a daily 2/3-hours group session (times would depend on the group's availability) to acquire a minimum of technique, and individual meetings with each of you (private lessons) according to your availability to work on your personal materials (texts, stories, etc.).

To make the best of the time spent together, you need to learn a text that deeply resonates with you by heart.

Feel free to spread the word.

For enquiries, contact

[aurovilleartworld@gmail.com](mailto:aurovilleartworld@gmail.com)

Warmly

Fabrice

### CAPTURING LIFE BY JOHN MANDEEN

### SELECTION OF PHOTOS FROM AUROVILLE ACROSS FOUR DECADES (1980-2020)

1<sup>ST</sup> - 10<sup>TH</sup> AUGUST, CENTRE D'ART

 Centre d'Art  
Auroville

**Capturing Life**  
John Mandeen  
Selection of photos from Auroville  
across four decades (1980-2020)  
Opening at Centre d'Art Auroville on 1st August at 4.30 pm  
From 1st - 10th August 2025  
Tuesday to Friday 2 pm to 5.30 pm  
Saturday 10 am to 12.30 pm, 2 pm to 5.30 pm  
[centredart@auroville.org.in](mailto:centredart@auroville.org.in)

Opening on Friday 1<sup>st</sup> August at 4:30pm.

John Mandeem came to Pondicherry, South India, from California, in October 1968 as a young man of 24 and was accepted by the Mother as an Ashramite of the Sri Aurobindo Ashram. He helped set up the first screen printing workshop in the Ashram Press. All birthday cards with the Mother's symbol in those days were screen printed there besides book covers.

He took up photography in the late 1970s and got seriously into it by the 80's, documenting Auroville in all its aspects very extensively, including the Matrimandir.

Since 1980 he was part of the Prisma Team with Franz and Tim and they did all the publicity work for Aurelec. In 1994 he took photos for the first Auroville Exhibition at the visitor's centre which was updated several times over the years. He was the photographer for the Auroville Today team till writers with snap and shoot cameras took over the job. He taught photography at the school in Aspiration school to many Auroville kids, all adults now, some of who ended up becoming photographers themselves.

Most of Prisma's initial publications, like the architecture books, carry his photos. Later he was involved in doing pre-press work for other Prisma projects as well as projects of the Sri Aurobindo Ashram Archives. Recently he was working with the Sri Aurobindo Ashram Archives on a new book they are bringing out.

He left for his onward journey on July 7<sup>th</sup> 2024.

- Tue - Fri : 2-5:30
- Sat : 10-12:30, 2-5:30
- Morning by appointment.

## RETROSPECTIVE

WEDNESDAY 6<sup>TH</sup> & FRIDAY 8<sup>TH</sup> AUGUST, CENTRE D'ART

In parallel with John Mandeem's exhibition, retracing Auroville's first 40 years, Centre d'Art would like to dedicate two afternoons to the screening of pictures by Dominique Darr, taken between 1971 and 1974. The images portray Aurovilians of the time, some of which are easily recognizable, while others seem complete strangers to us.

The Dominique Darr Archive would be grateful to receive your help in identifying people from that era, and thus enrich each photo with valuable information.

A first series of images will be screened and commented in Centre d'Art's Multimedia Room on Wednesday, August 6<sup>th</sup> from 4:00 to 5:30pm, and a second series on Friday, August 8<sup>th</sup> at the same time.

It will be a great opportunity to remember the old days and the people who contributed to the birth of Auroville. We look forward to seeing you there.

**Wednesday 6<sup>th</sup> and Friday 8<sup>th</sup> August from 4 to 5:30 pm.**

On the Occasion of the 90th Birthday of His Holiness the Dalai Lama, the Pavilion of Tibetan Culture presents an exhibition on "The Dalai Lama and Auroville – Three Memorable Visits (1973, 1993 & 2009)".

Starting right from the inauguration day in 1968, when soil of Tibet was put into the urn by a young Tibetan girl, continuing in 1971, when the Mother took 12 Tibetan children into the Auroville school and in 1973 when the Dalai Lama spent two days in Auroville and Pondicherry (on January 17, he met the Mother in the Ashram), the exchanges between the community of Auroville and Tibetans have been frequent and regular.

In December 1991, the Pavilion of Tibetan Culture became a unit of Auroville Foundation through a resolution of the Governing Board under Dr Karan Singh and Dr Kapila Vatsyayan, the famous Art and Tibetan scholar. In January 1993, His Holiness agreed to be the Patron of the Pavilion. Later in the year, he came to Auroville to lay the Foundation Stone of the Pavilion and in January 2009, he returned to inaugurate the building.

*I appreciate the development occurring constantly  
I pray this place will be of immense benefit to others.*

## Northern Lights

Feb. 10, 2004

A blue mist hangs above these shores of time,  
I walk in forests redolent of peat  
And onwards to the towering mountains climb,  
A voice of promise calls my homeward feet.

The arches rustle greeting as I pass,  
My close companion the expectant air,  
The sea a mirror made of frozen glass  
A grey expanse, desolate and bare.

The days are lit with a surreal light,  
One moves more slowly now with thoughtful pace  
As if the soul aware that fleeing night  
Shall soon reveal the mystic morning's face

And dawn arrive to burn away all dark,  
The sky ablaze with spark on coloured spark.

*Narad*

Suspended in the air,  
I belong nowhere.

The space gently holds me.  
And I learn to hold space.

## AYURVEDA TIPS FOR RAINY SUMMER

Late summer, with its amount of rains, brings lots of humidity and dampness in the air that affect the body and its Dosha in many different ways: Pitta ferments and shows signs of acidity, bloating, inflammation or strong body odour, lots of stagnation and retention felt in the digestive tract. Emotionally unhealthy Pitta becomes bitter, impatient and frustrated in the mind or the heart. Vata gets cold and makes the joints more painful with an irregular digestion and bowel movements and mind might be imbibed with anxious thoughts, worries or lack of concentration.

We can help ourselves with the following recommendations:

### With the food

- Eat only when hungry and eat the appropriate amount (both hands joined together is the size of the stomach)
- Take a warm, cooked meal with any spices to improve the digestion (eg: ginger, turmeric, black pepper, cumin, coriander, cinnamon, ajwain, basil, garlic etc)
- Eat green leafy vegetables, take light dishes made of mung dal, vegetable soups... all pulses and dal are good when cooked with spices (all spices are good apart from red powder-chilli powder)
- For non-vegetarian, eat white meat or small fishes
- Drink warm water all day long (especially when there's a sore throat)
- Dinner should be light and taken 2 hours before going to bed

- Give energy to the body with cereals and grains such as: amaranth, barley, cooked oats, granola, rice
- Honey is the best sweetener
- Ghee used for cooking and Sesame and Olive oils for dressings
- Chew some neem or Tulsi leaves.

### Some immunity enhancers:

- **Giloy/Guduchi** (Tinospora cordifolia): a very good immune regulator; 1tsp of powder morning and evening in warm water
- **Amalaki (amla)**: full of vitamin C; consumed fresh if available or in powder
- **Turmeric**: Anti-inflammatory, can be used for gargling with warm water and a pinch of salt
- **Tulsi** (Ocimum tenuiflorum/sacrum): for the lungs, fresh leaves in warm water
- **Ashwagandha** (Whitania somnifera): immune regulator and calming the nervous system; 1tsp morning and evening in milk or warm water
- **Ginger – Turmeric – Black pepper powders (Be No1)**: improves digestion and energy, ½ tsp with warm water or lemon juice + honey once or twice a day
- **Tulsi – Cinnamon – Amla – Ginger – Turmeric – Black pepper powders (Be No3)**: as prevention or in case of cold, cough, flu, feverish state, body ache, ½ tsp with a sip of warm water or lemon juice + honey once a day if it's preventive, 3 times a day before food if there are symptoms
- Saffron, aloe vera, licorice herbal infusions
- **Chyavanprash Avaleha**: 1 tsp in the morning with breakfast.

### Special treat for joint pain and inflammation:

- **Shallaki Cream or Oil mixed with Castor Oil (Eranda Tailam)**: massage twice a day the painful joint, it's a painkiller and anti-inflammatory
- **Rosemary Essential Oil**: 1 or 2 drops with the massaging oil and apply locally. It's anti-inflammatory
- **Shallaki Tablets**: for arthritis, muscular pain, joint inflammation
- **Triphala Guggulu Tabs**: to reduce bloating, swelling, inflammatory conditions, 1 or 2 tabs per day before meals (use for short period).

### In the activities, help Pitta and Vata to be centred and grounded:

- Be grounded in the heart or abdomen with Yoga, Pranayama, Meditation, observing the breathing movements in the abdomen, Yoga Nidra, Body Awareness, Qi-Gong, Tai Chi...
- Regular exercise, 30 minutes daily
- Gardening, cultivating, weeding, cooking
- Keep warm, take warm showers, cover your neck from chilled breeze
- Gargling with salty water if sore throat
- Oil pulling with 1 Tbsp of sesame or coconut oil, keep in the mouth for some time, spit it out and rinse the mouth with warm water (can be done early morning or at bedtime after brushing the teeth)
- Nasya: pour 2 drops of sesame oil or Anu Tailam in each nostril once a day
- 4-5 drops of Castor Oil in the belly button followed by slight massage around the umbilicus at bed time
- Fragrances: sandalwood, rose, jasmine.

Let's be all well, happy and healthy.

Be at Santé Clinic
