AUROVILLE IN ELABORATION

THE ASPIRATION TALKS

When asked about recruiting people for Auroville The Mother said:

We don't want any recruitment.

Oct, 1972

Page 90

(From March to July 1970, the Mother met a group of people from Aspiration each week. Some of the meetings were 'a bath of silence', in others she would answer questions. The Mother wanted to revise the texts of these talks before publication, but this did not happen. Here are some extracts edited by the compiler.)

We would like to speak to you about work in Aspiration. What we would like to know, what we are looking for is the right attitude....

What is the trouble?

The trouble is....

Each one pulls in his own direction.

Collective Purity

A very precious achievement, but difficult to obtain. - The Mother

Viburnum plicatum forma plicatum, Caprifoliaceae.

Japanese snowball

The city the earth needs.

Each one pulls in his own direction. No one is really in contact with what is true....

We should take into account that we are starting from the present state of humanity. So you must face all the difficulties; you must find the solution....

But Sweet Mother, you know, several solutions are open to us. For instance, on one hand....

Every man has his own solution, and that is the great difficulty. To be in the truth, each one has his own solution. And yet we must find a way for all these solutions to work together.

(silence)

So the frame-work must be vast, very flexible, and there must be a great goodwill from everyone: that is the first condition—the first individual condition, goodwill, to be flexible enough to do the best thing to be done at each moment.

Page 91

But for example, we are told that factories are needed, that there must be production, and some of us don't feel like doing work in that sense. They would rather do some research that is more....

More inward?

More inward rather than to launch into factories, work, production to make money, etc. That is not what we feel, that is not what we want to do in Aspiration at the moment. We would like to know what you think about it.

(Mother concentrates—long silence)

To be practical, you must first have a very clear vision of your goal, of where you are going. From this point of view, take money for example. An ideal which may be several hundred years ahead of its time, we don't know: money should be a power which belongs to nobody and which should be controlled by the most universal wisdom of the place; on earth, say, by someone who has a vision vast enough to be able to know the needs of the earth and precise enough to be able to tell where the money should go. You understand, we are very far from that, aren't we? For the moment, the gentleman still says, "This is mine", and when he is generous, he says, "I give it to you." That's not it.

A SUMMARY OF EVENTS HAPPENING IN AUROVILLE TODAY

FREDERICK'S VISA IS GRANTED

Frederick was finally granted a visa just days before he was due to leave India. The three year visa is backdated for two years, meaning that it expires next year in July 2026.

LAND EXCHANGES PROPOSED AFFECTING AUROVILLE LANDS IN AURO ANNAM, DJAIMA, ETERNITY, FELICITY AND KUILAPALAYAM MAIN ROAD

The GB has approved several exchanges of highly valuable Auroville land for scattered parcels of land, many in the Greenbelt and some on the outer ring road outside the master plan, as well as some land in the city area. As with the previous exchanges by the current GB, the land evaluations do not favour Auroville.

Reportedly 7.5 acres of Eternity, [estimated](#) over 100 crore rupees, is being proposed for an exchange for 7.3 acres of scattered parcels of land & a building asset with a total estimated value of 15 crore. The private owner benefiting from this exchange is Velmurugan, the son of T. Kannan, the new owner of the 10 acres of AuroOrchard land that was exchanged in 2023. A parcel of city land appearing in the list of land to be acquired in exchange was previously offered for sale to Auroville for much less than the rate assessed in exchange, however AVFO 'Land Service' members reportedly refused to purchase it. Some parcels to be acquired in exchange do not exist (or survey numbers are improperly noted) and other parcels already belong to Auroville, indicating an unprofessional manner, possible corruption and the lack of historic knowledge by employees of the AVFO regarding AV lands.

Regarding Eternity, it is noteworthy that the [Mother herself](#) signed the lease for this land in 1968 and it was then purchased the following year. This disregard is similar to that affecting AuroOrchard, where the Mother's statements regarding AuroOrchard being reserved for organic farming and the keen interest she showed by asking for monthly meetings with Gerard, her steward, were all disregarded by the GB, AVFO and their allies. In 2004, Eternity's live fence and afforestation had arrested much of the Tsunami's devastation, making it an example of how vegetation can help minimise damage.

As well as representing a huge financial loss to Auroville, the proposed exchanges would be an ecological disaster in Eternity and elsewhere in Auroville, where half a century of environmental work, and assets created by Aurovilians would be lost.

In [this video](#) (in Tamil) an activist visits Eternity and highlights the general irregularities of land exchanges, the environmental value, the injustice and potential destruction these are causing Auroville.

Other communities that are being targeted in this latest round of exchanges include Djaima, Auro Annam, Felicity and some land lying on the Kuilapalayam main road. Please see below for a map which gives an overview of the proposed exchanges.

LEGAL UPDATE FROM RA WCOM

The RA WCom shared a legal update via [massbulletin](#) on 2nd August 2025. The case against the Admission and Termination Regulations (published in the Gazette of India in January 2024) was heard in the Madras High Court on 31st July. It was the final hearing. Arguments were heard for both sides, then both parties were requested to make written submissions by the 8th of August. The final verdict will come after that.

The case concerning the Working Committee regulations made by the GB (also published in the Gazette of India in January 2024) was not discussed and will be taken up at a later stage.

The massbulletin stated “These [Working Committee] regulations were stayed ad interim by the Chief Justice of the Madras High Court in February 2024, with in order that was in our favor, and the stay is still in place.

Two other very important cases concerning the Working Committee are still pending in the Madras High Court. These may have an important impact on the function of the RA”.

IIT MADRAS ‘SUSTAINABILITY CAMPUS’ & ANNAPURNA FARM

The press release announced that the GB have signed an MoU with IIT Madras for the establishment of a "Sustainability Campus" on leased Auroville land. This arrangement effectively transfers Auroville land to a government institution for a project that is not part of Auroville's community development. The campus will apparently focus on "global excellence in sustainable technologies" under IIT Madras administration. There has been no official disclosure about the planned location of the campus, however a [subsequent article](#) in The Hindu stated that it will be “on a 106-acre expanse of land in Sedarapet area”.

The only contiguous area of Auroville land of this size in this location is [Annapurna Farm](#), one of the most productive farms in Auroville which has been responsible for pioneering work in sustainable farming techniques. Much of the land at Annapurna was bought during the Mother's lifetime. If this amount of land is given to IIT Madras, this would leave the farm with just 35 acres. There has been no communication from the AVFO or the GB with the Aurovilians who have spent decades running this very productive organic grain and dairy farm.

69TH GB MEETING: LAND EXCHANGES, IIT MADRAS CAMPUS AND CRPF DEPLOYMENT APPROVED

The 69th meeting of the Governing Board of the Auroville Foundation took place on 8th July 2025, at which the GB approved several significant projects without any consultation or approval from the RA. Residents were only made aware that the meeting had taken place after a [press release](#) was shared the day after.

Construction projects that have been approved include:

- Line of Progress project: A 1000-bed residential complex to house 380 individuals in Sector 2 of the Residential Zone, proposed for inclusion under the [Higher Education Financing Agency \(HEFA\) scheme](#).
- Serviteurs Volontaires housing: A 100-bed facility for long-term volunteers and newcomers. Subsequently, an [application announcement](#) shared by the AVFO 'ATDC' on 24th July informed that approval had been given to Jothi Prasad to build a temporary 'prototype' building in [sector 4](#) of the residential zone.
- Security Infrastructure: Construction of a dedicated security complex, including a 'master control room' in Auroville's Southern Service Node.

- NBCC Housing & Retail Complex: A partnership with [NBCC \(India\) Ltd](#) for a residential-commercial project outside the Master Plan area.

The GB also approved proposals for:

- Sri Aurobindo Integral Multiversity: A 1000-student university campus with academic, sports, and residential infrastructure.
- A "Free Progress" school within Auroville under SAIER.
- University-level programs under the Sri Aurobindo International Institute of Educational Research, to be established outside the Master Plan.

Two new Standing Orders were ratified by the GB. If implemented, they will significantly expand its regulatory control: The orders have not yet been shared with the community.

- Code of Conduct for Business Units 2025: This order "streamlines and regulates unit operations," potentially giving the GB greater oversight and control over Auroville's commercial activities and enterprises.
- Framework for Functioning of the Residents' Assembly 2025: This order aims to "ensure clarity and order in community governance." Given the GB's history of attempting to limit the Residents' Assembly's decision-making powers, this framework may further restrict community autonomy and formalize the GB's authority over resident participation.

The GB also approved new status categories including 'Auro Mitra' and 'Auro Hiteshi' for collaborators and well-wishers, and mandated the formation of an 'Elders Committee' composed of long-standing residents, again demonstrating their intention to control who becomes resident of Auroville.

As mentioned above, the GB also approved a "significant land exchange transaction in the prime city area".

CRPF DEPLOYMENT

The GB recorded its prior approval for the deployment of 15 members of the Central Reserve Police Force (CRPF) for a period of five years "to safeguard Auroville's development zones and uphold law and order."

The CRPF is India's largest paramilitary force under the Ministry of Home Affairs, typically deployed for internal security, counter-insurgency operations, and maintaining law and order in sensitive areas. The force is commonly used in conflict zones and areas experiencing civil unrest, for example as part of [anti-Naxal operations](#) in Chhattisgarh.

The deployment of permanent CRPF personnel in Auroville represents a significant escalation in security measures for the township, which has already seen a huge increase in security and surveillance since the takeover began in 2021.

UPSIDE-DOWN CAR TAKEN DOWN

The famous upside down car which was installed at the Transformation turning by members of the Youth Centre around 2008, was taken down without warning on 8th July 2025. It was one of the most photographed sites in Auroville, and was an iconic public art piece created by Auroville youth. It was [removed by a JCB](#) in order to lay cables alongside the Lilaloka-Revelation Radial. In recent years, the car had become a site of protest, as several anonymous artists used the vehicle as a canvas to register their opposition to the actions of the AVFO.

2025

DISCIPLINE LAND GRAB

The Discipline community has lost 2.5 acres of forested land after the AVFO decided not to appeal a court order that awarded the land to private claimants. The land, which has been nurtured by Auroville foresters for over 40 years, was cleared of trees and fenced by encroachers on 7th June 2025.

According to a [timeline](#) compiled by residents, the disputed land was originally purchased by Auroville in 1989 from Vasudeva Kounder for Rs. 51,570. Auroville did not apply for patta transfer however did hold the sale deed as proof of ownership. In 2017, one of the original seller's descendants, Kalyani, allegedly sold the same land to Mr. Ramalingam for Rs. 5,00,000, leading to a court case which ran for several years.

On 22nd January 2025, the First District Court ordered that the land belonged to Ramalingam. On 20th March, Ramalingam sold the land to Mr. Anabalagan from Edayanchavadi for Rs. 20,08,000. Between January and May, despite Mr. Anabalagan reportedly informing the AVFO of the court order and seeking their support for peaceful possession, the AVFO took no action.

In May, Mr. Anabalagan and associates arrived at the Discipline forest three separate times, breaking the fence with a JCB and claiming ownership of the 2.5-acre plot. Residents intervened to stop the encroachment on each occasion, but received no assistance from the AVFO. Only Mr. Balasubramaniam from the AVFO visited the site once during this period.

On 4th June, Sindhuja, writing in her capacity as AVFO Legal Coordinator, sent [an email](#) to the AVFO 'FAMC', 'Land Service', and the OSD Dr. Seetharaman, stating that "it has been decided that no appeal will be filed in this matter." The email also requested that "no action should be taken on the property" and that parties should not "attempt any fencing, enter the land, or engage in any form of ground-level dispute" until the final decree is issued.

Three days later, on 7th June, land grabbers began clearing the forested land, removing 960 trees and constructing a fence around the claimed area. They also removed wood from the land, which may constitute theft of Auroville property.

The incident follows a pattern similar to the ongoing Evergreen land dispute involving PKS, where valuable Auroville land developed over decades has not been adequately defended by the AVFO. The failure to protect Discipline land represents both significant financial loss and raises questions about the AVFO's approach to safeguarding Auroville's assets.

The case highlights the vulnerability of Auroville lands where documentation issues exist, and the consequences when legal challenges are not properly contested. The Discipline land had been used for reforestation efforts and was part of Auroville's green belt development.

Residents have expressed concern about the AVFO's decision not to appeal the court order and the subsequent loss of land that has been under Auroville's stewardship for decades.

SOIL MOVEMENT FROM MATRIMANDIR QUESTIONED BY TEHSILDAR

The [Tehsildar](#) has intervened and impounded a vehicle carrying soil for the second time, due to unauthorised soil movements from the Matrimandir. After observing trucks regularly transporting soil outside the township, an Auroville resident approached the Tehsildar's office to file a report. The Tehsildar promised to visit Auroville to investigate the matter personally. During the Tehsildar's visit on June 27th to the Visitors Centre checkpoint, a truck carrying soil from inside Auroville was observed leaving the township. The resident stopped the vehicle and requested authorisation for the soil movement. The truck driver then showed a [gate pass](#) from Matrimandir authorising the movement of 200 lorry loads of soil, however a gate pass alone does not qualify as proper permission as that should be given by the Tehsildar.

A similar incident occurred in March of this year. At that time, the Collector had clearly instructed the Matrimandir team that soil could not be moved without proper permissions.

During the Tehsildar's questioning at the most recent incident, Mr. Anbalagan from Edayanchavadi, who recently claimed 2.5 acres of Auroville land in Discipline (see above for more information), arrived and demanded the immediate release of the truck, claiming he had only rented the vehicle to Auroville. The Tehsildar refused this request and called the police to the scene, who subsequently impounded the truck along with the soil, taking it to the Auroville Police Station. An investigation is currently underway.

JASMIN & ARAVINDA'S HOUSE MOVE

With the assistance of a group of community members, Jasmin and Aravinda from Auro Orchard have moved their house. The house was shifted 35 meters away from its original location.

https://www.youtube.com/watch?v=G2EhXtr_e-g

This technical feat was necessitated by a AVFO land exchange in 2023, when they exchanged 10 acres of contiguous Auro Orchard land for several scattered plots of land inside the Master Plan area. At the time, the AVFO 'WCom' [claimed that](#) it was "clear that no house [is] being taken away, nor the coconut tope, nor any cultivated land," and dismissed Auro Orchard's pleas not to exchange the land as "hyped fake news". In fact all these areas and more were part of the exchange.

The financial loss to Auroville has been estimated at almost 100 crores but the greater loss has been that of vital and irreplaceable community agricultural assets. Access to the Ganesh temple has also been lost; despite verbal assurances from the new owner that access would be maintained, a lockable gate has now been installed. The Mother herself gave assurances when the land was purchased for Auroville that the temple would be maintained and kept open for people to come and worship.

Jasmin, Aravinda and the Auro Orchard community have never been given any support, financial or otherwise, from the AVFO and their 'working groups', however the wider community collective has provided ongoing support and assistance during this time, which enabled the house shift to happen.

ANNAPURNA FARM - WHAT CAN YOU DO TO HELP?

THE STORY SO FAR...

There have been articles in the press for several months, stating that the Auroville Governing Board (GB), and the Office of the Secretary (also known as Auroville Foundation Office - AVFO), have signed an MoU to lease 100 acres of Auroville's land to IIT (Indian Institute of Technologies) Madras for a "sustainability campus", which would include a "world class zero-emission test track for electric trucks".

The focus had recently been on Aurobrindavan, where the stewards had received several visits from the AVFO & their 'working group' members, who had stated the intention to hand over the land to IIT Madras. However, after a land assessment it was deemed that Aurobrindavan was not suitable for IIT Madras's purposes.

Without any formal notification from the AVFO or its 'working groups', the stewards of Annapurna [read in The Hindu](#) on 25th July that "Auroville and IIT-Madras are looking to fast-track the project to establish a state-of-the-art sustainability campus on a 106-acre expanse of land in Sedarapet area". As Annapurna Farm is located on the only Auroville land of that size in that area, stewards guessed the plan was to take over the farm's land. Only on 13th August were the stewards officially informed of the plan, via a [brief email](#) from the AVFO 'ATDC', that stated that "It has been decided" to give the farm's land to IIT Madras. That this could be done in the name of 'sustainability' seems painfully ironic.

HOW CAN YOU HELP?

- Sign the petition: Almost as soon as the news began to circulate, a friend of Auroville started a change.org petition calling for a halt. So far, this petition has received 4000 signatures. Please find the petition [linked here](#).

Please sign the petition if you have not already done so & share it widely with all your contacts.

- Email IIT Madras: An email template that you may use to contact individuals currently at IIT Madras as well as associates, and alumni. You are welcome to change wording, but please do not change facts and dates. Please find the template and useful email IDs [linked here](#).

Use your voice to object to this destruction, write to the people who can stop this from happening.

- Learn about Annapurna Farm: A factsheet about Annapurna Farm has been created and can be [found here](#).

Circulate this factsheet widely, so that the true information about this precious farmland can be shared.

DEBUNKING LIES AND MISINFORMATION

There is a lot of misinformation and bad faith arguments being circulated by the GB (i.e. Board member Goutam Ghosal), the AVFO and the residents who work for them. Lies such as:

- "Annapurna's effective cultivation is ~30 acres": Please see below for a map of Annapurna's actual land use, which includes: Paddy 20 acres, pulses 3.5 acres, fodder 25 acres, orchards 6.75 acres, forest buffers 38 acres, infrastructure/water 14.5 acres, grazing/other 30.75 acres. Please note that the portion in yellow on the map is where the stewards were originally told that they would have to shift the farm's operations, now they have been instructed to move to a farm inside the Master Plan area - disregarding the work of decades at Annapurna Farm, which includes soil regeneration, infrastructure building, creation of water harvesting systems and the nurture of biodiverse ecosystems.

- "Auroville can 'consolidate' its farms inside the Master Plan area, to reduce food miles". This is just completely unrealistic. There is not enough contiguous Auroville land inside the Master Plan area, the soil quality is not good enough, nor does it hold the organic certifications that Annapurna has been awarded. Empty promises and bad faith arguments about 'land consolidation' and 'food miles' - as if 10 km is any real distance when it comes to food supply chains - will not change these facts. If the AVFO wants to set up new farms inside the Master Plan then they should do so (although they have already tried and failed twice, with Unity & Gratitude Farms).
- Moving the farm into the Master Plan area is "consistent with the Mother's original intentions": The first lands for Annapurna Farm were purchased in the Mother's lifetime, in 1967. It was her plan for these lands to be used for farming for Auroville. At that time nobody could imagine agriculture on the dryland plateau, from the beginning it was understood that it would be better to set up a farm where soil would be suitable for irrigated crop cultivation.

Please, help where you can by carrying out the actions listed above. Annapurna Farm is too precious for the food security of Auroville to be destroyed.

A Brief History of Auroville (1964-2007)

By Gilles Guigan

DRAFT

Version 28th August 2025

Foreword:

Having produced a chronological compilation of Mother's words on Auroville (in 2 volumes), in English (published in 2018), then in French¹ (published in 2025), and having compiled chronologically even more of Mother's words and added as much of their context as I could,² it is now becoming possible for historians to write proper histories of Auroville – which is something very different from chronological compilations.

DEAR INDIAN BROTHERS AND SISTERS,

"Let's wake up!
Let's raise our voices for our rights!
Let's uplift Auroville!"

For the past few years, we have been observing the administration of Auroville with the hope of change, but many of us haven't been satisfied with the progress. We've been patient, hoping things would improve. However, today, even basic human rights (freedom of speech, expression, and gathering together to discuss important things) are being denied.

As citizens of India, the time has come for us to come together and raise our voices. Efforts are already underway. Your contribution is crucial - your physical presence.

Please lend a helping hand.

Thank you 🙏🙏🙏

ஆரோவில்லை மேம்படுத்துவோம் என்று கடந்த சில ஆண்டுகளாக நடந்து வரும் வேலைகள் நம்மில் பெரும்பாலோருக்குத் திருப்தி அளிக்காதிருந்தன. ஆனாலும் பொறுத்திருந்து பார்க்கலாம் என நினைத்துக் காத்திருந்தோம். ஆனால் இன்றோ ஒரு தனிமனிதனின் அடிப்படை உரிமைகளும் (பேச்சு சுதந்திரம், கருத்தைத் தெரிவிப்பது, கூடிக் கலந்து ஆலோசிப்பது) கூட மறுக்கப்படுகின்றன.

ஆகவே, இந்திய மண்ணின் மக்களாகிய நாம் ஒன்றாகக் கூடி குரல் எழுப்ப வேண்டிய நேரம் வந்து விட்டது. அதற்கான முயற்சிகள் எடுக்கப்பட்டு விட்டன. இதில் உங்களுடைய பங்கு என்னவென்றால், உங்களின் நேரடியான வருகையே (physical presence). தயவு செய்து உதவிக்கரம் நீட்டுங்கள்.

SHAM SUSTAINABILITY AT IIT-M

IIT Madras is trying to set up a sustainability centre. They have signed an agreement with the trustees of Auroville to take over 100 acres of regenerated fertile farmland for creating a track to test EV trucks. Let us assess this project's potential to increase sustainability or decrease it.

Using sustainability criteria we find that this project fails on every count except one.

Will financial savviness overpower the spirit of regeneration?

SUSTAINABILITY GAMES BLOCK THE REAL WORK OF REGENERATION

Sustainability now has become a word that the intelligent and the powerful manipulate to advance their own interests. It is used for greenwashing, token gestures, and to make money. The money that is made, considering we are inside the throat of extinction, has to be fool's gold.

The wise ignore the word sustainability. For them living sustainably does not depict the life of the human. That life is a joyful dance, connecting with all and nurturing all. All.

The real work is regeneration. The work of regeneration is not just about regenerating land, it is about regenerating our society, our local and global environment, and the human spirit.

This is Sri Aurobindo's fifth dream shared on the day of India's independence: Evolution into higher consciousness.

Auroville is one regenerator experimenting in many areas, posting successes and failures, all of which deserves a closer scrutiny.

None of which should be measured by bean-counters trained under the umbrella of the GDP.

The GDP measures how much a country has sold its soul.

Can anyone see a situation where GDP worshippers (who by default are worshippers of wealth) become the board of trustees of a regenerative non-profit? Can they assess the situation properly? Can they advise?

The universe should also be wanting a new world manifest, and will protect regenerators.

WHERE ARE WE NOW?

Going beyond the clinging mental-vital-emotional myopia of the transitional human being, still unfortunately widespread on Earth and also here in the Avatar's Auroville, I posited to Gemini the question. Here's the transcript of our Q&A, recommended for the wide open-minded solution-oriented future-looking, as in the first necessity of **To Be a True Aurovilian**:

"The first necessity is the inner discovery in order to know what one truly is behind social, moral, cultural, racial and hereditary appearances. At the centre there is a being free, vast and knowing, who awaits our discovery and who ought to become the active centre of our being and our life in Auroville."

TAOXICHUAN ART CENTER, JINGDEZHEN, CHINA

Dear **community** members,

I'm Bhavyo. Some of you may know me as an art teacher at Last School and a young artist exploring painting, photography, and now ceramics. I've been invited to a 90-day Artist-in-Residence program at Taoxichuan Art Center, Jingdezhen, China! An amazing opportunity to grow and offer the best of my art.

The residency is partially funded, but I need help covering the cost of shipping my large ceramic works back to Auroville. Any contribution, big or small, will make a difference.

AUROVILLE DOG SHELTER

MONSOON IS APPROACHING - WE NEED YOUR HELP!

As the monsoon season approaches, the Auroville Dog Shelter is once again facing a critical challenge. For over three years, the shelter has been hoping to build and move to a new, more suitable facility.

However, nothing has happened in all this time, leaving the shelter and our dogs in the original "mudhole" location, which is breaking down more and more every day. We don't know how to get through yet another monsoon season.

The shelter is dealing with several difficulties, including the cessation of crowdfunding in Auroville, we still only receive ₹50,000 per month in funding from Auroville. This has forced the shelter to let go of many staff members, and we are operating with a minimum staff, and had to temporarily pause vital community services like our annual 1,000-dog sterilization project and rabies prevention to keep Auroville and its residents and thousands of visitors safe.

The shelter is still facing continuous attacks, including orchestrated mob actions and coercion of our workers to leave. To this date, Arthur still has not received his visa recommendation letter. However, thanks to your support, along with our partner organizations and wonderful animal-loving individuals, we continue to stand strong in our commitment to serve the AV Community and ensure all animals are cared for.

Please donate!

The shelter is in urgent need of materials to prepare for the upcoming monsoon. The current facility lacks a proper water drainage system, which has led to severe flooding in previous years, with water levels reaching dangerous

heights. We are seeking **donations of building materials**, including:

- Large plastic sheets
- Metal pipes
- Bricks and floor tiles, cement, sand
- Cloth, rice are best deposited in the donation barrel in front of Pour Tous.

Our shelter is also looking for forever homes for some of its dogs. Due to our limited resources, we must reduce the number of dogs in our care. This includes healthy rescued dogs and teenage puppies who have yet to be adopted, which will be released in the coming days. If you are able to adopt, please contact us directly. Many adorable dogs are available and waiting for a family.

- **Donate Materials:** If you have any of the materials listed above, please contact Arthur at **8122225266** only via WhatsApp message or email aurovilledogshelter@auroville.org.in.
- **Donate Financially:** You can contribute to FS 251391 or visit www.aurovilledogshelter.com for more donation options.

Auroville needs its dog shelter! Please support us in our ongoing efforts to provide services to the AV Community and get all dogs safely through the upcoming monsoon time!

VOLUNTEERS NEEDED TO SPEND TIME WITH MARY

Dear Aurovilians,

We are looking for volunteers who can spend about an hour a day with Mary (former Transition School teacher). The idea is to visit her at her home in Invocation in the late afternoon or early evening to keep her company — whether by playing cards, going for short walks, or simply spending time together.

Former students are especially welcome, though this is not required. What matters most is consistency in timing and frequency.

If you're interested, please contact Vikas at Vikas.k.kapur@gmail.com or on WhatsApp at +1-530-933-4682.

Thank you,
Akash and Vikas

REGULAR CLASSES:

Hatha Yoga with Ramesh - first class restarts on Monday 4th August (see poster below)

- **Monday and Thursday from 5:30 - 6:30pm**

Ramesh offers hatha yoga classes with some vinyasa flow and include pranayama, traditional sanskrit mantra chanting, and meditation. The style is gentle, adaptive and progressive where passive, gravity-assisted poses are mingled with dynamic vinyasa-style flow as needed. He places a lot of focus on breathing and body-mindfulness during the practice. It is ideal for beginners to intermediate-level practitioners. You will be exposed to authentic Sanskrit terms and their correct pronunciation. The practice will be rejuvenative and restorative. These specific classes will be on donation basis even for guests.

Traditional Sanskrit Mantras with Sonia

- **Friday from 5 - 6pm (Regular students only)**

In the recitation of Sanskrit Mantras the sound is very important, and the specific pitches and strict rules of intonation and syllabic length should be learned according with the tradition of the great masters of the past, who figured out how to use the voice to calm the mind and attune the practitioner to the more subtle levels of the "sadhana" or spiritual path. Through the harmonic rhythm, repetition and participation in the singing, the mind reaches more clarity, concentration and tranquility.

EMBODIED MEMORIES OF AUROVILLE

Hello,

I am Fabrice Nicot, a French theater director and teacher associated with the Grotowski Wroclaw Institute in Poland (<https://scenes-monde.univ-paris8.fr/fabrice-nicot>).

I proposed a workshop in Auroville last May and I was very happy with the work. This gave me the idea to propose a new project on the "Embodied Memories of Auroville": a work on the founding texts of Auroville and the personal stories of Aurovilians using a method of voice, the organic body, and their memories inspired by Jerzy Grotowski (Polish director and teacher 1933-1999).

I will be in Auroville from August 11th to 31st.

We will continue the work with some previous participants, but if other Aurovilians would like to join us, that would be great. The ideal would be a daily 2/3-hours group session (times would depend on the group's availability) to acquire a minimum of technique, and individual meetings with each of you (private lessons) according to your availability to work on your personal materials (texts, stories, etc.).

To make the best of the time spent together, you need to learn a text that deeply resonates with you by heart.

Feel free to spread the word.

For enquiries, contact

Warmly, *Fabrice*

CULTURAL ANNOUNCEMENTS

5TH - 24TH SEPTEMBER, CENTRE D'ART

5-24 Sept 2025
TUE to FRI 2-5.30 SAT 10-12.30, 2-5.30
Morning by appointment

centredart@auroville.org.in

Opening on Friday 5th September at 4:30pm

"My paintings are filled with people, simple folks yet very colorful beings, who are only bothered in the moment but also celebrating the small gifts from nature and god, in every fleeting moment.

I live near the sea and hence my paintings usually describe small hamlets near the sea or the fishing villages. I use bold colours, mainly the vivid yellows, whites, blues, reds and oranges to fill the people. I try to blend the harmony between man and nature in all my works.

I am a loner, working in my home cum studio, recalling all the images from my cultural space. I do not have knowledge on theories or the different school of thoughts, but my work, as critics say, is original and instinctive.

I feel motivated when people find joy in my paintings and I recreate the same theme in a hundred different ways, the girl kissing a cat, or chasing geese or the fisherwoman and the fish all merging together to make a small world. The world around me, the world I believe in."

THE SILKEN BRAID PERFORMED BY ARJUN CHANDRAN

SATURDAY 30TH AUGUST, CRIPA

The Silken Braid is a musical performance piece that ties together stories lived and uncovered along the travels of an unaligned musician across the landscape of modern India.

The stories are set to pieces of music that were composed during these journeys, reflecting the cultural norms of the towns and villages that they were created in, and they uncover the movement of sounds, stories and ideas that traveled into India along the Ancient Silk Road. The Silken Braid weaves together tales of historical and mythical figures with the everyday experiences and

and encounters of common folk, as experienced by an itinerant musician in search of a culture to call his own.

Black Snake

Dec. 2, 2005

I remember the snake I met
When raking in the woods.
He was shiny and black,
All friendliness.
He slithered by my shoes
As I built a pile of leaves,
Then a burst of speed
In a body without hands or feet
Elegance and movement built on grace,
And he was under the pile.
He was probably hungry.
I moved up the hill,
Raking as I went
And he came slowly behind me,
By my side again
Then under the next pile.
The boys who helped me that day
Came from Mexico.
They killed every snake they saw,
But not this one or any in my yard.
I never kill snakes.
Think of the beauty they hold within,
The tongue that smells the prey,
The stillness and the sudden burst of speed.
He followed me most of the afternoon,
Of beetles and crickets and worms
I believe he ate his fill.
When he left I lightly touched his tail
With the end of my rake.
He reared his head, a hollow threat,
As if to say, 'Don't touch!'
I apologized for my thoughtlessness
And thanked him for his gift,
For giving me delight in moving things,
His stillness and companionship
As the day drew down to dark.
We have done such harm to the giving earth
And to the creatures of the earth,
And still they bless us.

Narad

AYURVEDA TIPS FOR RAINY SUMMER

Late summer, with its amount of rains, brings lots of humidity and dampness in the air that affect the body and its Dosha in many different ways: Pitta ferments and shows signs of acidity, bloating, inflammation or strong body odour, lots of stagnation and retention felt in the digestive tract. Emotionally unhealthy Pitta becomes bitter, impatient and frustrated in the mind or the heart. Vata gets cold and makes the joints more painful with an irregular digestion and bowel movements and mind might be imbibed with anxious thoughts, worries or lack of concentration.

We can help ourselves with the following recommendations:

With the food

- Eat only when hungry and eat the appropriate amount (both hands joined together is the size of the stomach)
- Take a warm, cooked meal with any spices to improve the digestion (eg: ginger, turmeric, black pepper, cumin, coriander, cinnamon, ajwain, basil, garlic etc)
- Eat green leafy vegetables, take light dishes made of mung dal, vegetable soups... all pulses and dal are good when cooked with spices (all spices are good apart from red powder-chilli powder)
- For non-vegetarian, eat white meat or small fishes
- Drink warm water all day long (especially when there's a sore throat)
- Dinner should be light and taken 2 hours before going to bed

- Give energy to the body with cereals and grains such as: amaranth, barley, cooked oats, granola, rice
- Honey is the best sweetener
- Ghee used for cooking and Sesame and Olive oils for dressings
- Chew some neem or Tulsi leaves.

Some immunity enhancers:

- **Giloy/Guduchi** (*Tinospora cordifolia*): a very good immune regulator; 1tsp of powder morning and evening in warm water
- **Amalaki (amla)**: full of vitamin C; consumed fresh if available or in powder
- **Turmeric**: Anti-inflammatory, can be used for gargling with warm water and a pinch of salt
- **Tulsi** (*Ocimum tenuiflorum/sacrum*): for the lungs, fresh leaves in warm water
- **Ashwagandha** (*Whitania somnifera*): immune regulator and calming the nervous system; 1tsp morning and evening in milk or warm water
- **Ginger – Turmeric – Black pepper powders (Be No1)**: improves digestion and energy, ½ tsp with warm water or lemon juice + honey once or twice a day
- **Tulsi – Cinnamon – Amla – Ginger – Turmeric – Black pepper powders (Be No3)**: as prevention or in case of cold, cough, flu, feverish state, body ache, ½ tsp with a sip of warm water or lemon juice + honey once a day if it's preventive, 3 times a day before food if there are symptoms
- Saffron, aloe vera, licorice herbal infusions
